FEBRUARY - 1974 - # 34

Received in the mail - Sissons Stamp Auction - February 20 and 21.

Contained in this auction is, quote "The Phillip Little collection of Revenues is, of course, one of the last of the really outstanding old time collections. It includes many unique items and almost all of the great rarities. The six \$2 inverted centers are about one-third the number of known copies. In the case of the rare In Prize stamps, he probably has over half the known supply. It is a most exceptional opportunity for anyone interested in our Revenue Stamps".

Looking over the Revenue section of this sale I have never seen so much beautiful and rare material offered at one time.

There are many items which would fit in my albums. I certainly plan on being at the sale, and I hope to come home with a few of my blank spaces filled.

To all of you bidders I wish you good luck.
