Dear fellow slogan collectors:

HAPPY 1998

It's December 25th on beginning writing. I wrote the last newsletter on November 2nd saying that the weather was beautiful. Well, the weather is still beautiful. It must be plus 5 celcius (sp?). THERE IS NO SNOW. Last time there was no snow at this time of year was 1884. It's a beautiful brown Christmas.

Financially the Slogan Study Group is on very solid ground. The following is the statement of receipts and expenditures.

Expenditures

Printing, binding (including regular issue	es,
Issue #50, back issues, and handbook)	\$ 490.66
Supplies	19.23
Postage (incl. Regular issues, hand book	
and issue #50)	202.65
Total Expenditures	\$712.54
Income	
BNAPS Subsidy	\$145.00
Dues total	225.02
Donations for Handbook	75.28
Donation for Issue #50	245.97
Back Issues Sale	70.00
Sale of Hand Books	314.00
Total Income	\$1075.27
Excess of income over expenditures	\$363.16
Cash carried forward from 1996	\$150.83
Total	\$513.99
Cash carried forward to 1998	\$513.99

(Telephone calls made to members at the end of December will be subtracted from the balance)

Well, now it is the middle of January upon readying this edition of the newsletter for "press" and there is snow and it is cold. Just the right climate for being home and working on one's collection.

The chair had intended to include a first supplement to the hand stamp hand book in this issue. However, difficulties with eyesight have made that difficult and will have to be postponed until issue #52. Issue #53 will include the updates received to the 1897-1919 slogans (updates provided by Coutts, Robertson and Rosenblat). Issue #54 should begin the material on meter slogans. This issue, #51, contains the balance of the material produced by Dan Rosenblat.

1998 Study Group Dues

1998 Dues have been lowered to \$10 because of the good financial standing of the study group. Sale of hand books and several donations helped put us in a good financial position. However, to date I have only received three dues cheques (including one from a new member). Despite our small numbers we are perhaps the most active study group in terms of publications. We will again attempt a special publication for members.

TIELT THE TYPE OTTOOL

The Proulx Catalogue separately numbered six various formats of this slogan, even though the wording was either identical or the same bilingually, and Cecil Coutts had little choice but to follow this practice in his Catalogue. Nevertheless, these were all essentially one slogan, in six formats with three language styles, the formats consisting of the original group of dies and those that were later introduced as replacements and additions. They all should therefore be collected as one slogan.

Considerable space in the Newsletter was devoted to this slogan in the past, with illustrations and detailed listings of the many dies involved, all of which is too lengthy to warrant repetition. However, the catalogued separation of the use under several numbers does not afford the overall knowledge of the total usage, which is necessary for collecting it as one slogan. Therefore, this much briefer revision is a listing of all use by office, by year and by catalogue number, since the annual reissues resulted in a random mixture of formats.

There are other slogans referencing the Red Cross, sponsored by local organizations, but we are dealing here with only those sponsored nationally by The Canadian Red Cross Society, from 1927 to 1966-67. The separately numbered slogans involved are the following, with their Coutts and Proulx numbers, in the order of their earliest date of issue, and are illustrated below.

From 1927 - H-525 - 4502 - HELP THE RED CROSS - two filled crosses.

H-530 - 4503 - HELP THE RED CROSS AIDEZ LA CROIX ROUGE - English-over-French - no crosses.

From 1944 - H-520 - 4501 - HELP THE RED CROSS -two empty crosses.

From 1949 - H-515 - 4500 - Help the RED CROSS - one large filled cross.

From 1956 - H-510 - 4499 - HELP THE RED CROSS - no crosses.

From 1960 - A- 120 - 85 - AIDEZ LA CROIX ROUGE HELP THE RED CROSS - French-over-English - no crosses.

There are several sub-formats of some of these major formats, which have been referenced and illustrated in past issues, but for the purposes of this classification the sub-formats, which all carry the same catalogue number, are not included. The classification that follows includes all the 71 using offices, alphabetically with use by year, by slogan catalogue numbers, but with the 55 English using offices preceding the 16 bilingual using offices, which were all in the Province of Quebec. Unlike some slogans with use into the 1970's, there was no bilingual use outside of Quebec Province. In a few cases use has been reported or documented, but not seen, so the catalogue number of the use is not available. In these instances they are listed as "reported use."

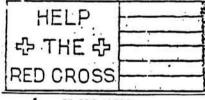

It can be noted that the national organization ceased using "HELP THE RED CROSS" after 1966, but continued to postally advertise in 1967 by sponsoring Y-60-10780, YOUR BLOOD SAVES LIVES VOTRE SANG SAUVE DES VIES. Nineteen bilingual English-over French dies were used in 1967 only, together with two French-over-English dies of the same wording as slogan V-845-10305.

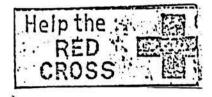

H-525 - 4502

H-530 - 4503

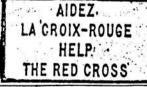

H-520-4501

H-515 - 4500

H-510 - 4499

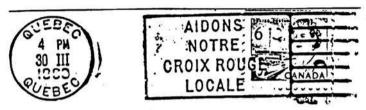

A-120 - 85

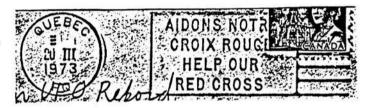

The late use at the city of QUEBEC is interesting, and sufficiently unique to warrant some special mention and illustration. QUEBEC was included in the earliest use sponsored by the Canadian Red Cross in 1927, and in subsequent use sponsored by that group from 1939 to 1960, exclusively at MONTREAL, QUEBEC, DRUMMONDVILLE and SHAWINIGAN FALLS. However, in 1961 usage ceased at these offices, with the exception of MONTREAL, and was replaced in 1961-66 at nine other province of Quebec offices.

Generally speaking, the use sponsored by the national group ceased after 1966, but QUEBEC used one of their dies in 1967, together with MONTREAL and SHERBROOKE. However, beginning in 1968, a local sponsor paid for QUEBEC use of a proprietary die of an all French slogan, A-160 - 97, AIDONS NOTRE CROIX ROUGE LOCALE, which was reissued in 1969-70. When this die required replacement in 1971, the P.O. had established its "bilingual only" policy, so the replacement die was the bilingual French-over-English slogan A-155 - 97-A, AIDONS NOTRE CROIX ROUGE HELP OUR RED CROSS.

This replacement was reissued in 1972-73, but became unserviceable thereafter, and rather than replacing it with a new die, the sponsors prevailed on the P.O. to permit a local sponsor to use the two Canadian Red Cross remaining serviceable dies of A-120-85, one of which was used at LEVIS in 1974 only and the other at QUEBEC in 1974-79.

1968-70 use of A-160-97

1971-73 use of A-155-97-A

HELP THE RED CROSS in various formats.

Using offices alphabetically, by year, separated by English and bilingual.

CHRISTMAS SEALS - TUBERCULOSIS RELATED SLOGANS

Issue 36, two years ago, had a lengthy article on this subject, with illustrations and details of dies and formats. In spite of its length, it is now found to have been quite incomplete, since it was based largely on the Editor's own material, but the publication of the Coutts Catalogue has greatly enlarged and enhanced the usage data, gathered by Cecil from a broad range of sources.

The group consists of 32 different wordings, some proprietary, sponsored locally, but most are multi-office, sponsored by The Canadian Tuberculosis Association, which considered postal slogan advertising so very effective that they eventually sponsored enough dies to permit some 1600 annual uses at a total of 193 offices, with use at 155 in the peak year of 1966. There are other slogans referencing tuberculosis, or consumption, as it was called in earlier years, but this group pertains to the annual sale of Christmas Seals which funded research and treatment of the disease.

A small portion of this use is pre-1955, when multiple dies are separable, but most were issued in the era of Master Die use, and are non-separable, except for slight changes in format when replacement or additional dies were required. It is normally interesting to trace the transit of separable multi-office dies and the appearance of differing formats of the same wording, and an effort to do so was made in the prior article. However, the scope of this group is now so vast, and so much of it is based on unseen reports, that an attempt to give such details would only apply to a small proportion of the whole, and is therefore omitted entirely from this listing.

It is probable that the appropriate way to collect this group, except in the case of the most specialized collector, is as a single entity, rather than by individual slogans. In this manner the material can be mounted or filed by office, by year, without regard for details of die or format use. The necessary data to do this is in the Coutts Catalogue, but as the Catalogue format is by slogan, not by office, the chronology of related office use becomes difficult to organize. However, with the sorting capacity of a computer, this can be done, and the balance of this article is devoted to the results of such an effort, in the hope that it will facilitate most members requirements.

In the interest of space economies, the slogans are identified in the listing by catalogue number, the Coutts number followed by the Proulx number, if any, rather than by wording. However, for ease of reference, the thirty-two slogans involved are listed below with catalogue numbers and full wording.

```

LAND OF FRUIT AND SUNSHINE

SLOGANS L-34-5205 AND L-36-5205-A

These pleasantly worded slogans had use between 1963 and 1970 at three neighbouring offices in the British Columbia fruit growing area, KELOWNA, PENTICTON and VERNON. These offices were issued three non-separable PB dies in late 1963, which were then re-issued once or twice in succeeding years. However, as was normal for dies used over several years, two of them suffered damage, one in 1966 and the other in 1968, which required issue of replacement dies. Additionally, the earliest replacement die was damaged in late 1969 and replaced in 1970 by a bilingual die of L-36-5025-A.

The original dies were first randomly re-issued in the spring of 1964, then again in the fall of 1965, but during the period 1966-68 they were re-issued twice a year, once in the spring and again in the fall. In the period 1969-70 the usage reverted to only once a year, in each case in the spring. The late use began in November of 1963 and in September in the other years having late use. The early use began in March of 1964, in April of 1966-67 and in May of 1969-70.

The sequence of use by office by die, to the extent recorded, was as follows.

1963 late use - 1964 early use - 1965 early and late use - 1966 early use - All three offices used the original dies.

1966 late use - PENTICTON used the 1st replacement die - the other two used original dies.

1967 early use - KELOWNA used the 1st replacement die - the other two used original dies.

1967 late use - PENTICTON used an original die - the other two offices are not recorded, but one must have used an original die and one the 1st replacement die.

1968 early use - KELOWNA used the 1* replacement die - the other two used original dies.

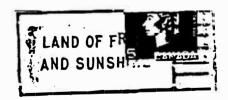

1968 late use - KELOWNA used an original die - VERNON used the 1st replacement die and PENTICTON used the 2nd replacement die.

1969 early use - KELOWNA used the last serviceable original die - VERNON used the 1st replacement die and PENTICTON used the 2st replacement die.

1970 early use - PENTICTON used the last serviceable original die - KELOWNA used the 2nd replacement die and VERNON used the bilingual die that replaced the 1st replacement English die.

AN UNUSUAL DIE ERROR

SLOGAN B-465-680

For many years the Ottawa firm of Pritchard & Andrews had been the Post Office's preferred provider of slogan dies. Their work was relatively inexpensive (until the 1950's the approximate cost of a die was \$15.00), and they were prompt, reliable and accurate. They proofed all dies that they manufactured, and some, although unfortunately only a small portion, of their proof sheets still exist.

They were not prone to making errors, and those few that they did make were normally caught in their proof reading and corrected before the die was delivered. The three proofs illustrated below document an instance were an error occurred, but was discovered and corrected before issue. These proofs are of a PB die of an Edmonton slogan reading BOYS' AND GIRLS' FAIR (dates). This slogan was first issued in 1958, with the intention of redating it in subsequent years. At first glance, it appears that it was redated in 1959 and again in 1960, but such was not the case.

The original 1958 die had a slogan box 37mm wide. It must have suffered damage in the last few days of its use, as it has been seen intact on May 1, 1958, so no attempt was made to redate it, but a replacement die was ordered, with the original wording and the 1959 event dates. The new die had a 42mm slogan box, but in error the apostrophe following GIRLS' was placed between the "L" and the "S". This was discovered in the proof reading, so a corrected new die was manufactured, again with the 42mm box.

The 1959 die survived use without damage, as it was redated in 1960, but not issued thereafter.

EXUP VIII-U.P.M. SEPT. 18-21 SEPT. 64™ CONGRESS S.P.A.

SLOGAN E-675 - 3200

This slogan is listed by Coutts, but without any explanation of the background or meaning of the several abbreviations. If you viewed this slogan on a commercial cover, you would know that it had been used at Montreal in September of 1958 only, but still might not understand its meaning or be able to conjecture about its sponsor.

However, the Editor is fortunate enough to have two items that fully decipher the cryptic text. The first of these is a cover with an attractive printed cachet, which carries the slogan impression dated on September 18, 1958, the first day of the event. This makes it clear that EXUP signifies a philatelic Convention and Exhibition sponsored by the Union Philatelique de Montreal (U.P.M). The original cachet was issued in 1951 to celebrated the Centenary of the 1851 first Province of Canada postage stamps, including the 3d Beaver, illustrated without denomination as a part of the cachet.

A quantity of these cachets must have been left over, and were put in use for a special event in 1958. There is no indication in the cachet of what the special event of 1958 consisted of, but included in this envelope was a ticket to a Banquet being held on September 20th, 1958 at the Hotel Windsor. The ticket indicates that on this occasion the U.P.M. Convention was the host, honouring the visiting Society of Philatelic Americans (S.P.A.). This Society had been founded in 1894, so the 1958 gathering was their 64th annual Congress.

CANADIAN NATIONAL SPORTSMEN'S SHOW (dates)

Slogan C-330-1170

This proprietary Toronto slogan was first issued in 1954, and was redated annually through 1963, creating ten years of continuous usage. The event always began in the second week of March and continued for nine days, so some of the difficulties that prevented successful redating, such as when the event started in different months, were not present in this instance.

Accordingly, ten years of usage should normally have required no more than two different dies, or three at the most. However, in only two of the ten years of use was a die of this slogan redated, but on seven occasions the die required replacement, so that there were no less than eight dies employed, the original and seven replacements. It is difficult to imagine why the dies were replaced with such regularity, since none of the seen usage shows any marked, damage, but some reason must exist.

It can be noted that the original die and five of the replacements were in a three line format, but the second and the eighth dies were in four lines, as illustrated below.
