### TEMPORARY OFFICERS

Pres.: W. R. Hoffmann, 77-18 95 Ave., Ozone Park, N. Y.  
Treas.: W. C. Peterman, 80 Cranberry St., Brooklyn 2, N. Y.  
Secretary: Jack Levine, 510 Liberty Ave., Brooklyn 7, N. Y.  
Editor: H. R. Meyers, 101 W. 60th St., New York 23, N. Y.

---

### EDITOR'S PAGE

The time has come when we can think of new officers. Don't overlook the possibility of being a candidate yourself, or placing in nomination the one you want to hold a certain office, and above all, decide now that you will VOTE when elections are held. If you are tendered a nomination, DON'T refuse it, remember those who offer it think you are a capable and dependable candidate, worthy of office.

---

### NEWFOUNDLAND REVENUES

In the first two issues of Topics we published lists of Newfoundland revenues known to us, and asked our readers to add to our meagre store of information on these issues. There surely must be more varieties in existence. Won't you advise us on the items you have in your collection?

---

### ARTISTS, ATTENTION

To date, we have but one response to the President's request for sketches on a proposed Society Emblem. Everybody has ideas, and every member should make his thoughts on this subject known.

---

### YOUR QUESTIONAIRE

Has it been returned to the secretary? If not, please attend to it now. If you have lost or misplaced your card, the secretary will gladly send you another.

---

### PRESIDENT'S MESSAGE

The temperature and our membership are still up in the nineties. We hope that as the thermometer goes down, our list will rise.

Having looked over the list as to what members collect, I notice quite a few willing to exchange. We should let our wants be known by corresponding with each other, and possibly get a few items to add to our collections. An exchange circuit will be started as soon as conditions permit, but this should not interfere with individual contacts.

In this issue appears a notice of coming elections. Nominations are in order. Do your part by sending in your suggestions.

This is your club and no doubt you have some good ideas that will help make it an even more interesting club. Send your ideas to the secretary and proper action will be taken.

B. N. A. P. S. for All B. N. A. Collectors.

## LETTERS TO THE EDITOR

18 Chilton Place, Hamilton, Ont., Canada

Dear Sir:

Received a copy of B. N. A. Topics of April vintage and I note you've made a very fine start for a new stamp magazine.

I write to you to help answer what someone's asked on inside back cover of Vol. 1, No. 2 for April 1944, on how to identify shades in colors of stamps. I thought every collector of British Colonials knew that. We do here, ie those of us who are fussy over gathering in every shade of a stamp within reason. The best color guide known is sold and sent out by Stanley Gibbons Ltd. of London, England and I think the price was half a Crown, ie 2/6 or 60c. I have friends who are so fussy that even this is not close enough and they make up their own color charts, ie using Stanley Gibbons' Chart as their guide. They use cheap stamps and select in this way. They take a stamp say, called plain "red" which is called red in two or three well known catalogues such as Scott, Gibbons, and The Regent Catalogue (of London, Eng.) and use that as a start in reds and build up all the variations from it as say, carmine, scarlet, etc.

Where the catalogues named disagree on the color, shun the verdict on any one of them and wade in further and meet the color again in the catalogue and soon you'll find it where all two or three will agree. But its necessary to use catalogues which go in a lot for colors or color variations. By adopting this method a comprehensive color-chart can soon be made. It's the most accurate way to have a chart but personally, I find Gibbons' color chart good enough and I pride my collection as having more color variations than any known collection of British Empire Stamps That is my hobby, "Stamps of the British Empire," all except Indian States which give me a headache.

I hope I've given you something worth while, because I'm always ready to pass on any knowledge of stamps to one who is floundering. I am not a member of the B. N. A. Society as I have found more pleasure in the Empire stamps as above outlined. I am a member of the Ham. Phil. Society, The Ham. Stamp Club, The Can. Phil. Soc., however, and the immediate past President of the 1st named club.

Yours Sincerely,

Langsford A. Robinson, U. E. Capt.

Dear Ed:

Here are some questions I'd like to have answered by our readers—

(1) Which is the rarer booklet pane, Edward or Victoria? Present quotes place the Edward higher, but personally I think the Victoria is the rarer. This question could be decided only if owners of panes of these would advise us just what they have in their collections. Results of the poll would interest us all.

(2) Are there more than ten copies known of the \$3, 5, 10, and 20 second issue Saskatchewan Laws? Owners, kindly advise.

(3) The \$1 value of the second issue Saskatchewan Laws with normal background is not listed. Who has this item?

(4) Does anyone possess a copy of a 20 cent value third issue Saskatchewan Law Stamp?

(5) Does anyone have a mint copy of the \$5 value third issue Saskatchewan Law?

(6) Who owns a used block of four of the 50c value third issue Saskatchewan Law?

—Jack Levine

**Victoria Stamp Company**

London 40, Ontario, Canada

by Dan Meyerson

At the S. A. Brown sale of Newfoundland stamps held by Harmer-Rooke on December 19, 1940, an interesting and unlisted variety of Scott's #128 made its appearance.

This stamp was one of four provisionals issued late in 1920 because irregular direct steamer communication with England made it necessary to surcharge some stamps to take the place of the 2c and 3c stamps which had not arrived in time to take care of the existing shortage.

All of the provisionals were surcharged in panes of twenty-five (5 x 5), at the offices of the Royal Gazette in St. Johns.

The first of these stamps to be surcharged was the 15c Cabot. The surcharge consisted of the words THREE CENTS between two bars that were 10½ mm. apart, and 3000 stamps were so surcharged.

Boggs in his excellent book on Newfoundland says, "This setting was not satisfactory as the lower bar did not obliterate the figures '15' at the bottom of the stamp." Yet, when the S. A. Brown collection was sold there were two complete panes of twenty-five offered for sale. The first pane was the normal variety, but the second lot was described as a complete mint sheet of twenty-five showing variety in position of surcharge. The variety in question was that on this pane the surcharge was placed much lower and the lower bar did obliterate the figures '15' at the bottom of the stamp, but the upper figures were then left unobliterated. This sheet was purchased from the collection by Stanley Gibbons, and I have a block of four from said sheet.

Do any of our readers know whether or not this sheet was unique, since I have never seen any other copies. It would be interesting to know if anyone has a copy used on cover during the time of issue.

---

### CHATTER

Henry Gates of Alliance, Ohio, well-known collector of Canadian postage, visited with the members of the New York group at their last meeting. Mr. Gates showed the members some of the Canadian Die-Proofs he had with him, and provided much Philatelic pleasures for the observers. Thanks for stopping in, Mr. Gates. It certainly was nice having you, and we hope you will afford us the pleasure of your company at any time you are in the city.

A very kind thank you to A. L. Brophey of Montreal for his telephone call while passing through New York.

To J. R. Barraclough of Westmount, Quebec, and to John B. Kilton of Providence, R. I., also go our very sincere appreciation and thanks for their commendable cooperation in offering lists through the Sec. of prospective members. We hope and expect that other members will follow this fine example.

The "TOPICS" inadvertently provides interesting reading and informative news, but, the July issue contained bits of regrettable advices even though expressed as being temporary. No. 20's column, and the newsy bits contained therein, and Mr. Pollock's regular contribution of his informative articles, were features of the "TOPICS" that I am certain all the members looked forward to reading. We hope No. 20 catches his quota of fish in one month, and that Mr. Pollock means that he will be able to favor us with articles every other issue.

The membership list of E.N.A.P.S. certainly looks like the Who's Who of Collectors of B. N. A. postage.

On the Canadian map stamp of 1898 there occurs a variety where the color of the waters appears as "Ocean in Buff." Is this due to a chemical reaction in the inks, or was it caused by dirty plates while printing?

The Secretary still has all the available Precancels of the George VI, 1937 issue, and the present War Effort, 1942 issue. Any members who have not written for theirs yet, had better do so since the supply is almost exhausted.

# Nominations and Elections of Officers

Excerpt from the By-laws are herewith published to acquaint the members with the procedure to be followed for nominations and elections of officers.

## Eligibility

Any member in good standing, except where a professional status has been declared when applying for membership, shall be eligible to the elective offices of the Society. A member in good standing, within the meaning of that term, is one who is not in default in the payment of dues or other indebtedness to the Society, and against whom no charges are pending.

## Elective Offices

The elective offices of the Society shall be: a president, a vice-president, a treasurer, a secretary, and a board of governors of seven (7) members, none of whom shall hold any other elective office in the Society.

## Elections

The elective officers of the Society shall be so elected by ballot in the odd numbered years, during the month of January.

Nominations may be filed with the Secretary by any five (5) members in good standing not later than ninety (90) days prior to the time and date of election. Each nomination so made shall be published in the official publication, BNA TOP CS, not less than sixty (60) days prior to the election date.

An official ballot shall be prepared by the secretary containing all nominations. \*\*\* No ballot other than the official form shall be valid. All ballots shall be returned to the Committee on Elections, which committee shall be appointed by the President at a time prior to the election. A plurality of all votes cast shall be required for the election of a candidate. If no one candidate shall receive a plurality of the votes cast for such office, the Committee on Election shall provide for the issuance of new ballots for the election to that particular office. The Committee on Elections shall canvass the vote and report the results to the Secretary for filing and notice in the Official Publication, "Topics."

---

## HERE and THERE

by Quebecca

White and Brown gum on mint Canadian issues have been called Summer and Winter gums, also Damp and Dry gums. What is the real reason for the two types of gum?

Will the "Victory Issue" be a single stamp or a long set?

Are the "Small" current combination booklets from a booklet or coil plate?

Booklets of Canada have the covers printed in English and also in French.

Are both types available in all Post Offices in Canada?

Mr. Grimmer's article on Royal Visit Plate Number Blocks should be a very interesting addition to Canadian literature. There are only a few nearly complete collections of this issue and of these, his is the most outstanding collection.

Collectors interested in postal stationery should write to the Agency in Ottawa for the list of material available. If you haven't started to collect this type of material, from the stock on hand, you can build up a fine representation now, and at face value.

The George V, 3c Carmine, Perf. 12 x 8, are no longer available at Ottawa. At least they are not listed with stamps available. Have you one in your collection?

The EMCO listing of flown covers of Canada should do a lot to revive this type of collecting. But I have seen many of these covers in the past few years torn up, just to salvage the stamp, if in good condition. With aviation still in its infancy, these flight covers will have historic as well as philatelic value. When mounted they make a fine showing. Keep up the good work EMCO Journal.

Remember when you were laughed at, if you said you collected complete booklets? Well it's different today.

B. C'n you in the next issue.

## Auction Commentary

The recent sale of superb British North America by Harmer Rooke and Co., on June 28, 1944, certainly brought the buyers out in force and as a corollary the attendant prices paid for the material continued the upward trend that the stamps of B. N. A. have been going through.

As was to be expected a good many members of the B.N.A.P.S. were in attendance, and some of the finest pieces that were offered for sale now grace the collections and stocks of some of our fellow members. Because the prices realized on the show pieces may be of interest to those who were unable to attend, I am listing below a few of the prices that a choice few of the Newfoundland items were sold for.

A truly superb used copy of #2 cataloguing \$350, realized \$410.

A block of 8 of the 3d Green on thick paper, Scott's #3, cataloguing \$80, brought \$110.

A superb used copy of the 4d Scarlet Vermilion, Scott's #4, catalogued at \$200 sold for \$245, and just as fine a copy on full cover brought the same price.

The bisected 8d Scarlet Vermilion, Scott's 8a, went comparatively cheaply at \$275 and \$225 each as against a catalogue value of \$400.

A magnificent example of the 1sh Scarlet Vermilion, Scott's #9, with part o.g., which catalogues at \$1,000, brought \$810, while the same stamp bisected on part cover sold for \$310.

A superb used copy of the 1sh Orange Vermilion, Scott's #15, cataloguing \$400, sold at \$535, well over full catalogue.

The first block of the 2d Rose, Scott's #17, in mint condition to appear on the New York market brought \$110 against a catalogue value of \$80. This despite the fact that the block was creased between the stamps in addition to being cut close at the top.

In the later issues a superb mint 10c Black on white paper, Scott's #27a, brought \$8.50, or 50c more than the catalogue listing.

Two very fine copies of the 3c Vermilion, Scott's #33 with part gum brought \$14.50, and \$14 respectively against their \$13.50 evaluation in the catalogue.

The above items represent the highlights of the sale, and while the prices realized may seem high in proportion to the catalogue value, it is important to remember that the material in question was absolutely superb and sales with such material come along about once in five years. It wouldn't surprise me if five years from now many of the collectors will look back, and in retrospect will come to the conclusion that many of the items really sold at bargain prices.

### TOPICS FOR WOUNDED VETS

"Topics" will be sent gratis to hospitalized veterans who are interested in receiving literature of this type. However, in order to bring this about, some co-operation on the part of the membership is necessary. All you need do though, is to send the editor the name of a hospital you know which houses stamp collecting vets; include the complete address, and when possible, the name of the "Stamp-Collector Leader" or head of that group in that particular hospital.

## NEW PUBLICATION

Postal History students and collectors of philatelic literature will be interested in the following announcement received from the publisher.

Your attention is directed to a new work entitled:  
**CANADA and NEWFOUNDLAND STAMPLESS COVER CATALOG**  
(covering all British North America) soon to be published.

This illustrated catalog will list and price the handstamps used in B. N. A. from their start in 1774 to 1871, giving detailed information by town postmarks in alphabetical and chronological order.

A work of this sort has long been needed to guide cover collectors. The present volume is being compiled by Harry M. Konwiser, with the assistance of Frank W. Campbell and 35 other students of postal history."

Publication date is not set, but expected to be in late summer.

Judging from the quantity and quality of the compilers of this work, guided by the publishing ability of Steve Rich, you are sure to get more than your dollar's worth. Send your orders to Stephen G. Rich, Post Office Box B, Verona, New Jersey.

---

## FOR THE LOVE OF — CHARITY

The sum of \$1288.85 was realized for the benefit of the Pestalozzi Foundation, which is endeavoring to feed Europe's hungry children, when 111 lots of U. S. and British Colonial stamps were auctioned July 10 in the course of a regular Harmer sale at New York. The stamps were donated by the founder of this charitable organization, and represented part of his collection.
