

THE BNA PERFORATOR

Published by The British North America Philatelic Society - The BNA Perfins Study Group

Volume 19, Number 2 - Whole Number 106

October 23, 1998

FROM THE EDITOR'S DESK

PATRICK DURBANO

Welcome to the second issue of the Perforator for 1998. This is actually a very special double issue that is highlighted by the in-depth study of the AYRE perfins with "Typed Date" cancels. This study is introduced by our Chairman and the study itself is attached as a standalone newsletter. I will also be forwarding these issues of the Perforator to the executives of the Newfoundland and the Revenue study groups, as they will be interested in its findings as well.

Also in this issue is the preliminary listing of all Revenue Stamp issues that are known to be perfinned. This listing will also be forwarded to the Revenue Study Group Executive for inclusion in their newsletter. Dave Hannay of Cambridge is spearheading the compilation. Finally, the usual housekeeping items are covered including welcomes to 3 new members and our Treasurer's Annual "Dues are Due" reminder.

Enjoy this issue, I have enough material for only one more issue after this so please forward more information.

Sincerely,

Patrick Durbano

REVENUE PERFINs & POSITIONS

STEVEN KONING

Members David Hannay and Patrick Durbano have compiled an extensive listing of know (to them) patterns and positions on revenue stamps.

This listing is a welcome addition to our growing body of knowledge about the usage of perfin patterns on specialized stamps.

Members are encouraged to check their collections for any revenue stamps with patterns and/or positions that were not included. When you find such, please photocopy back and front, if possible, and send the information to:

D. G. Hannay
32 Aberdeen Road South
Cambridge, ON N1S 2X4

Or:

Patrick Durbano, Editor of THE BNA
PERFORATOR (address on page 1.)

All reference are to the Van Dam Catalogue of Revenue (25th Anniversary Edition)

Members who would like to start similar listings of such specialties as:

- perfins on Admirals with Lathework
- perfins on Coils
- perfins on Air Mail Stamps
- perfins on Precancels
- perfins on Special Delivery Stamps

are encouraged to check with our Chairman, Barry Senior, to make sure that their work is not being duplicated.

Meanwhile, congratulations and thanks go to Dave and Patrick for their work on the revenue listing so far.

Editor's Note: The attached lists also include items illustrated in Auction Catalogues. There are two lists provided: one is sorted by BNAPS Perfin Pattern number and the other is sorted by the Van Dam Revenue number.
