

THE FLAG POLE

The Newsletter of the BNAPS Flag Cancel Study Group

Volume 9 Number 1, September 1995

Editor: Robert K. Thorne, 6 Milford Crescent, Brampton, Ont. L6S 3E4

Chairman: John Robertson, 10 Pergola Road, Rexdale, Ont. M9W 5K5

CHAIRMAN'S MESSAGE

This is being written before BNAPS '95 so I hope you all had a good weekend and took time to see our one Frame Flag Exhibit.

As you probably know our Flag Cover exchange through Bob and myself was not a success, so we have shelved that idea and instead propose the following.

We will have a "For Sale" page in the Flag Pole. Members can send in priced lists with flags for sale and hopefully that will generate some interest. Your input would be appreciated.

EDITOR'S REMARKS

This edition of the Flag Pole should be in your hands on schedule. I hope I will be able to be more regular with further issues.

I wish to appologize to David Sessions for my errors in retyping his article for the last issue. I will print a correction in the next Flag Pole.

This issue is dedicated to non-machine flags so it is a new direction for the group. Please send in any updates and unlisted items.

Welcome to new members

- 65. Mark Khachadorian, 5117 Slylark Dr., Birmingham, AL 35242
- 66. James Watkins, P.O. Box 351 Long Beach, MS 39560-0351
- 67. Peter Bahaviolos, 883 Davenport Rd., Toronto, ON M6G 2B4
- 68. Kevin John Cabbage, P.O. Box 68, Alta Loma, CA 91701-0068

I hope there is something in this issue that will prompt you to send John or I a note.

FLAG HAND-STAMPS AND FLAG-LIKE CANCELS

Richardson devotes Chapter 3 of the Handbook to 'The HAND-STAMPS'. He also mentions the flag-like cancels in the forward. In the past few months a couple of members have sent covers with this type of cancellation. Other examples have been sent by many members in the past. Also the editor has looked around for some of these.

The following is a listing of the items found. Other cancellations exist. Please send in a copy of any examples that are not in this listing and we will include in future listings.

Numbering is by the year in which they first appear and then sub-numbering along the format established by Richardson. Dates are those seen by the editor. Copies of dates expanding periods of use should be sent to the editor for inclusion in further listings.

I realise there are proof impression dates and late date of use based on the slogan text wording. These may well be accurate in most cases. However; in keeping with the Flag group tradition we report only impressions seen by the writer.

 To commemorate Canada Day.
 The Canadian Flag.

THE LAST PAGE

These are a few other FLAGS that were considered for this listing but were rejected since we are a Canadian Cancellation Study Group we did not include items such as 'COMPEX 75' from the USA but incorporating the Canadian Flag.

We also did not include meters although some are very attractive especially the Embassy ones.

Also not included are flags flying over buildings.
