More Post Office Permits in support of Canadian Olympians

Dick Staecker writes, "Very similar to the 'Cheer' cards to Athletes I have in my permit collection 4 permit cards postage paid by "Miracle Whip" in support to Canadian Athletes at the 1992 Olympic Games.

All cards have the same pictures showing 5 Olympic sport stamps while the permit (cat. B360C-190) side shows five different signatures of athletes and different 'Miracle Whip Tips' on the cards. As far as I can remember the cards were laying around free in grocery stores. I do not know if more cards with different signatures exist or if some exist in French first, please ask your readers.

Please ask your readers to let me know about unusual or unlisted permits they may have (new or old) to include in a future catalogue."

Below are illustrated examples of the earlier permits.

New Study Group Centreline Editor

After two different terms as SG Centreline Editor, Peter McCarthy has decided to step down and enjoy his other collecting interests. His second term was over 5 years in duration. He has done a superb job in summarizing the many SG Newsletters that come across his desk. I would like to thank Peter for his years of devoted service to BNAPS in meeting the deadline challenges of a regular columnist. Peter will complete the 2021 Q4 issue of BNA Topics before fully turning over the editorship to our new Editor.

Furthermore, it is my pleasure to announce the appointment of Dr. Everett L. Parker of Hudson, Maine, a long-time BNAPS member, to serve as the SG Centreline Editor beginning with the first quarter of the 2022 issues. Dr. Parker responded to a short “ad” in the last issue of BNA Topics. He should be familiar to many of you as he is a very well qualified philatelic writer having written articles for Canadian Stamp News, American Stamp Collector & Dealer, Mekeels, U.S. Stamp News, etc. In fact, from 2001 to 2005 he even edited BNAPortraits, a former BNAPS publication. He has been reviewing philatelic books for decades. He, himself, has authored over 18 books on history and philately. So, we are very excited to have someone with his wide-ranging experience to take over this popular BNA Topics column. Everett will be working closely with our Topics co-editors, Jeff Arndt and Bill Wilson as part of the editorial team. Ron Smith, BNAPS Study Group VP, will be sending out contact information and when they should start sending their upcoming articles to Dr. Parker.

Calgary Stampede Registration Hammers

Dave Freeman (dfreeman@latitude.ca) writes, "Over the years that Canada Post ran the Stampede Post Office during the Calgary Exhibition and Stampede there were three registration hammers used. Up to either 1939 or 1940 the Stampede Post Office used the Calgary Post Office Registration hammer with CALGARY, ALTA. in the registration box (figure 1). In either 1940 or 1941 the hammer was changed to Exhibition Post Office

Approx. 6.5" x 3.5"

Calgary, Alberta in the registration box (figure 2). Examples of these are shown below.

What I am trying to determine is which year the Exhibition Post Office registration hammer was first used – 1940 or 1941. If anyone has an example of a 1940 Calgary Stampede registration strike, I would appreciate seeing a scan of the strike on cover. Would be happy to hear from anyone who can assist with clarifying what year the second hammer strike was first used.

Top – 1939 registered cover with CALGARY, ALTA. strike

Bottom - 1941 registered cover with Exhibition Post Office Calgary, Alberta strike
