

THE KLÜSSENDORFER

Newsletter of the BNAPS Canadian Klüssendorf Study Group

Issue Number 17

December 1992

Coordinator: Allan L. Steinhart, 35 Church St., Suite 305, Toronto, Ont. M4E 1T3. Phone: 416-362-8257.
Editor: Gray Scrimgeour, #570 - 188 Douglas Street, Victoria, B.C., V8V 2P1.

There's been quite a delay in publishing this newsletter, as I'm sure you all have noticed. No, it's not because you haven't paid your dues. The reason has been a very busy spring and summer, moving to Beautiful British Columbia. To top it off, just after getting settled in our new home in Victoria, I had to return to Toronto for two final months of work - then it's early retirement time. Allan has been quietly collecting K data, though, and there'll be lots of material for this issue. I'll type as much as I can and try and make this a super-interesting issue. I hope I'll have laser-printing facilities again in future. For now, it'll have to be back to the dot-matrix printer.

New K Towns

There have been three new towns reported since our last issue. The three new Klüssendorf cancels brought into use by Canada Post are:

ST-ELIE-D'ORFORD, PQ - early report is June 16/92 (R. Meek) Blank timemark
SAINTE-MARIE, PQ - early reports are Aug. 26 and 27/92 (A. Steinhart and R. Meek) - Blank timemark
GRAND FALLS-WINDSOR, NF (a merger of two older Klüssendorfs) - early report is 12 XI 1992-17 (A.S.)

Naturally, we'd like as much pertinent information about these new cancels as we can get.

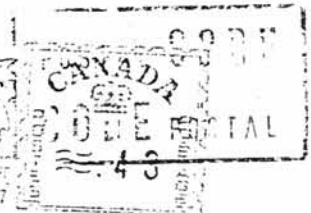

Here are some pictures of the new postmarks. Thanks to Father Walker for the Sainte-Marie xerox, dated 21 X 1992 BL. The St-Elie-D'Orford strike is dated 28 VII 1992. The Grand Falls-Windsor, NF is the early strike, 12 XI 1992-17.

26 VIII 1992-

04 XI 1992

And here are a few pages that I've had prepared for quite some time.

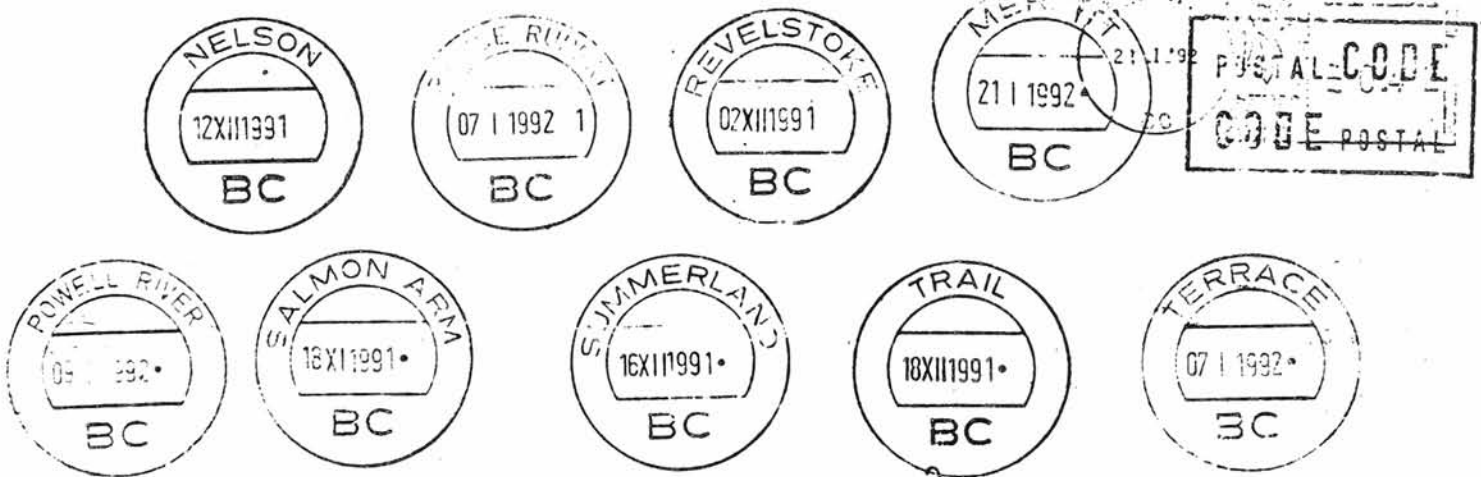

B.C. Report. Bill Robinson has sent a report of the changes in timemarks, mostly in January 1992. Mev Wells sent a few recent B.C. K postmarks, also. Here are Bill's listings:

FORT ST. JOHN, BC	08 XI 1991 .	New timemark; slogan
KITIMAT, BC	09 I 1992 .	New TM
MERRITT, BC	06 I 1992 .	New TM; earliest date seen is 06 I - still same on 21 I
MISSION, BC	11 I 1992 ≡2	New TM
OLIVER, BC	10 I 1992 1	New TM
PORT HARDY, BC	21 XII 1992 ≡	New TM and error; should be 21 or 22 XII 1991 (40 cents by meter on envelope; dated 22 XI '91)
PORT HARDY, BC	21 XII 1991 .	New TM (correction of error, or before error? kgs)
PORT HARDY, BC	10 I 1992 ≡1	New TM
POWELL RIVER, BC	09 I 1992 .	New TM; dot
PRINCE RUPERT, BC	08 I 1992 1	New TM
SUMMERLAND, B.C.	07 I 1992 ≡1	New timemark
TERRACE, BC	07 I 1992 .	New TM; dot

Notice the use in the meter of the Alaska Highway slogan on this cover from FORT ST. JOHN, so that there are 2 slogans on the one cover (the K, and the meter):

And here are some late 1991 clear dates from B.C., and some new TMs:

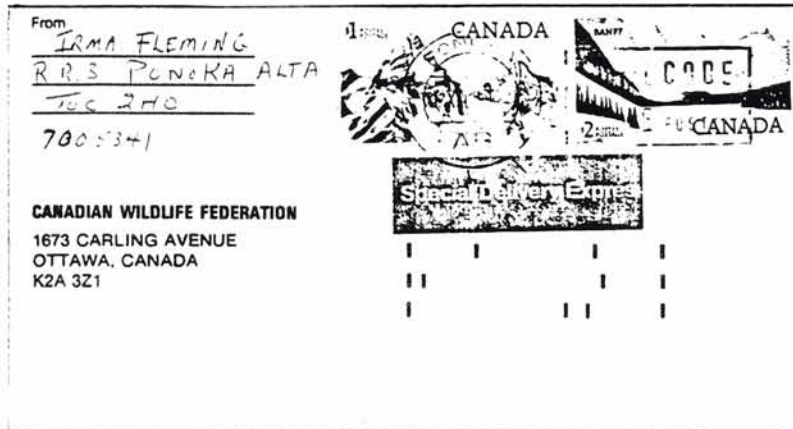

A report from Barrie - Dave Hanes passed along this information at PHILEX:

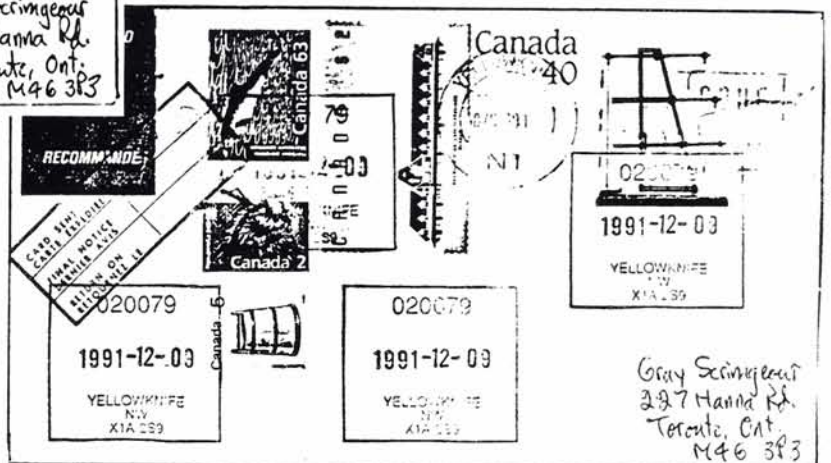

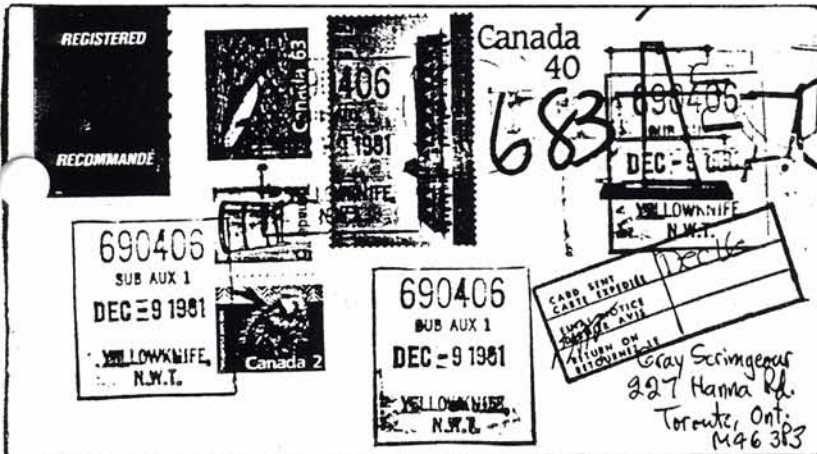

BRADFORD, ON	02 I 199 .2	Error for 02 I 1992 .2
MIDLAND, ON		Has a new timemark for 1992 (≡1). Dave had seen only one strike then.
COLLINGWOOD, ON		Still in use in 1992, with TM 17
ALLISTON, ON		Also still in use in 1992; using TM 16

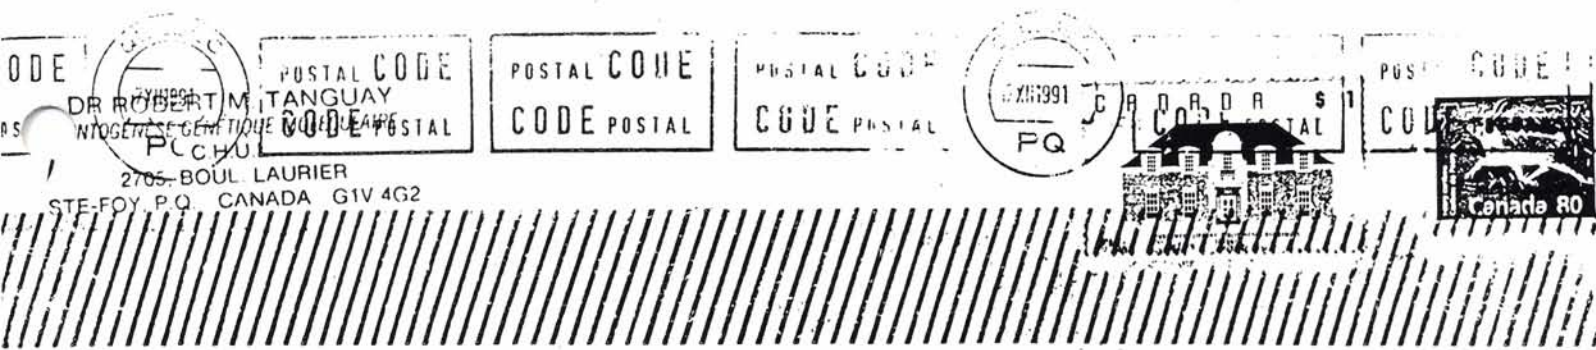

Special delivery covers with K cancels are not too common. Here's one mailed at PONOKA, AB dated 16 XI 1988 BL

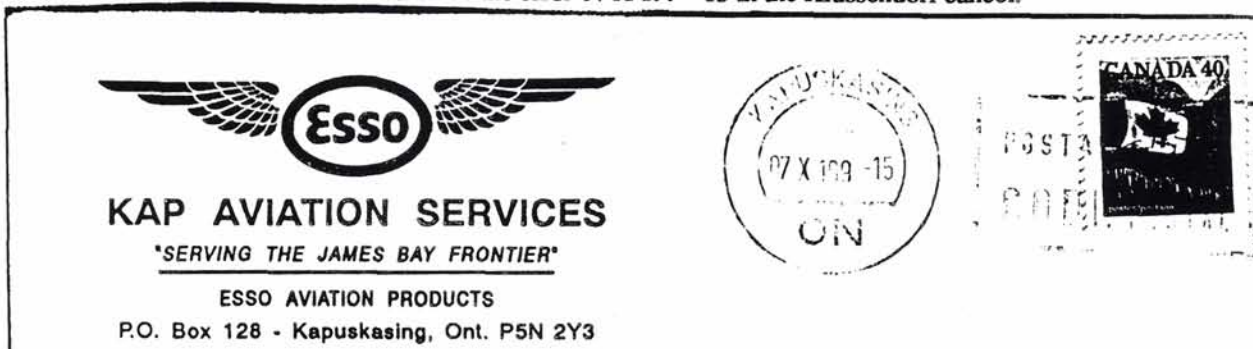

Registered K covers are not common, either. Here is a pair of them, sent to me by Kevin O'Reilly in Yellowknife. One is for the last day of the Suboffice 1 in Yellowknife, December 9, 1991. Believe me, the K cancel for YELLOWKNIFE is there (10 XII 1991 =). The other cover is from the first day (opening) of a new REPO (retail postal outlet) - same dates as the other registered cover. Would you believe that I received them a week apart?

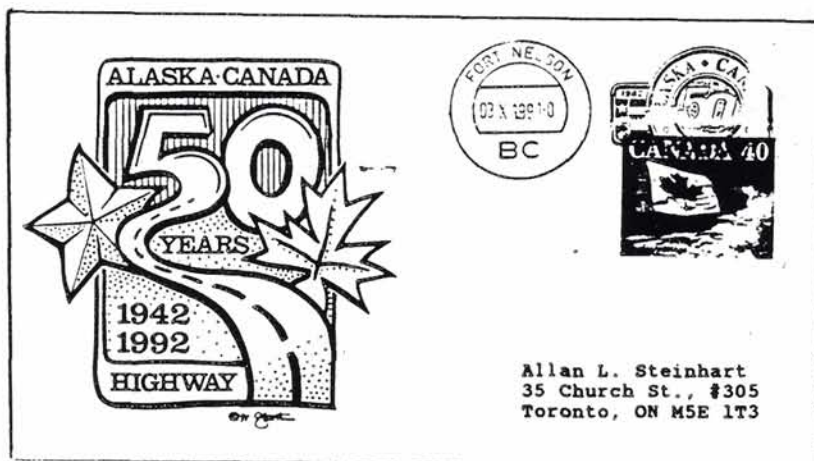

And the second QUEBEC K machine was still going strong on 17 XII 1991 BL

This cover with a KAPUSKASING corner card has the error 07 X 199 - 15 in the Klüssendorf cancel.

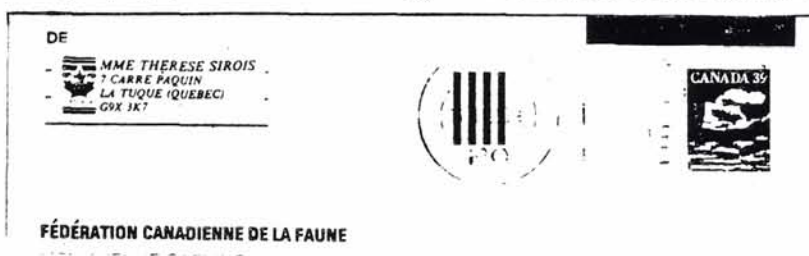

Jeff Switt has prepared cacheted covers to commemorate the Alaska Highway anniversary. Here's an example, used at FORT NELSON, BC on 03 X 1991-0.

While I'm illustrating a few covers, here are several interesting items from PHILEX. The first is a card that was mailed at SMITHERS, BC on 31 V 1988-00, to Brockville. Somehow, it was marked with an incorrect bar code. The next mark is a machine cancel L4W 1T0 on 3 VI 1988, and the final mark is a cds at BARRY'S BAY, ON on 7 VI 1988. There's no indication when it got to Brockville. The second is a double K strike at LA PRAIRIE, PQ. The dates of the cancels are 16 VI 1989-18 and 21 VI 1989-18.

Another K item is from LA TUQUE, PQ (no town name showing) - with a nice return address. The date is 16 III 1990.

Yellowknife, NT summary. Kevin O'Reilly has sent a list of indicia and varieties for the YELLOWKNIFE machine:

We'll get back to the long list in the next issue (to be typed right after this one). Next, here's some news sent in.

ALTONA, MB. Beverlie Clark has reported six covers from Altona, Manitoba that extend the error in August 1991 from: 9-18 VIII 1992-17 error for 1991 (previous listing typed this afternoon was 15-18).

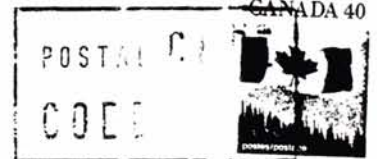

CAMPBELL RIVER, BC. Randy Koenig has sent this nic photocopy of the Campbell River error. It is dated 13 II 2003 .1 (instead of 1992). Note that the postage is incorrect on the envelope, too. The error can be dated by the receiving stamp.

Bruce Murduck sent information on his accumulation of covers with the PERTH, ON Come on Home/175th Anniversary slogan.

LKU of POSTAL CODE killer 29 V 1991 BL

EKU of the slogan 3 VI 1991 BL

See dates of slogan to 22 VII 1991 BL

Bruce also sent photocopies of a BRIGHTON, ON error of 16 IX 1992 9, and the normal 23 VII 1991 08. The error envelope was presumed to have been postmarked on 16 VII 1991.

Bruce also sent a copy of the WHITEHORSE, YT Alaska Highway slogan with an incomplete date impression. It is dated 28 VI 1991, but the year wheel has rolled.

Bruce reports that GANANOQUE local mail includes Kingston and is cancelled with the K. All other mail is processed in Ottawa. Mail from PICTON, TRENTON, COBOURG, and PORT HOPE is trucked to Toronto's L4W 1T0 postal plant and is processed there in a Toshiba machine.

B.C. Klüssendorfs. Bill Robinson reports the following:

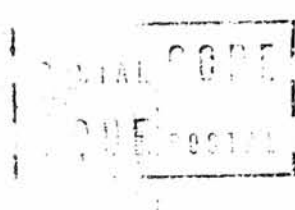

MISSION, BC New timemark seen with cover dated 14 VII 1992 0 (TM 0)

OLIVER, BC New timemark of 1 seen on 10 IV 1992 1 cover.

PRINCETON, BC New timemark (.1) on a cover dated 20 VIII 1992.1

OSOYOOS, BC Also has a new TM of .0 as seen on cover dated 14 IX 1992 .0; meter on the cover is dated 14 VIII '92, so one of them is an error.

TERRACE, BC Timemark .1 used on 10 IX 1993 error (for 1992). On 03 IX 1992 the timemark was a dot.

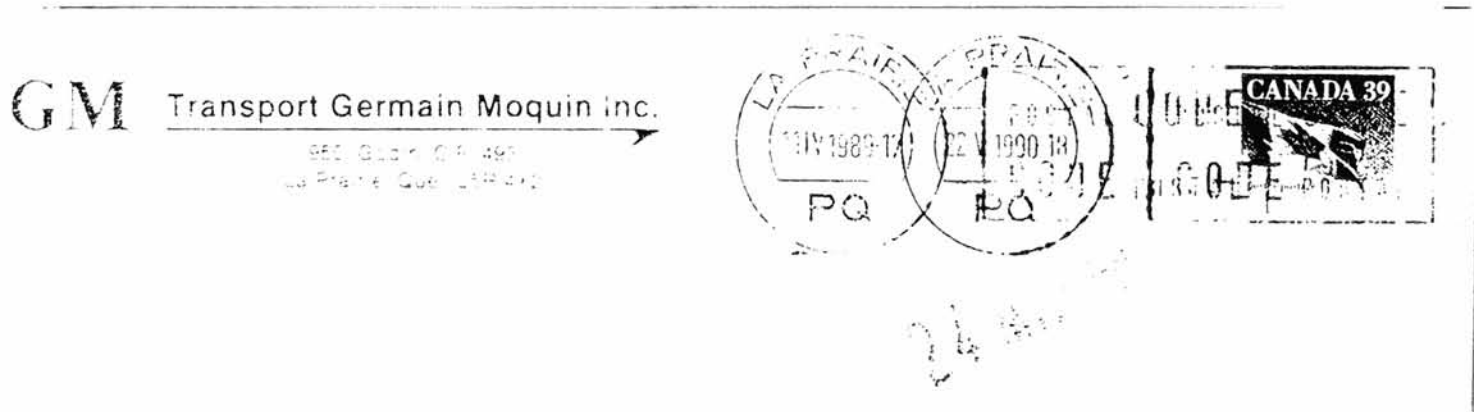

Wally Gutzman has sent a couple of reports, combined below:

Wally also sent a photocopy of this puzzling cover. It is a window envelope, so there is no address showing. It has two LA PRAIRIE, PQ Klüssendorf cancels on it: 11 IV 1989-17 and 22 V 1990-18. There is also a receiving date stamp of 24 MAI 1990. Why both the April 1989 and May 1990 dates?

[Wally, I suspect that the April date is an error. The 39¢ stamp indicates 1990. The postmaster possibly found his error and corrected it before forwarding the letter. kgs] This interesting cover is shown below.

That pretty well does it for Issue #17. I have lots more material form the next issue, to be started tomorrow. I just looked back at #16 to see when it was typed (December 1991). No wonder the rough draft of this issue was dated January 1992!

I should put an ad in here for BNAPEX 1993 TORONTO. Friday - Saturday - Sunday, September 3 - 5, 1993. Organized by the St. Lawrence Hall Postal History Society, led by Allan Steinhart.
