With this issue of the Newsletter, 2 pages of the 5 page revised "Precancelled Revenue Stamps used on Playing Cards" are enclosed. The next 3 pages will follow in future Newsletters. Check these over and if you have anything to add let me know.

Bear in mind that these overprints can be heavy or light, broken letters etc., as the impression of the plate with the overprints can varied.

Also, I understand our member Kirk Liggett is doing a study of the Quebec "Honoraires Fees". He is making a chart showing Perf. 11 and perf. 12 with the overprint measuring 17 1/2 mm. and perf. 11 and perf. 12 with the overprint 18 1/2 mm. and the placement of the second line of the overprint in relation to the first line. This makes for a possibility of eight varieties.

We still have no answer to the existence of the Alberta Telephone Franks - AT 3 to 6.
