A PUBLICATION OF THE CANADIAN REVENUE GROUP OF BNAPS

EDITOR - W. Rockett

October - # 142

## Coming Events

Nov. 9/11 - VAPEX - Va. Beach, Va. Mid-Atlantic BNA Group get-to-gether

1984 BNAPS at San Francisco was a great success (see report of the Revenue Group Meeting by our secretary Leo La France). I especially wish to thank our member Nick Sheklian for his many kindnesses.

The Revenues were represented by four exhibits. They all won awards.

Harry Lussey - Gold, Bill Robinson - Vermil, John White - Vermil

Bill Rockett - Silver.

After the convention the Rockett's continued up the coast, we had a pleasant visit with John and Betty White at Gresham, Oregon.

At Seattle Gene Frampton took us on quite a tour and we spent a pleasant evening with Gene and his lovely wife, Gloria.

It was great meeting the many Revenuers, some of which we met for the first time.

The Newsletter wishes to thank the 9 generous contributors to the new duplicator fund. This replaces \$119 of the \$350 cost.

One of our members has called attention to an offering in van DAM'S RevoNews #50 of a mint copy of Manitoba ML 55, the \$1 six scallop overprint, at \$695. This item was priced in Sissons 1978 Catalog at \$60 but skyrocketted to \$700 in the first van DAM Catalog

and this price was repeated in second edition. The member suggests that this was a typographical error of \$700 for \$70. Also, he

would be happy to supply a copy for \$95 rather than \$695.

REVENUE GROUP MEETING - Sept. 8, 1984 - San Francisco

There were 12 members present for the meeting and Chairman W. Rockett presided. The status of our treasury was presented and as usual we are a little to the good. All donations are gratefully received. Leo La France was unanimously elected secretary. There numerous topics discussed and are noted as follows:

1. 2¢ War Tax re-entry, where it is? Rockett will Xerox for Newsletter
2. Manitoba Hunting Stamps, information regarding values and # issued
3. van DALL new catalog and also the fact that he is finishing Handbook
4. B.C. Laws, green edge on 1st issues discussed by Harry Lussey.
5. Compound perf. on 2¢ War Tax.
6. Quebec Registration Stamps - John White making study of perf varieties and shades. Papers also different.
7. B. C. Laws, 20¢ black vs carbon black, black from plate 1 and carbon black from plate 2, more space on selvedge on carbon black. Should probably be three different stamps since late issues on white paper are from plate 2.
8. Bill Walton working on additional Tobacco stamp listings
9. Supreme Court FSC 17 George full face - wet and dry printings earlier printing low numbers and seem scarce.
10. Manitoba - 1882 provisional issue, got rid of L s and over-printed C P, the 1884 C P is different.
11. Saskatchewan typeset issue, the \$20 value has CCents instead CENTS in one of the stamps on the bottom row of the sheet.

Since no further business was presented the meeting was adjourned.

Leo La France, secretary

In this issue of the Newsletter we start the listing (as known) of the Manitoba Hunting Permit stamps. The balance of the listings will be in the next Newsletter.

## Manitoba Hunting License Stamps

by Joachim Hosang

Manitoba is issuing hunting license stamps. The first ones were distributed in 1972. In that year 17 diverse stamps were issued. The most ever distributed was 27 in 1981, the fewest was 11 in 1974. Now the number is always over 20.

These stamps come in two formats: 35 x 28 mm and 73 x 28 mm. The stamps have three colors and are printed on white paper. The texture and price is printed in black, the serial number is printed in red (which consists of one or two letters and five numbers). The background is printed in strips or dots. The color is often varied. It is noted in the listing.

The stamps are not perforated and it is unknown how many to a page. While in Alberta and NWT, the hunting license stamps are affixed to a license booklet, in Manitoba there are "Wildlife Certificates" which also have serial numbers and their price imprinted. This is also true for the Migratory Bird Game hunting permits, which also have their price imprinted.

The hunting license stamps may be affixed on the front or the back of the permit. The stamps have areas which must be filled in correctly with the appropriate certificate number, the issue date, and in case of deer or other big game, the tag number.

The stamps are issued in the middle of August for the following year. There are three different kind; for residents of Manitoba, for non-residents of Manitoba residents of Canada and for non-residents of Canada. A resident of Manitoba is not allowed to purchase a stamp for a non-resident or alien.

In Manitoba as in Alberta, the stamps are not sold to collectors after they have become obsolete. The remainders are destroyed. Only a few sets are saved by the authorities. The following list was produced by The Manitoba Department of Natural Resources.
