After sending out notices to non-active members the membership is now at 151 members. We had quite a good response. We sent out 51 notices and received responses from many, as I suspected 20 of these are no longer interested in Canadian Revenues. So therefore they no longer desire to be members of the Rev. Group.

In reply to question regarding AL27P to 39P. One member reported he had a set. So that accounts for 9 of the 50 sets.

Once again Bill Maresch sent all our members a copy of his February 23 Auction Catalog. In this sale Bill Maresch says, the Jarrett Revenues are the best offered since the Richardson sale of two years ago. There are many outstanding offerings in this sale. Perhaps this is the last opportunity to secure some of these items for some time to come.

The Postage Stamps and Postal History of Canada

by Winthrop S. Boggs

A new printing of the Quarterman reprint of the original 1945 edition is again available. Boggs' work has been considered a "Bible" of Canadian philately and each edition historically remains in print a short amount of time.

This edition contains Volume I of the original plus that portion of Volume II which deals with design, paper and plate makeup of some of the issues. This 912-page hardbound volume also contains a section of corrections and additions compiled from the author's annotated copy of the original edition and a foreword by John Alden.

The Postage Stamps and Postal History of Canada, one of the largest and most comprehensive of all philatelic works, is a necessity for all collectors of Canadian stamps and those maintaining reference works dealing with Canada as a nation.
