Executives, Directors & Officers ● 79 ●	British North America Philatelic Society Ltd

Prepared by the Editor in the typesetting language T_EX (Greek, τ_εχ; pronounced 'tek', or for the purists, 'tech', ch as in the Scottish 'loch'). PostScript files are sent to the printers.

The image on the front cover was provided by Ron McGuire to complement his article on post office architecture. It shows an unusual winter view of the "Old Ottawa Post Office" by George McLaughlin, from his collection in the Public Archives of Canada, reference #PA-51843. It is also unusual because it was taken from canal level, and shows the entrance where boats unloaded for both the Post Office and Customs Department.

Prepared by the Editor in the typesetting language $\text{\TeX}$ (Greek, $\text{\TeX}$; pronounced 'tek', or for the purists, 'tech', ch as in the Scottish 'loch'). PostScript files are sent to the printers.

The image on the front cover shows a March 1904 registered double printed matter envelope from the editor's collection, mailed to Denmark (a very unusual rate, to an unusual destination in this period), confluent with the review in this issue of the Harrison-Arfken-Lussey registration book. The postage paid is 5¢ registration plus double the 1¢ UPU printed matter rate. It went from Olds (Alberta Territory) to Montreal via Calgary & Edmonton RPO, then to London, and finally Horsens (backstamp).
