EDITOR'S MESSAGE

As was mentioned in the last Issue, this one contains what the Editor had though would be a supplement to Cecil Coutts' remarkably fine prior listing of errors and omissions in the Proulx catalogue. Instead, however, Cecil has done a complete revision that adds 193 items to the more than 800 of the original.

This means that almost 80% of the issue is taken up by the revision, but it is well worth it, since readers will now have it in a single listing, rather than two documents. It should be pointed out that among the additions are several that have the notation "19 use, office unknown", which require some explanation.

Some time ago the Editor thought to go through a document previously received from the Canadian Postal Archives, listing in some length correspondence files pertaining to issued slogans that were catalogued and available for examination. The listings gave very little detail, other than the wording of the slogan and the year or years for which there was correspondence.

Checking these against the catalogue, many of them were not included, although there can be no doubt that they were used, probably in the year or years for which there was correspondence. However, unless mentioned in the slogan wording, the office or offices that used them were unknown. This data was sent to Cecil and he saw fit to include it in his revision, although of necessity annotated as above. If any member has one or more strikes of any of these, Cecil would appreciate being informed of the using office and date.

The last issue suggested that any member having an addition to the original listing of errors and omissions should forward it to Cecil as soon as possible for inclusion in the revision. Sadly, Cecil states that the only response he got was from John Robertson and the Editor. It is hard to believe that no other member has found at least one further error, but unfortunately it is easy to believe that members are very lazy about passing on information that should be shared.

There are some groups which expel a member if he has not contributed something more than dues over some period of time. We do not advocate such a draconian practice, but no harm in chiding most of you for sloth.

A member who certainly cannot be accused of sloth is Cecil Coutts. In addition to this massive revision that he has accomplished, he has also delved back in history and undertaken a somewhat less bulky revision of a listing of usage of slogan 10530, WHY WAIT FOR SPRING DO IT NOW, which appeared in issue 4 of September, 1988. That listing was annotated as including reports from the CPSGB published listing for 1957 only.

When Cecil indicated that he was working on a revision, the Editor recalled that he had some time ago received from Len Harris the unpublished reports on slogan use in 1958-65, during which 10530 had major use, so these reports were forwarded to Cecil and make up a good deal of the added data. However, since this was information reported only, not seen, he has referenced these usages accordingly.

It is really amazing to see how devoted the Post Office was to this rather odd slogan, with use in twelve years at almost 150 English offices and more than 60 bilingual offices in Quebec.

Since Cecil was taking up so much of the current issue anyway, it seemed appropriate to give him two more pages for this interesting list, and the Editor has never before had it so good, having to contribute next to nothing to a full sized issue.

The Secretary/Treasurer's Report of the Slogan Study Group Meeting
BNAPEX 92, St. Charles, Illinois

The meeting of the slogan study group was called to order by the group's secretary/treasurer Jeff Switt, Thursday morning, September 10 at 10:30 AM. Members in attendance were Bob Thorne, Chris McGregor, Doug Lingard, and Paul Burega. Non-members also in attendance were Ed Harris, George Smalley, Ian Taylor, and BNAPS president, Bill Robinson.

Editor Dan Rosenblat had planned to attend but was unable to do so because of recent illness of his wife. Chairman Dan Huffman was present at the dealer bourse.

An interim financial report was presented which showed that the groups finances stood at the amount of \$209.47 prior to the issuance of Slogan Box #26 which was available to those in attendance. The Secretary expressed the view that a dues assessment would be necessary for the year 1993, but the exact amount not known at that time.

The latest handbook by Dan Rosenblat was available for purchase at the BNAPS book department table operated by Don and Louise Kaye.

Plans for another book were discussed by those present. It was expressed that the editor has no interest in continuing with future books on the remaining slogans but that a compilation of previous books into a single volume with suitable additions and corrections would be considered.

BNAPS president, Bill Robinson, expressed the views of the BNAPS board of directors that such a book, without the period 1953 to present would not likely receive BNAPS funding.

Bob Thorne stated that he has been working on a major listing of these slogans and offered to collect data from members and tackle the publication of such a book. This offer was received with much enthusiasm and appreciation. Bob will be soliciting information through the pages of the Slogan Box in a structured format of his choosing as his schedule permits.

It was noted that there have not been many reviews of the Slogan Box in the Topics newsletter review column lately. Peter McCarthy should be receiving a copy of each issue as one of the five BNAPS officers.

Ian Taylor, visitor to the meeting, joined the group. Ian is a senior member of BNAPS and his slogan interest lies in the slogans of Hamilton. Welcome, Ian.

The floor was opened for nominations for office. As no one expressed an interest in the positions of editor, chairman, or secretary/treasurer, it was decided to continue another year with those in office.

The meeting was adjourned at approximately 11:00 AM with the following time spent in unofficial slogan discussion.

CORRECTIONS/ADDITIONS TO PROULX (1990) CATALOGUE
SLOGAN POSTAL CANCELS OF CANADA

Revision List No.2. October 1992.
Edited by Cecil C. Coutts

Compiled by ENAPS Slogan Study Group.

Notes:

1. Slogans with number shown in brackets, eg. (29) are not catalogued.
2. In most cases, the correction is underlined.
3. A star (*) preceding the number means a new or revised entry since revision list No.1 was published.
4. Entries which indicate "office and/or date unknown" were gleaned from official post office correspondence. There is reason to believe these slogans do exist.
