FROM THE EDITOR'S DESK

PATRICK DURBANO

Welcome to the 14th BNA Perfins Study Group Auction. As is now the format, alternating issues of The BNA Perforator are for the Auction-Only issue of our newsletter. Conrad Tremblay, our Auctioneer, recently sent me a note outlining his desire to publish at least 3 more Study Group Auctions, including this one, prior to the end of the year. This is truly a large endeavor and I will assist him in every aspect.

The auction is an important part of our Study Group as it provides much of the funding that is required to operate a Study Group such as ours and to provide you with the number of issues that you receive in a year. Additionally, the items that are offered for sale in our Auctions are generally better described and more collector-focused than are the larger Auction Houses. Your participation both in supplying and bidding-on quality material are the keys to enhancing and advancing our chosen Philatelic Specialty.

Rather than taking up valuable space with my commentary, I should allow you to turn the page of this Newsletter so that you can begin reviewing the material available. However, before I let you turn this page, I feel it is my duty, on behalf of Conrad Tremblay, Barry Senior and Steven Koning, to thank all of you for your continued participation because if it wasn't for members submitting and buying material our whole Study Group might unravel due to lack of interest.

Thank you for your continued support of the Study Group and best of luck in the Auction.

Sincerely,

Patrick Durbano

Welcome to the 14th PSG Auction.

You will find 370 lots in this Auction, but it includes lot of fine and rare style not often seen, with many very rare issue starting from small queen to the Edwards series. Again, I am offering for sale another portion of the collection from one of our club member starting from the pattern P15 to S7.

Usually, all the lots with an estimate or reserve value of 10\$ or more are photographed, and they are reduced to 50% to save space. But not this time. Too many lots would have to be illustrated. I selected only the perfins which I couldn't describe perfectly, as double punch, or high values...

Important notice: the estimated values I inserted only represent a selling price based on several factors like - perfin factor or quantities in circulation of that perfin, the stamp and the cancel condition, the period of usage, the growing demand for perfins and also the increasing number of perfins collectors. But remember: the starting bid is always 75% of the estimated value, unless the lot has a Reserved asking price which becomes the starting bid. That' what I meant in the pass when I wrote "Bids lower than 75% of the estimate value will be decline". Take advantage of that starting bid if you thing you may have a chance to buy that lot at that low price...

Kindly bid by lot number in 10¢ increments below a dollar and 25¢ increments otherwise. Successful bids will be 10% above the next highest bid, rounded up according to the above increments. The Study Group will charge a 10% commission only on the lots sold, payable by the consignors.

No unlimited bids. In case of tie bids, the first bid received will be accepted. Cash deposit not required. All single perfins are complete and in good condition unless otherwise specified. In larger lots or mixes, incomplete patterns, split patterns, and duplication are to be expected. All lots' All lots returnable if not as described, EXCEPT, large lots or mixes. Lots must be paid for or returned within THREE (3) days of receipt.

Successful bidders will be notified by mail. All lots with a 100\$ value or more will be sent by registered mail. Mailing cost will be paid by the buyer. Bid by lot number.

Please sent your bids to: Conrad M. Tremblay,
3259 Lookout Park,
Rawdon, Quebec, Canada,
J0K 1S0 or call (514) 834-3052.

Bidding closes JULY 18, 1997 at midnight (postmarked on your letter). All bids will be in canadian funds. Payments in U.S. dollars acceptable at a discount of 20%.

GOOD LUCK and thank you for your participation.
