

# Time of Dinosaurs

This is a souvenir sheet from Australia with dinosaurs that have been found there.

Some of my stamps are used stamps. They have cancellations on them that show they have been used in the mail. Some of them are new stamps. They are mint and have not been used in the mail. My stamps are all from different countries.

I have sorted my dinosaur stamps into these groups:

## Herbivores

- Plate and Armoured Dinosaurs
- Horned Dinosaurs
- Long Neck Dinosaurs

## Carnivores

- With Sails
- Others

## Flying Reptiles

## Water Reptiles

## Dinos of Canada

## Souvenir Sheet
