First, you will note an addition to our masthead, Jim Karr has kindly agreed to become our Chairman, thanks Jim.

We have listed several new hammers since our last newsletter, an up to date list is enclosed.

In addition you should note the following catalogue corrections -

DBC-386 UCLUELET, B.C., SPELLING ERROR.  
DBC-387 UCLUELET, B.C., SPELLING ERROR.  
DON-1284 DELETE, ONLY ONE 'O' HAMMER.  
DON-1334 PORT-DOVER, ONT., DATER TYPE I, SPLIT CIRCLE.  
DPQ-1126 DATER SIZE 22.5mm.  
DUN-30 MONTREAL./CANADA. PERIOD AFTER CANADA.

Member Chris McGregor, has for some time, been working on an inventory of B.C. duplexes. Chris has recorded some 8300 strikes and has come up with a formula for a rarity factor. It would range from 1-10, RF10 being rare, RF1 the most common + \* unreported.

Chris and I are confident that if we can record similar statistics for the other provinces we will be able to produce a useful addition to our catalogue.

Needless to say, we need everyones help. I will be glad to provide a form or you may simply note the catalogue number with quantity alongside.
