Annual Revenue Group Meeting

I thought the Annual Meeting at Winnipeg was fairly well attended. I gave the yearly report (congested version below) we had some lively discussions. However, the Town Tour was scheduled at the same time as our meeting, therefore a few of our members were missing.

We still have not come up with an adequate answer to the question of the purpose and use of the Newfoundland Beer Stamp, NFB 1. Wallace Mitchell seems to think it had something to do with the making of Home Brew.

There were three Revenue Exhibits in the Exhibition. Harry Lussey's exhibit won the Reserve Grand Award, the second year he won this award with his revenues. Shelton and Rockett won Silver Awards.

The City of Winnipeg really made it hot for us BNAPSers. The temperature reached 102 an all time high.

It was a real pleasure to once again meet and visit our many friends.

Enclosed a brief summary of the Treasurer report as given at the Revenue Meeting.

Also, a xerox of British Columbia Law Stamp #BCL 12, showing enormous torn portions of adjoining stamps, leaving no doubt this stamp comes from an imperf. horizontal vertical strip.

Received in the Mail

van DAM's ReveNews #45. This list contains many fine items. I did manage to afford three, however there were several others which really made my mouth water.

Also received order form for the new Revenue Album. This really sounds exciting. In fact, it may increase the collecting of Canadian Revenues. For those of you who are thinking of ordering be sure to get your order in by October 1. That way you will get a free subscription to the ReveNews and a \$5 purchase coupon also free mailing of your Albums.

QUEBEC REGISTRATIONS "The Beavers"

My idea is to approach classification with paper types as
the first level which might allow for some cross-referencing
to the small Queens up to about 1880 or so. In this respect
I am in need of reference material, and any correspondence
on this subject would be greatly appreciated.
