

# CANADIAN REVENUE NEWSLETTER

DECEMBER - 1972 #21

Donations to the newsletter are keeping the Newsletter operating on its own without having to dip into the Revenue treasury. We had three donations last month. We had a nice surprise when one of the donations by a new member took care of the entire cost of this month's publication.

MERRY CHRISTMAS TO ALL YOU REVENUEERS from Hilda and I.

Hilda and I had a very unfortunate experience in November. Upon coming home from an evening out, we found that our house had been broken into. They took some Jewelry and the whole safe. I do want to point out that at this WAS NOT a stamp related robbery. What stamps that were taken was my Postage collection of Canada #1 to present date, which happened to be in the locked 600 lb. safe. This includes 19 century covers as well as postage. Anyone seeing a /90n cover, P3 on cover, 37d on cover, combination 317 and #20 on cover in an illustrated auction cat. let me know as I have xerox's of these. Fort unately none of my revenues or tax paid were touched. LUCKY ME!

I went to the AADA show in New York and met some of our revenueers there.

SERIES "C"

Similar to two previous issues except these are inscribed "Series "C". The length of the short stamps varies from 151 to 155 mm. The letters in parenthesis following the stamp listing denotes the "hidden" letters that were found on the series "A", "B" and "C" stamps. Most of the series "A" and "B" have no letter or only 1 letter. Some were not available for inspection. A number series "C" plate proofs were found that were without control numbers, imperf. or fine roulette on a medium heavy wove paper.
