Chairman's Message:

Dear Fellow Member ,

In our previous newsletter , I asked our Treasurer for a current financial statement. The response to this request was prompt, with pleasurable news. Our group is in very sound financial shape. I was not trying to alarm anyone, I just wanted to see where we stood.

Those of you who have not paid dues as of yet , it would be much appreciated to remit the US \$10.00 ASAP.

Your Chairman,

Dan Huffman

MORE ON THE 1913 WINNIPEG STAMPEDE SLOGAN

Steve Friedenthal

In the June 1990 issue of the "Slogan Box" (vol 3 No. 3) Jeff Switt wrote about and clarified the three dies of this (Proulx #9455) early Winnipeg slogan. I found his article very enlightening and proceeded to try to find good examples of the three dies.

die 1

die 2

die 3

In November of 1990 I was attending an "executive training course" in Gull Harbour near Winnipeg and was able to visit my in-laws and friends in the city for a few days.

However, no visit to a City one hasn't visited for a few years is complete without excursions to the local philatelic market places. I was fortunate enough to visit a dealer who operated from his home (I do not believe I met him when I lived in Winnipeg 1967-1973). Looking over his merchandise I noticed an envelope containing a small stack of slogans. All were 2x4's of "The Stampede Winnipeg Canada Aug. 9-16, 1913" slogan. With good negotiating skills we reached a satisfactory price. I purchased the lot and when I returned home a week later, put the envelope in a box and forgot about it for the next year and couple of months.

Recently, I decided to look the lot over and see how many of each die and the date range which was in the material. The results of the examination were somewhat surprising to me. Having sent a draft of this article to Dan Rosenblat, our editor, Dan provided me with dates and dies of an additional nine examples. The dies and dates of all of these are presented in the following table. They may or may not be of interest to readers.

| date | dte 1 | dte 2 | dte 3 |
|-----------|-------|-------|-------|
| May 29 | 0 | 1 | 1 |
| June 4 | 0 | 1 | 0 |
| June 5 | 0 | 3 | 0 |
| June 6 | 0 | 0 | 2 |
| June 9 | 0 | 2 | 0 |
| June 11 | 0 | 2 | 1 |
| June 12 | 0 | 0 | 2 |
| June 13 | 0 | 1 | 0 |
| June 16 | 0 | 1 | 0 |
| June 18 | 0 | 2 | 1 |
| June 20 | 0 | 4 | 3 |
| June 21 | 0 | 0 | 2 |
| June 23 | 1 | 6 | 1 |
| June 24 | 0 | 1 | 0 |
| June 25 | 0 | 0 | 2 |
| June 27 | 0 | 5 | 3 |
| June 30 | 0 | 4 | 6 |
| July 2 | 0 | 1 | 1 |
| July 3 | 0 | 0 | 1 |
| July 7 | 0 | 0 | 1 |
| July 8 | 0 | 0 | 1 |
| July 9 | 0 | 0 | 1 |
| July 10 | 0 | 1 | 1 |
| July 11 | 0 | 1 | 0 |
| July 17 | 0 | 2 | 0 |
| July 19 | 0 | 1 | 0 |
| July 25 | 0 | 1 | 0 |
| August 5 | 0 | 0 | 1 |
| August 6 | 0 | 1 | 1 |
| August 7 | 0 | 1 | 0 |
| August 14 | 0 | 0 | 1 |
| August 15 | 0 | 2 | 0 |
| August 16 | 0 | 0 | 4 |
| TOTAL | 1 | 44 | 37 |
| PERCENT | 1.2 | 53.6 | 45.1 |

It is very interesting to note that out of a total of 82 cancels only one is of die 1 whereas the difference in die 2 and die 3 examples is not great. The same range of dates is covered by all the dies and the date of the die 1 example, July 23rd is right in the middle of the usage.

While no definite conclusions can be drawn about relative scarcity of the three dies, it suggests that there was less use of die 1, at least in the examples I have seen.

Of additional interest in this slogan is the fact that about half of the die 3 examples have an additional die break in the top killer line, about two-thirds of an inch right of the slogan box. It is not possible to tell whether or not all of the examples had the break as quite a few of the 2x4's had the stamp re-glued to the piece, possibly as a result of having fallen off of the paper.

P.S. For sale, lot of 2x4's "The Stampede Winnipeg Canada Aug. 9-16 1913" cheap! Does not include example of die 1.

THE ALASKA CANADA HIGHWAY POSTMARKS

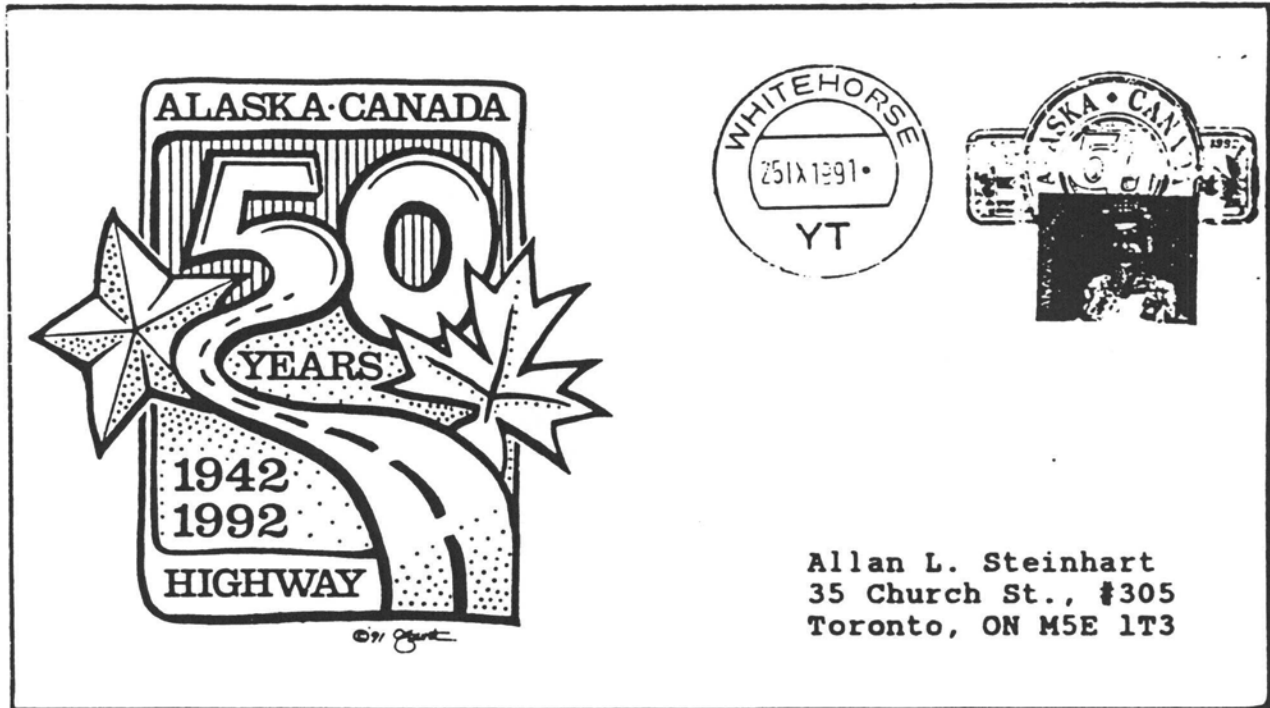

Jeffrey Switt

A report in Linns of a couple months ago regarding special commemorative postmarks to be used in 31 cities on the 50th Anniversary of the Alaska-Canada Highway got my interest. I had seen a few examples at BNAPEX in Vancouver on commercial cover and thought that perhaps a commemorative cachet might be in order due to the extensive use of special postmarks for this event. A phone call to Allan Steinhart regarding sharing of expenses on the project was positive and the results are seen on this page.

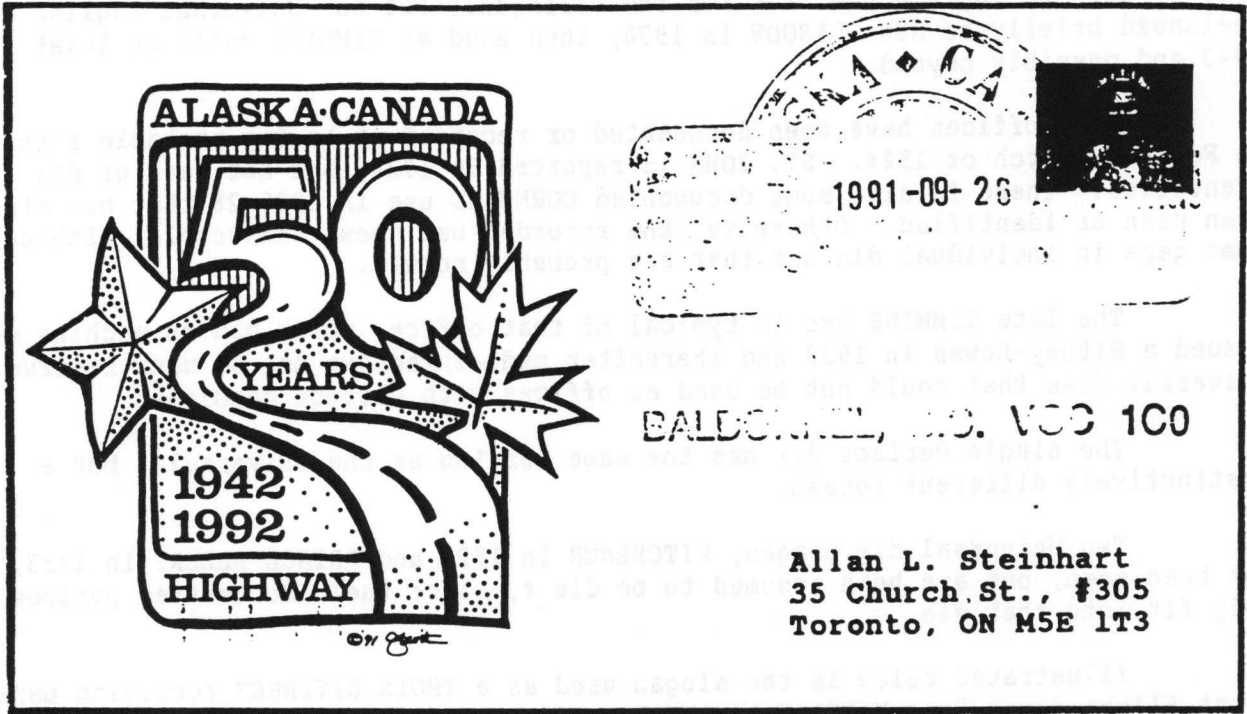

The Klussendorfs are struck in black while the hand cancels include a strike in purple, blue, and red, with the rest in black.

Only fifteen sets comprising of 4 Klussendorf and 26 handstamps were prepared, along with 6 additional sets of Klussendorf cancels. (One town listed in the Linns article has not received a hand cancel, thus only 30 known towns at this time) Sets are available from Allan or myself at C\$100 per set of 30 covers.

YOUR POSTMAN SELLS STAMPS
SLOGANS 10790 AND 10790-A

This Postal Directive slogan was first issued in 1924, employing five Universal English dies and one bilingual. One additional English Perfect die was introduced in 1932, with use to 1936. The Universal use extended normally until 1933-35 for the English and 1934 for the bilingual, but one Universal English die was re-issued briefly to NEW GLASGOW in 1938, then used at TIMMINS until at least late 1943 and possibly beyond.

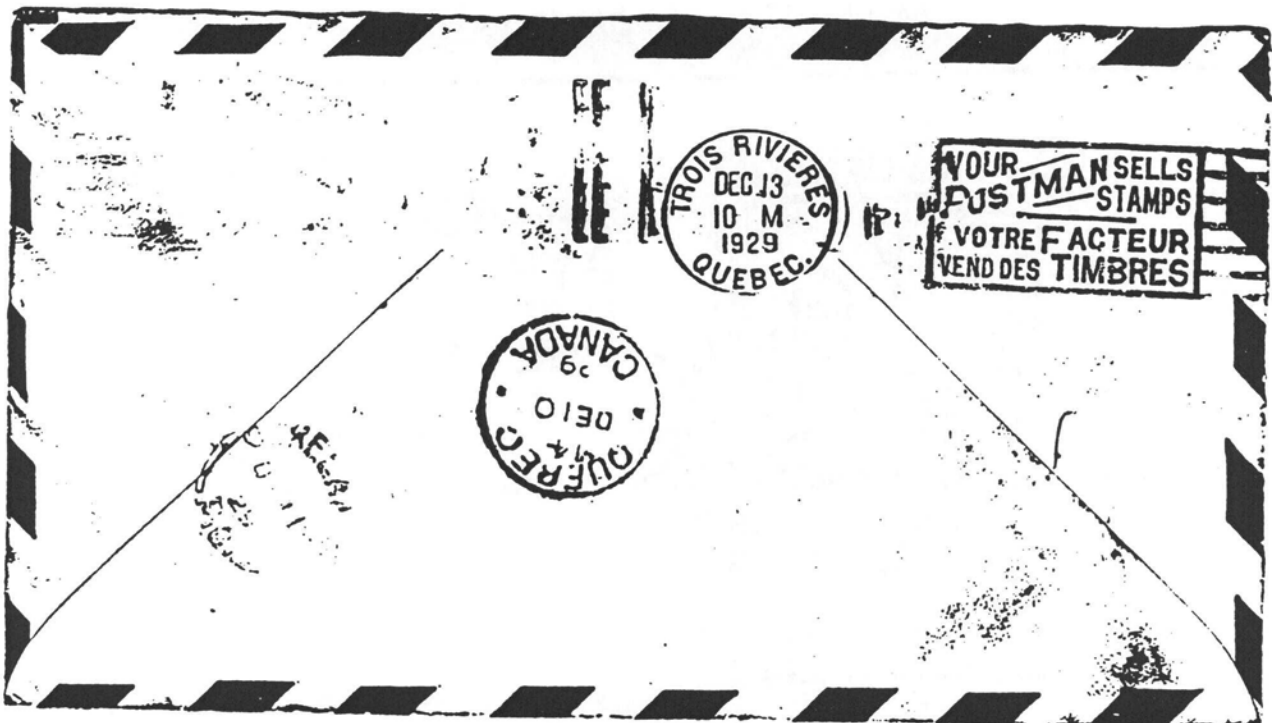

Five offices have been documented or recorded as having probable first use in February-March of 1924. ST. JOHN is reported in 1924, but not seen or die identified. There is also some documented CORNWALL use in 1926-28 that has also not been seen or identified. Otherwise, the recorded use seems reasonable, although with some gaps in individual die use that are probably normal.

The late TIMMINS use is typical of that office, which had no machine until issued a Pitney-Bowes in 1938 and thereafter made extensive use of many reserve Universal dies that could not be used at offices with Perfect machines.

The single Perfect die has the same wording as the Universals, but a distinctively different format.

Two Universal die usages, KITCHENER in 1928 and PRINCE ALBERT in 1933, have not been seen, but are both assumed to be die 4, since their documented periods will only fit into that die.

Illustrated below is the slogan used as a TROIS RIVIERES receiving mark on a first flight cover from MONCTON to QUEBEC, addressed to TROIS RIVIERES, received at QUEBEC on the 10th, but not receipted at destination until the 13th.

SLOGAN 10790 - YOUR POSTMAN SELLS STAMPS

Five Universal dies issued in 1922, used to 1943.
One Perfect die used from 1932 to 1936.

APPENDIX A

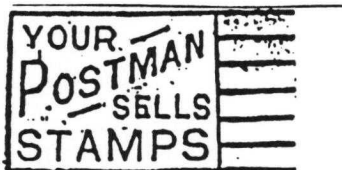

Documented issue or return dates are without a suffix. If not-documented, recorded dates are suffixed S to indicate SEEN.

The following offices have been documented or reliably reported as having use in or from the periods indicated, but have not been seen and the die is not identified.

YOUR POSTMASTER SELLS MAILING

LISTS

SLOGAN 10793

This is probably the most minor Postal Directive slogan ever issued, having the least number of dies and of using offices.

The original issue was of a single Universal die, in the conventional "grid at the right" style, issued to WINNIPEG on December 7, 1925. The die had very constant use in 1926-30, having been recorded until November 10, 1930 and is listed as returned on November 30, 1930. The last recorded impression is still clear and undamaged, but nevertheless the die was then retired, although WINNIPEG again used the slogan from a different die in 1932-33.

In very early 1927, January 3, a second Universal die was issued to REGINA. This was of the large size, without grid, that had come into favor by that date. The wording is the same as that of the original die, but in three lines with large lettering, rather than four lines with smaller lettering.

This second die was rotated thereafter to CALGARY, MOOSE JAW and SASKATOON in 1927, then to SASKATOON for a second time in 1928 and finally to WINNIPEG in 1932-33. Neither die was ever revived in the late 1940's, as was so often the case with other Postal Directives, nor was there ever a Perfect die version nor a bilingual format.

The Proulx catalogue listing for WINNIPEG is 1925-29 and 1932-33. It should be 1925-30 and 1932-33. The MOOSE JAW listing gives the date as 19, it should be 1927.

The total usage of the slogan can be summarized as follows:

Universal die 1 - WINNIPEG, DEC 7, 1925 - NOV 30, 1930

Universal die 2 - REGINA, JAN 3, 1927 - FEB 10, 1927
CALGARY, FEB 10, 1927 - MAY 13, 1927
MOOSE JAW, JUL 19, 1927 - OCT 7, 1927
SASKATOON, NOV 3, 1927 - MAR 12, 1928
SASKATOON, AUG 7, 1928 - OCT 20, 1928
WINNIPEG, SEP 16, 1932 - MAY 10, 1933

Universal die 1 usage.

Universal die 2 usage.

SAVE METALS RAGS AND WASTE PAPER

SLOGAN 7860

This is a relatively minor slogan, but is a World War II patriotic, though not on a par with ENLIST NOW or BUY VICTORY BONDS. However, the Proulx catalogue lists it in some detail, but this listing is so questionable as to warrant a review.

As is often true, comparison of catalogue listing with the published CPSGB reports suggests the former much relied on the latter as a basis for its data, so many errors in CPSGB reports have been perpetuated in the catalogue. The Editor has worked closely with Len Harris, compiler of the CPSGB reports, and has copies of his original drafts, showing the number of reporting Slogan Study Group members by name.

This permits a judgment to be made as to the validity of the reports, based both in terms of the number of reporters and their individual records for reliability. Exercising this judgment strongly suggests that several catalogue's listings of this slogan, both by office and by year, are highly questionable.

The catalogue lists 13 offices, most with use in 1941-43, but in a few cases extending to 1944-45. Research of the documentation indicates use by only nine offices in 1941, ten in 1942 and a lesser number in 1943. The three highly suspect listed offices are LONDON, SASKATOON and VICTORIA, none of which have documented use and most of which are reported by CPSGB in an unreliable manner.

There is firm evidence that original issue was of nine dies in early April of 1941, seven Perfect dies sent to CHARLOTTETOWN, EDMONTON, HALIFAX, REGINA, ST. JOHN, VANCOUVER and WINNIPEG and two Pitney-Bowes dies sent to OTTAWA and TORONTO. The latest recorded 1941 usage of any of these is in mid-July, and it can be assumed that most of the nine offices used their dies until about that date.

There is documentation of a January, 1942 re-issue of the nine dies to the same group of offices, though with a normal random rotation of those of each machine type to the appropriate offices. Only limited 1942 use of the seven Perfect dies has been seen, usually until May of 1942, but the VANCOUVER die, recorded to May of 1942, was re-issued to NEW WESTMINSTER in July, 1942. This office had no 1941 use and is unlikely to have had use into 1943. HALIFAX and ST. JOHN have been seen with black-out use in 1943 and there are reasonably reliable CPSGB reports of 1943 use by CHARLOTTETOWN and REGINA. Probably these four offices retained their dies throughout 1942 and into 1943, since there is no documentation of any re-issue in 1943.

In the case of the two Pitney-Bowes usages, the situation is somewhat different. The Pitney-Bowes die used at TORONTO in 1941 was re-issued there in January of 1942 and intermittent usage of it has been seen until at least March of 1943, with later 1943 use possible. The Pitney-Bowes die used at OTTAWA in 1941 was re-issued there in January of 1942, but a new Pitney-Bowes die was issued to OTTAWA in June of 1942, almost certainly a replacement of the presumed damaged original die. Use of the replacement has been seen until December of 1943, but it is very doubtful that there was any later use of the slogan, the 1944-45 reports to the contrary.

It is also doubtful that any office used the slogan continuously for more than a few weeks, since there were so many other concurrent war related slogans in the 1941-43 period that had their individual priorities.

In summary, it appears likely that there were only ten using offices, three of which employed Perfect dies in 1941 and 1942 and one in 1942 only, and four which retained their Perfect dies into 1943. The two offices using Pitney-Bowes dies had unquestionable usage in 1941 and again in 1942 continued into 1943, although with a change of die in mid-1942 for OTTAWA. Any reports contrary to the above are solicited.

APPENDIX A

Documented issue or return dates are without a suffix. If not documented, recorded dates are suffixed S to indicate SEEN.
 Since all dies were only re-issued once, die illustrations are not needed, as identification can be made from office and year.

STREET AND NUMBER

SLOGAN 45

The October 1990 issue contained a revision of the use of this slogan, but there have been a few updates and two interesting additions since then. One addition is to the use of die 3, which had been represented by a single August 16, 1922 strike of CALGARY, differing from the other five Universal dies in letter placement and also in the fact that the dots before and after the word "ADDRESS" are square instead of round or dashed.

Jeff Switt has now found a strike of this die from VANCOUVER. as illustrated below, dated MAY 23, 1922 and a second VANCOUVER strike has also been seen, dated June 14, 1922. This establishes that the die must have first been issued to VANCOUVER, probably in early May of 1922, then sent to CALGARY in late July or August. The absence of any later use suggests that it was probably damaged, but not replaced.

A second addition is that NANAIMO use of die 6 has been seen dated December 14, 1922.

Updates to the prior classification are as follows:

- Die 2 - KAMLOOPS earliest Oct. 4.48, was Oct 5 and latest Jan. 3.49, was none:
- Die 4 - ST. JOHN latest MAR 24.23, was Feb.26.23.
- Die 5 - MONTREAL earliest MAY 15.22, was May 26.22.

It can also be noted that the bilingual slogan was incorrectly listed as 4787, should read 4767

SLOGAN 7125

This Postal Directive slogan was initiated in 1923 with the issue of only two Universal English dies, there being neither a bilingual version nor and subsequent Perfect dies.

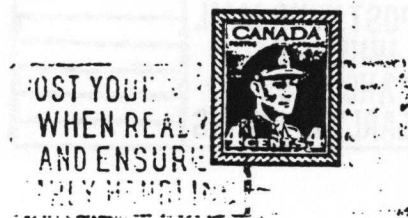

Use of one die extended only to 1930-31, but the other had initial use in 1923-34, followed by a revival in 1948-50.

With only two dies recorded, all material should have been relatively easy to identify by die. However, much of the use is in the early 1920's, when receipt strikes were frequently omitted, so there nine offices documented in the Distribution Lists as having use, but without having been seen as actual or receipt strikes. In the case of three of these, the documented use is such that it can be reasonably assumed as that of a given die.

In the case of the other seven, such assumptions cannot be made, and in fact some use seems to conflict with identified use in a manner that suggests that some of the documentation must be in error. Another possibility is that there were three dies, but two of them so similar as to defy separation.

This makes the classification quite unsatisfactory for so minor a slogan. Members are therefore urged to check their material and submit photos of the usage as yet unseen. Also, if any member considers three dies possible, they are urged to so report.

POST OFFICE C.O.D. GIVES
SATISFACTION

SLOGAN 7110

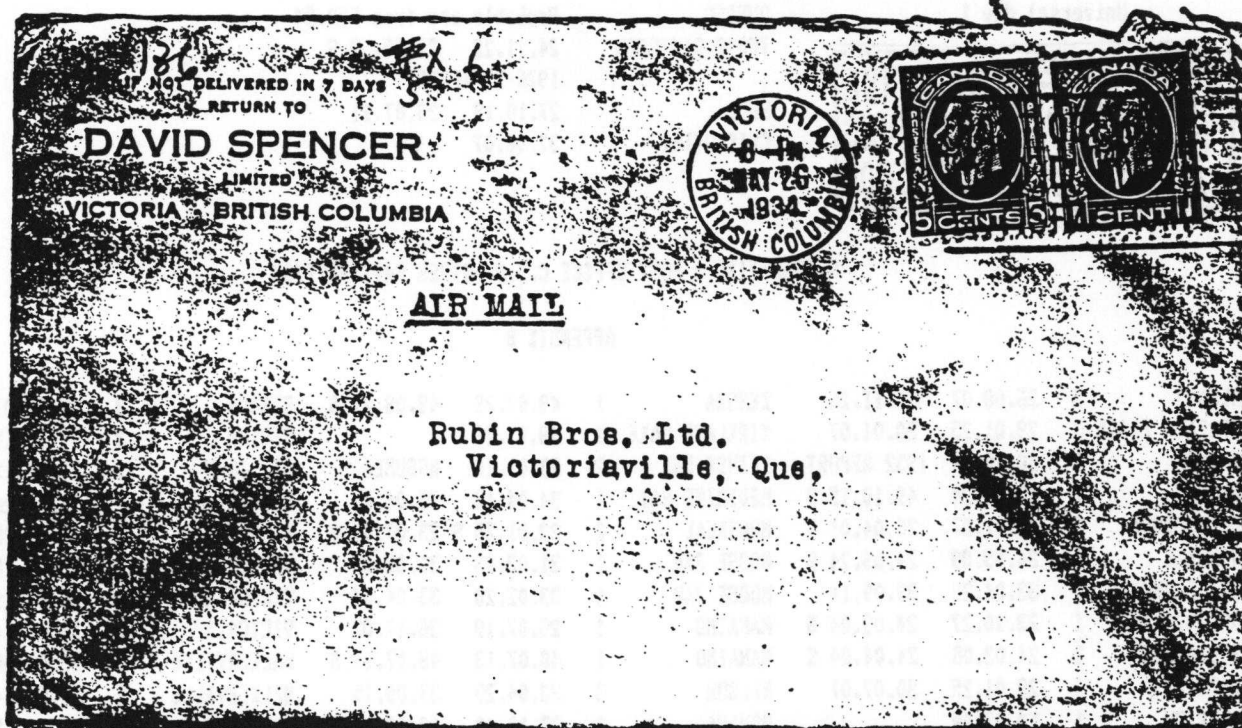

This Postal Directive slogan, initiated in 1922, was a forerunner of the illustrated slogan 7112, reading POST OFFICE C.O.D. SPEEDS BUSINESS, which appeared in 1926. However, both slogans had concurrent use in 1926-35, after which most of the Universal die slogans could no longer be used because of the almost total use of Perfect machines for some years thereafter. Not only did it have earlier use than 7112, it also had later, since one of the three original Universal dies was revived in 1948, with use to 1952. There was no such revival of 7112.

A bilingual version, slogan 5330, was not issued until 1924 and note that MONTREAL used the English version in 1923, but is not recorded as using a bilingual. The Proulx catalogue indicates QUEBEC use of 5330 in 1924, which is possible prior to known TROIS RIVIERES use in 1924-27. However, the D.L. lists issue to QUEBEC in February of 1925, which would not be possible. It can probably be assumed that the D.L. is in error by a year and that there was QUEBEC use from February to late 1924.

It is also necessary to make an assumption in regard to two of the English using offices. LETHBRIDGE is documented as being issued the slogan in September of 1923 and PRESCOTT in December of 1925. Neither office has a receipt strike nor been seen, but the dates appear to indicate that LETHBRIDGE must be die 2 and PRESCOTT die 1. They are so listed, but with the notation "ASSUMED."

The catalogue lists 30 offices in 1922-31, 1933-35 and 1948-52. Actually, 34 offices are recorded in this period, oddly without any 1932 use. One English die is recorded from late 1922 and the other two from early 1923, but it is probable that all three were issued simultaneously in late 1922.

Usage by offices was normally for from a few months to a year, but VANCOUVER used die 2 from early 1925 to mid-1928, the longest use of a die by any office.

An interesting use of a die 2 cover from VICTORIA, B.C. to VICTORIANVILLE Quebec, paying the six cent airmail rate with a combination of the 1 cent and 5 cent Medallion.

VOTING SLOGANS

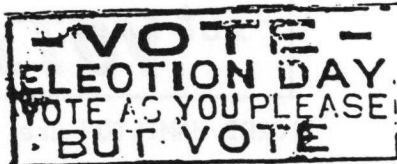

An interesting thematic slogan area relates to voting, with use normally in May-June or Nov.-Dec. of local election years. With no indication of nationally issued formats, though the same wording was used by several offices, all slogans were probably sponsored by private groups in the using offices. The Proulx cataloguing of the major use is often incorrect and incomplete, so a review seems to be in order.

The earliest use was of a Universal die of slogan 10289, VOTE AS YOU LIKE BUT VOTE, at TORONTO in 1925, re-issued in 1926. The wording was not used again until 1944, but thereafter was used extensively in several offices until 1958.

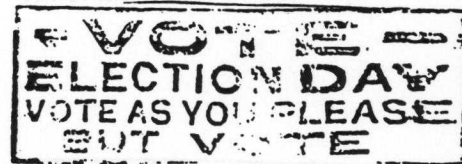

10289 TORONTO use, 1925-26

The next use was of a Universal die of slogan 10295, -VOTE- ELECTION DAY VOTE AS YOU PLEASE BUT VOTE, at CALGARY in November of 1926. It was re-issued there in 1929, but not used thereafter. The wording found favor at WINNIPEG, as a very similar die was issued to it in December of 1926. It was re-issued there, after a gap, in 1929-33 inclusive, but had to be replaced by a new slogan 10285 in 1934, when WINNIPEG adopted Perfect machines that rendered the 10295 Universal die obsolete.

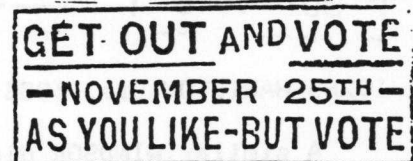

10295 CALGARY use, 1926 & 1929

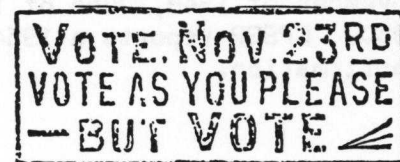

10295 WINNIPEG use, 1926 & 1929-33

However, between its 1926 use of 10289 and its re-issue in 1929-33, WINNIPEG also made use of two other Universal die voting slogans. These were 2755, GET OUT AND VOTE -NOVEMBER 25TH- AS YOU LIKE-BUT VOTE, in 1927 only, and 10300, VOTE.NOV.23RD VOTE AS YOU PLEASE--BUT VOTE, in 1928 only. Why new slogans were thought to be needed in 1927-28, when the 1926 die was still available for re-issue in 1929, is somewhat odd. Possibly the dates of Election Day were thought to be important in 1927-28, but not earlier or later.

2755 WINNIPEG use, 1927 only.

10300 WINNIPEG use, 1928 only.

The new Perfect die used at WINNIPEG in 1934, to replace 10295, was 10285, reading only VOTE ! in large letters. It was re-issued each year through 1940, but was omitted in the later war years of 1941-44. When WINNIPEG resumed voting slogan use in 1945, it had switched to Pitney-Bowes machines, requiring a new very similar die. This was re-issued in 1946 and 1948-51. The Perfect die of slogan 10285, unusable at WINNIPEG after 1944, was re-issued to BRANTFORD for 1945 use only.

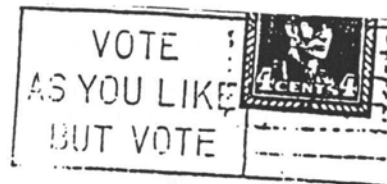

10285 WINNIPEG Perfect die use, 1934-40 and use at BRANTFORD in 1945

10285 WINNIPEG Pitney-Bowes die use, 1945-46 & 1948-51.

VOTING SLOGANS

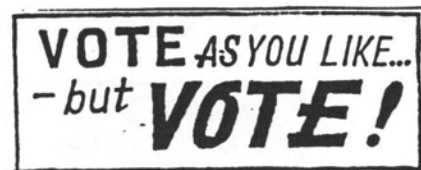

The earliest revival of slogan 10289, first used at TORONTO in 1925, was a Pitney-Bowes die issued to OTTAWA in 1944, a small slogan with the wording in three lines. It was not re-issued.

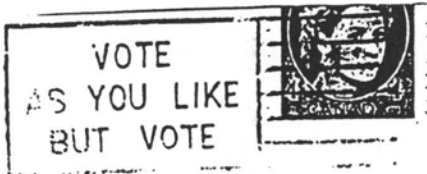

10289 OTTAWA use, 1944 only.

The next use of 10289 was in 1945 from HAMILTON, WELLAND and WINDSOR. The HAMILTON and WINDSOR Pitney-Bowes dies were both similar large slogans without a grid, reading VOTE AS YOU LIKE...-but VOTE! in two lines. The "but" is in lower case, unusual in slogan formats, and the final VOTE! is in large capitals. The WELLAND Pitney-Bowes die had small lettering in three lines and a grid.

The HAMILTON die was issued in late May of 1945 and re-issued in December of 1946. It is catalogued as re-issued in 1948, but this use is neither reported or documented.

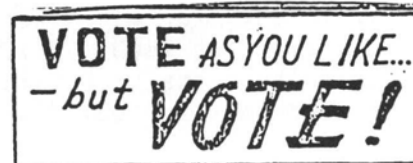

10289 HAMILTON use, 1945-46.

10289 HAMILTON use, 1956-58.

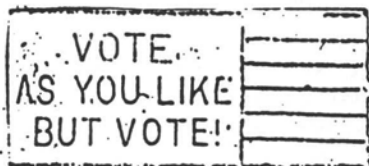

However, the catalogue omits seen HAMILTON use of a new die in at least 1956-58, a smaller slogan with wording in three lines and a grid at the right.

A similar WINDSOR die was issued in both May and November of 1945, re-issued in November of 1946, omitted in 1947, then was re-issued in November of 1948, June of 1949 and November of 1950. CPSGB reports a 1954 re-issue which awaits confirmation.

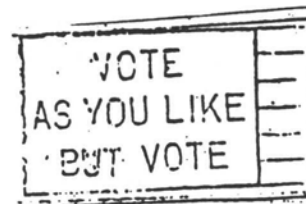

10289 WINDSOR use, 1945-46 & 1948-50.

The WELLAND small three line die is listed in the catalogue, but without dates. It was used in May of 1945 and re-issued in June of 1949 only, suggesting elections on a four year basis.

10289 WELLAND use, 1945 & 1949.

ST. CATHARINES use of a small three line Pitney-Bowes slogan 10289 is catalogued as from 1950, but it was first used in 1949, re-issued in 1950-51, 1953 and 1958. It is very similar to the OTTAWA die of 1945, but is not a re-issue of it.

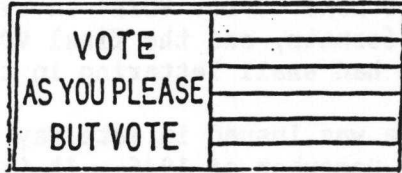

10289 ST. CATHARINES use, 1949-51
1953 & 1958.

VOTING SLOGANS

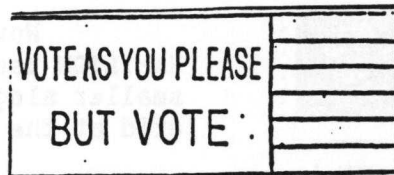

SWIFT CURRENT and MOOSE JAW still used Perfects in 1945, so the 10291 die used at VANCOUVER in 1940-41 was re-issued to SWIFT CURRENT in May of 1945 and then to MOOSE JAW in November of that year, but use was not continued thereafter at either office. The die was later re-issued to BRANTFORD in 1949, as noted below.

A new Pitney-Bowes slogan 10291 die was issued to SARNIA in May of 1945, then re-issued to TORONTO in October and to WEYBURN in November of 1945. It was re-issued back to SARNIA in 1946 and again in 1949. The use of the same die by three offices in one year is odd, and the question arises as to which office sponsored and paid for it. It was probably SARNIA, as the first and last user, but sponsored dies were rarely loaned to other offices.

10291 SARNIA use, 1945-46 & 1949, TORONTO use, 1945 and WEYBURN use, 1945.

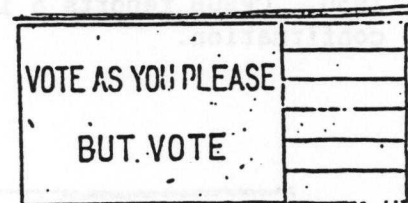

A second new Pitney-Bowes die of slogan 10291, with wording in two lines rather than three, was issued to REGINA in 1946, but has not been seen used thereafter at REGINA or elsewhere.

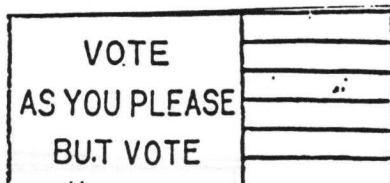

10291 REGINA use, 1946.

BRANTFORD's first use of a voting slogan was the re-issue of WINNIPEG's 10285 Perfect die in 1945, and in 1949 it was again issued a prior die. This was the Perfect 10291 die used first at VANCOUVER in 1940-41, then at MOOSE JAW and SWIFT CURRENT in 1945. This die appears quite worn by 1949 and no later use is recorded.

In 1951 BRANTFORD was issued a new two line die Perfect die of slogan 10291, similar to that issued to REGINA in 1946. This was not re-issued in 1952, but was replaced in 1953 by another new Perfect 10291 die, reverting to a three line format.

10291 BRANTFORD use, 1951.

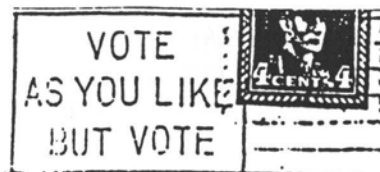

10291 BRANTFORD use, 1953-54.

The 1953 issue of the new three line format slogan 10291 Perfect die to BRANTFORD was re-issued in 1954, but by 1955 it was obsoleted when BRANTFORD switched to Pitney-Bowes machines and did not use voting slogans thereafter.

The above listing completes the usage of slogan 10291, which originated in 1939 and is reported as late as 1963. However, from 1944 it had concurrent use with the similar slogan 10289, reading VOTE AS YOU LIKE, rather than AS YOU PLEASE.

VOTING SLOGANS

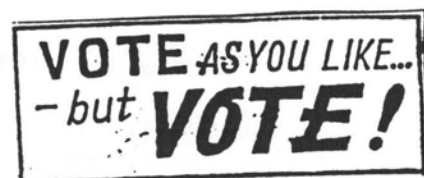

The earliest slogan 10289 was a Pitney-Bowes die issued to OTTAWA in 1944, a small slogan with the wording in three lines. It was not re-issued.

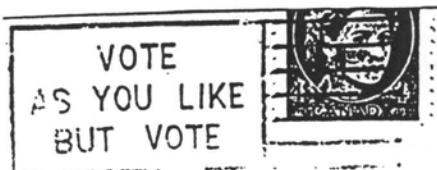

10289 OTTAWA use, 1944 only.

The next use of 10289 was in 1945 from HAMILTON, WELLAND and WINDSOR. The HAMILTON and WINDSOR Pitney-Bowes dies were both similar large slogans without a grid, reading VOTE AS YOU LIKE...-but VOTE! in two lines. The "but" is in lower case, unusual in slogan formats, and the final VOTE! is in large capitals. The WELLAND Pitney-Bowes die had small lettering in three lines and a grid.

The HAMILTON die was issued in late May of 1945 and re-issued in December of 1946. It is catalogued as re-issued in 1948, but this use is neither reported or documented.

10289 HAMILTON use, 1945-46.

10289 HAMILTON use, 1956-58.

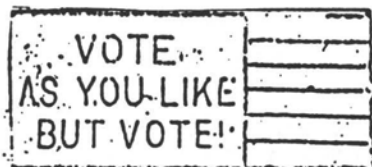

However, the catalogue omits seen HAMILTON use of a new die in at least 1956-58, a smaller slogan with wording in three lines and grid at the right.

A similar WINDSOR die was issued in both May and November of 1945, re-issued in November of 1946, omitted in 1947, then was re-issued in November of 1948, June of 1949 and November of 1950. CPSGB reports a 1954 re-issue which awaits confirmation.

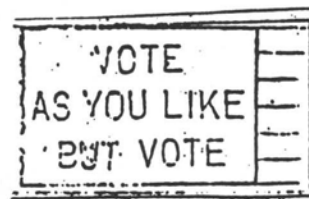

10289 WINDSOR use, 1945-46 & 1948-50.

The WELLAND small three line die is listed in the catalogue, but without dates. It was used in May of 1945 and re-issued in June of 1949 only, suggesting elections on a four year basis.

10289 WELLAND use, 1945 & 1949.

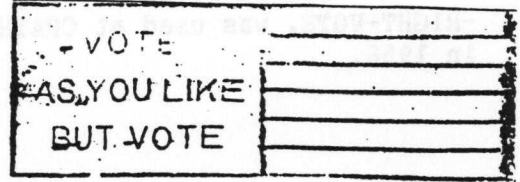

ST. CATHARINES use of a small three line Pitney-Bowes slogan 10289 is catalogued as from 1950, but it was first used in 1949, re-issued in 1950-51, 1953 and 1958. It is very similar to the OTTAWA die of 1945, but is not a re-issue of it.

10289 ST. CATHARINES use, 1949-51 1953 & 1958.

VOTING SLOGANS

The latest use of a die of slogan 10289 was at KENORA in 1955, re-issued in 1958. This was also a small three line Pitney-Bowes die.

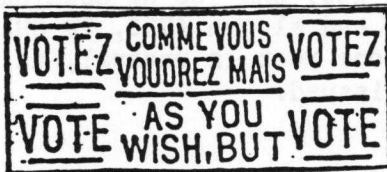

10289 KENORA use, 1955 & 1958.

Other voting slogans than 10289 and 10291 had wordings unique to certain offices. Some of their use is later than the documented period that ends in 1953, so their listings cannot be fully confirmed and illustrations are of actual strikes of lesser quality, rather than the clearer receipt strikes.

Slogan 610, reading BE SURE TO-VOTE-VOTE EARLY, was a Universal die used at OTTAWA in 1928 and re-issued in 1929 only.

610 OTTAWA use, 1928-29.

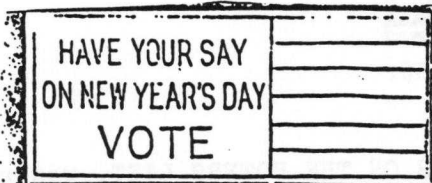

10293 QUEBEC use, 1932 only.

Slogan 10293, reading VOTEZ COMME VOUS VOUDREZ MAIS VOTEZ - VOTE AS YOU WISH, BUT VOTE, was a Perfect bilingual die (French over English) used at QUEBEC in 1932. This is the only bilingual voting related slogan.

Slogan 1720, -CIVIC-VOTERS REGISTER NOW, was a Universal die used at VANCOUVER in August of 1934, but could not be re-issued there later because of VANCOUVER's switch to Perfects in late 1934. However, it was retained in reserve and re-issued to NEW WESTMINSTER in 1948 only, after that office has switched to Pitney-Bowes machines that could accomodate the old Universal dies.

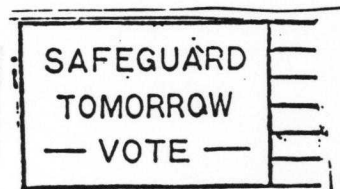

1720 VANCOUVER use, 1934 and NEW WESTMINSTER use, 1948.

4270 TORONTO use, 1946 only.

Slogan 4270, reading HAVE YOUR SAY ON NEW YEAR'S DAY VOTE, was a Pitney-Bowes die used at TORONTO in 1946 only. The concept of an election on New Year's Day is rather unusual, but is clearly implied by the wording.

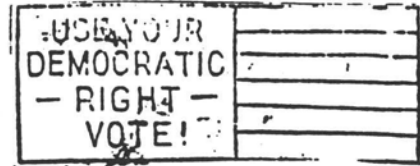

Slogan 7740, reading SAFEGUARD TOMORROW -VOTE-, was a Pitney-Bowes die used at ST. JOHN in 1954 only.

7740 ST. JOHN use, 1954 only.

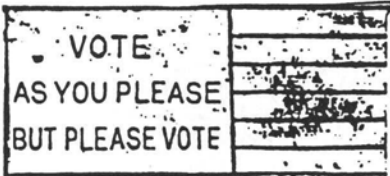

VOTING SLOGANS

Slogan 9870, reading USE YOUR DEMOCRATIC -RIGHT-VOTE, was used at CHATHAM in 1955, re-issued in 1956.

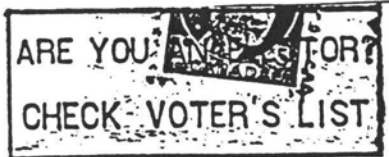

9878 CHATHAM use, 1955-56.

Slogan 10290, reading VOTE AS YOU PLEASE BUT PLEASE VOTE, was used at EDMONTON in 1955 and re-issued in 1957.

10290 EDMONTON use, 1955 & 1957.

In 1956 TORONTO was issued three voting related slogans with concurrent use in October-November of that year. These were slogans 250, ARE YOU AN ELECTOR? CHECK VOTER'S LIST, slogan 255, ARE YOU ON THE VOTERS LIST? and slogan 4725, IF QUALIFIED BE A VOTER. This multiple use of related slogans in one year is unusual, as is also the fact that none of the three slogans were ever re-issued.

250 TORONTO use, 1956

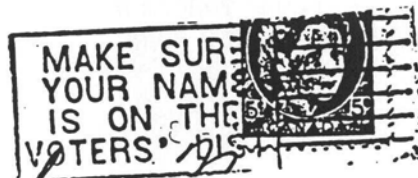

255 TORONTO use, 1956

4725 TORONTO use, 1956.

Slogan 5585, reading MAKE SURE YOUR NAME IS ON THE VOTERS LIST, was used at KINGSTON in 1956 and is reported as re-issued in 1958, 1960, 1962 and 1964, indicating elections at two year intervals.

5585 KINGSTON intermittent use, 1956 to 1964.

VOTING SLOGANS

Slogan 9490, reading THINK THEN VOTE, was used at FORT WILLIAM in 1956 and re-issued in 1957.

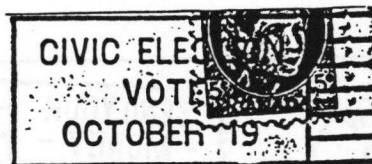

9490 FORT WILLIAM use, 1956-57.

Slogan 10303, reading VOTING IS A PRIVILEGE USE IT, was used at BURLINGTON in 1957 and re-issued in 1961.

10303 BURLINGTON use, 1957 & 1961.

Slogan 1713, reading CIVIC ELECTION VOTE OCTOBER 14, was used at CALGARY in 1959 and re-issued with the date altered to OCTOBER 19 in 1960. This is the only instance of a voting slogan showing an Election Day date being re-issued with the date altered.

1713 CALGARY use, 1959-60.

SLOGAN 3220

This rather minor Postal Directive slogan was initiated in 1923 with three English Universal dies and one Universal bilingual. The bilingual is only known to 1927, but the major English usage extended until the switch to Perfect machines became general in 1935, but there are interesting exceptions.

A die was issued to TIMMINS in 1933 and used until 1938, because TIMMINS retained its Universal machine until it was replaced by a Pitney Bowes in 1938. Most of the early Postal Directives were revived in 1948-50, when it was realized that the Pitney Bowes machines, then in fairly general use, could accept the old Universal dies. However, in the case of this slogan, its only revived use in this period was of one die sent to POWELL RIVER in 1948.

A more unusual revival was the issue of a die to OSHAWA in 1957, used to at least 1959 and catalogued as used to 1960. The catalogue indicates use at 27 offices in 1923-7, 9 1932-8, 48, 57, 9, 60. Twenty-eight offices have been recorded or reported and confirmed use is 1923-30, 1932-38, 1948 and 1957-59, with the catalogued 1960 possible. It is rather odd that no usage appears to have been made in 1931.

The classification by dies given in Appendix A is obviously incomplete, since there are at least six offices documented as having been issued a die in 1923-26, none of which are illustrated by a receipt strike or have been seen. The die use of these nine cannot be determined, nor even be guessed at from the issue dates, but it is obvious that if they were eventually die identified it would give a much more complete picture of the actual usage.

An example of the unusually late usage at OSHAWA from 1957.

SLOGAN 8150 - SEND YOUR MONEY BY POST OFFICE MONEY ORDER

APPENDIX A

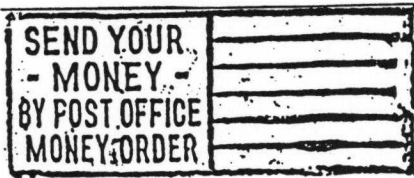

Dates without suffix are those documented as issued or returned, dates with suffix S are earliest or latest seen, if not documented.

The following offices have been documented or reliably reported as having use in the period indicated, but have not been seen, so that die identification cannot be established.

The unique 1933-38 usage of die 1 at TIMMINS.

SLOGAN 8620 - STAMPED ENVELOPES SAVE TIME AND MONEY

This relatively minor Postal Directive slogan was initiated with three English Universal dies in 1923, without a bilingual version. The early usage extended to 1934, when the dies were obsoleted by the advent of Perfect machines. There as a revival of two of the dies in 1948-50, when their use in Pitney-Boves machines became practical. One of these was issued to ANTIGONISH in 1950 and has been recorded there until at least 1973.

Although considerable usage has been die identified, a rather shocking total of eleven offices are documented as using the slogan in the 1923-27 period, but have not been seen as either receipt or actual strikes. Until these can be identified, the classification is quite incomplete.

The Proulx catalogue lists use at 38 offices in 1923-24, 1946, 48-68, 70, 2-5. A total of 42 offices have been recorded or reported, but the known usage period differs from the catalogue's, being 1923-34 and 1948-73.

APPENDIX A

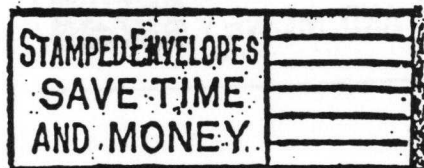

Documented issue or return dates are without a suffix. If not documented, recorded dates are suffixed S to indicate SEEN.

The following offices have been documented or reliably reported has having use in or from the periods indicated, but have not been see and the die is not identified.

Examples of the very late 1950-73 use of die 2 at ANTIGONISH.

WRITE OFTEN AND KEEP THE

FAMILY TOGETHER

SLOGAN 10725

This Postal Directive slogan is unusual, in that it urged increased general correspondence, rather than advertising a special postal service. It can be considered as a forerunner of the later slogan 10770, YOUR FRIEND WILL APPRECIATE A LETTER WRITE TO-DAY, which appears to have had the same purpose.

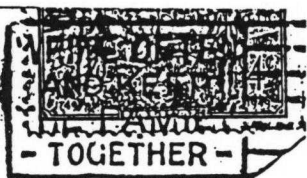

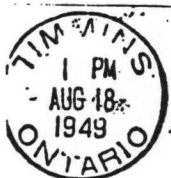

Use initiated in 1923 with three English Universal dies, there being no bilingual version. Major use ended in 1934, when the switch to Perfect dies became general, but there are exceptions. One die was re-issued in 1948, as part of the general revival of Universal dies in for use in the Pitney-Bowes machines.

Another die was re-issued to TIMMINS in 1939, following its receipt of a Pitney-Bowes machine in 1938, so this was one of the earliest revivals of an old Universal die. TIMMINS customarily retained dies for a considerable time, and in this instance usage of it has been seen in a least 1945, 1949 and 1951, so it can be assumed that it was used at least intermittently for twelve years.

Even more surprisingly, a new Pitney-Bowes die, with the same wording but slightly different format, was issued to TIMMINS in early 1952, appearing as a replacement of the 1939-51 usage when the original Universal die was no longer serviceable.

The catalogue lists use at 24 offices in 1923-26, 8-9, 1933-4, 45-48, 52. There are actually 25 offices recorded or reported, with confirmed use in 1923-26, 1928-29, 1931-34 and 1938-52. The absence of use in 1927 and in 1930 is somewhat peculiar.

Classification by dies given in Appendix A is obviously incomplete, as there are several offices documented as using a die in 1923-25 which are illustrated by a receipt strike, so they cannot be die identified. In the case of three other non-illustrated usages a die identification can assumed from the indicated dates.

Examples of the extended TIMMINS use of Universal die 1 from 1939 to 1951.

APPENDIX A

Dates without suffix are those documented as issued or returned, dates with suffix S are earliest or latest seen, if not documented.

The following offices have been documented or reliably reported as having use in the period indicated, but have not been seen, so that die identification cannot be established.
