The Annual Revenue Meeting had its usual attendance of about 18 members. I haven't received the secretary's report as yet. When I receive it, I will publish it next month. The same chairperson was elected and Leo LaFrance was drafted and elected as secretary. Since our members support the Newsletter with their generous donations, it was decided to dispense with dues for the year 1980.

The exhibition had six exhibitors of Revenues. A beautiful showing. Of a total of 240 frames in the exhibition, 41 frames were revenues. We must exhibit to keep revenues in the forefront. Also there were two silvers and a bronze award presented.

There is a question regarding some of the small Manufactured Tobacco stamps found without any codes or numbers in the panel such as those shown below. It is the opinion of the author that these are complete stamps issued by the Canadian Government, but were never coded or used by any of the tobacco companies. The ones known to me will be listed.
