SLOGAN BOX EDITOR

Daniel G. Rosenblat
5300 Edgeview
Byron, California 94514
(510) 516-1967

Dear fellow slogan collectors:

Summer is almost over and it is time for we collectors to dust-off our albums and file boxes and return to philately.

Thanks to those of you who sent a donation or purchased a copy of the hand stamp hand book-Cecil Coutts, John Robertson, Kevin O'Reiley.

This issue of the Slogan Box contains a major update for the Classic Period. The article's author considers the Classic Period to be from 1897 through 1919; this includes the Jubilee flags and the early hand stamps. Those with updates to information in this article please advise the author.

You will note that this is issue number 49. The next issue is our 50th (Jubilee) issue. Editor Dan Rosenblat informs me that there is something special for the Jubilee issue.

Those attending the Royal in Calgary will find three hand stamp slogan cancels, one for each day of the show. You can contact the chair for a cover with the three cancels.

For your information and fellowship in collecting the following is a list of 1997 members of the BNAPS Slogan Cancel Study Group:

Classic Period Update	4

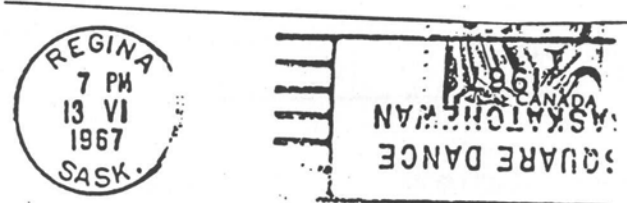

SQUARE DANCE SASKATCHEWAN 1967

Slogan S-1240

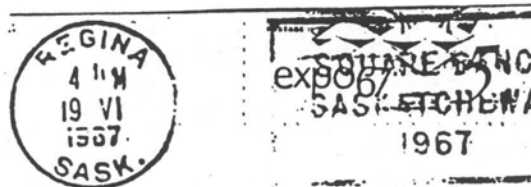

This REGINA proprietary slogan, with use in 1967 only, would not normally warrant an article, but there are a number of oddities about it that are worth mentioning. For one thing, it was never included in the Proulx Catalogue, although it can have no claim to scarcity, since the Editor, not known for quantities, has over 20 impressions of it.

Secondly, it has been seen used on June 6th, 12th and 13th with die inverted to the dater. Such inversions are not rare, but are normally noticed and corrected in short order, but the material indicates that it was undetected for a minimum of a full week, and perhaps longer. It has been seen corrected by June 19, and no later June usage has been seen. All June use is undamaged.

July use has been seen from July 3rd to 31st, but the oddity is that of 16 impressions, nine dated from July 5th to 31st are without damage, but six from July 3rd to July 15th show a clear break in the lower left corner. This very strongly suggests that there were at least two dies in use concurrently, which is entirely possible for an office as large as REGINA. However, if there were two dies, why is so much of the June use with the inverted die, since it is most unlikely that both dies would have been inverted for at least a week. Various illustrations follow.

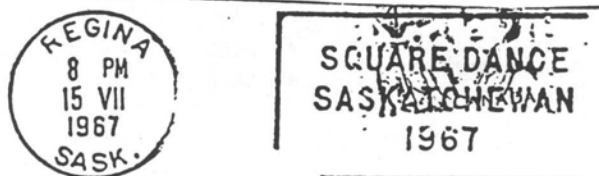

The June 13th latest die inverted

The June 19th corrected die position

The unbroken state of a die

The broken state of a probable second die

It would be interesting for a further article if members could pass on any information that casts more light on this odd situation.

ST. CATHARINES REGATTA

Slogans R-385 - 7681, C-275 - 1115 and R- 390-7682

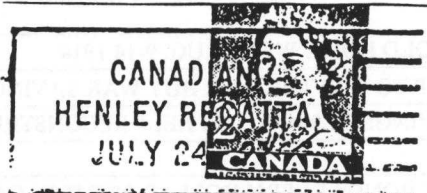

These three slogans all advertise the Annual Regatta held at St. Catharines, but are separately catalogued because of differences in wording. The inspiration for the event was the Henley Royal Regatta, which was inaugurated in 1839 at Henley-on-Thames in England and became the principal gathering of amateur oarsmen. It is most noted for the extensive rivalry of the Oxford-Cambridge university crew races.

A similar event was inaugurated at some time in St. Catharines, Ontario, since it was first postally advertised in 1920 by the issue of a Universal die of slogan R-385, reading ROYAL CANADIAN HENLEY JULY 30TH-31ST. Note that the English event had been granted use of the adjective "Royal" and the 1920 Canadian advertising, whether with or without proper authority, had also used the term.

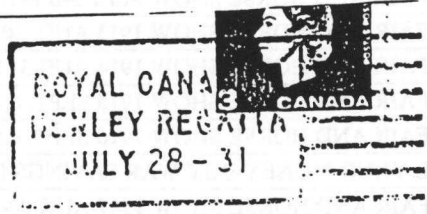

While it is probable that the Canadian event continued, at least intermittently, for many years, there was no further postal advertising until 1963, when a PB die was issued as slogan C-275, CANADIAN HENLEY REGATTA JULY 24-27. In this instance the term "Royal" was omitted, and it would be interesting to know if this was inadvertent, or if someone in authority had taken exception to an unauthorized usage. It would seem more probable that it was inadvertent, since in the following year 1964 a new die was issued, slogan R-390, reading ROYAL CANADIAN HENLEY REGATTA (dates), correcting the omission, and this was redated in 1965, but not issued thereafter.

1920 use of R-385

1963 use of C-275

1964-65 use of R-390
