Dear fellow slogan collectors:

It is now early August here in beautiful suburban St. Albert and the weather has been miserable. Yesterday was the first day of summer. We've had cold and rain and rain and rain. I hope that your summer has been better than ours especially weather-wise.

You are likely more interested in working in your garden now than opening albums. But, when you are ready you can open this double issue of the Slogan Box. This, I hope, will be the last supplement to the Hand Stamp hand book for quite some time. It includes about 200 items not listed in previous issues. There are now about 1,000 and sure to be more.

I would like to thank Cecil Coutts, Dan Rosenblat, Bill Topping, Charles Firby, Bill Bartlett, Joel Weiner, Earle Covert, Kevin O'Reilly, Robert Frost for their sendings of materials for this supplement and others

(hope I didn't forget anyone) who sent one cancel/cachet or photocopy for inclusion.

If there is encouragement from the membership of the study group I will do a second edition of the hand book and incorporate the two supplements and any new material that I receive. BUT it will take a lot of **feedback** from members.

The final issue for 1999 will feature a new find from Winnipeg and more on meter slogans. Thanks again to all and hope that you are able to make it to the BNAPS meeting this September.
