

DUPLEX CANCELLATIONS OF B.N.A.

VOL. IV, No. 3 (whole #11)

Editor - Robert A. Lee, P.O. Box 937, Vernon, B.C. V1T 6M8

We had a very successful study group meeting in Charlottetown with 15 members and guests present. We are pleased to welcome 5 new members the first 3 who joined us in Charlottetown

- 45. Wayne Curtis, Box 74, Stn. A, Toronto, ON M5W 1A2
- 46. Alice Rosborough, 708 Victoria Ave. W, Winnipeg, MB R2C 1T5
- 47. L. Ray Horning, 515 Denbury Ave., Ottawa, ON K2A 2N8
- 48. Mrs. T. Gordon, 411 Helmsdale Ave, Winnipeg, Man. R2K OW5
- 49. Stuart A. Clark, 924 North Drive, Winnipeg, Man. R3T 0A8

Those members attending the group meeting included Jim Karr, Dick Colberg, Don Fraser, Bill Robinson, Earle Covert, John Burnett, Palmer Moffat, Bob Lee and of course our 3 new members.

As announced in our last newsletter, \$1.00 for every duplex catalogue sold is being donated to the study group. We have now sold 200 books and accordingly a further \$100.00 is reflected in our financial report below.

Finances following our 10th newsletter

Discussion at our study group meeting centred around where the group heads now that the book is completed. Three areas were explored and it was agreed that we should first seek as many:

1. Updates and additions as possible.
2. Begin a detailed hammer analysis of certain listings where the possibility exists of more than one hammer. Examples would be the early Winnipeg, Montreal and Toronto listings.
3. When the above two projects are completed, give thought to rarity factors for 2nd edition (likely 1992).

Suggestions from other members are welcome.

Enclosed an update of our membership list. You will note it includes the President and Editor of Topics who receive complimentary copies, so does the Librarian Clint Phillips, who happens to be a member of our group and to whom I mail two issues.

Enclosed as well an update of the listing of duplex articles in Topics, Maple Leaves, Canadian Philatelist etc. As before this listing was provided from the data base of David Lacelle.

The final enclosure is a computer print-out of a project I did for the 'Map Study Group', listing the known and possible duplex hammers used during the Map stamp period.

As a result of the book we have been swamped with updates, in particular, I would like to acknowledge the help of Allan Steinhart, Ross Irwin and Steve Thorning.

Below is a summary of the changes, all of which will be included in our updates to be issued January 1st. Following the summary are the deletions and then the new listings.

One somewhat sticky problem for the new listings is whether to shuffle the numbering somewhat, thereby giving them a whole number or give them a suffix letter until the 2nd edition comes out.
