

"POST CARD MATTERS"

VOLUME 2, NO. 3

MAY 2001

T.N. HIBBEN & CO., VICTORIA, B.C.--BY J.C. CAMPBELL

[Our Chairman sent in these two attractive cards published by the well-known firm of T.N. Hibben and Company of Victoria. Members will note on the card's left border "Carte philatelique déposée. D.R.G.M. 222744. Ottmar Zieher, Munich (Bavière).", who is well-known for producing cards depicting worldwide stamps and scenes. Note that all of the reproduced stamps overlap so the printer and publisher would not get into hot water with postal officials! One of the curious things to me as a neophyte is why both of these carry similar "No.52" designations at the top left, yet depict different central images? Presumably it is the border number and not the scenic image number.

[Cont'd.]

I understand that Glenda Cheramy studies this publisher. Have you a listing of these "patriotic" stamp types from B.C. Glenda? Can other members contribute ones from different provinces? Ed.]

Dear Members:

Colin and I hope that all is going well and that winter's harsh days are all but gone and spring is in full bloom. Another Newsletter here and I hope that it is of some interest. Apologies for a rather abbreviated Editor's section last time, including the lack of addresses for our Chairman/Treasurer and Editor (!), but hopefully that oversight will not be continued. There was just too much to fit in. Thanks are extended to all contributors.

Please also remember that volunteers for both Chairman/Treasurer and Editor will be needed for 2002. Think about it and contact either Colin or Doug Lingard. It's never too early to "move one step forward"! There will be a few more issues from yours truly though! Given the interest, there's obviously a need for a postcard group within BNAPS. Thank you.

Members who contribute information and samples from their collections are wonderful and they make life of an Editor easy as 1-2-3! It's appreciated.

Not much in the way of "small ads" but please seek them out within this issue and respond if you can. Collecting is much easier when one happens upon a treasure--especially from another collector or dealer no longer interested in that particular card.

The next issue will be produced sometime over the summer and until then, your officers hope you have a pleasant season and treasure hunt!

BNAPEX 2001 AUCTION NEWS FOR MEMBERS

BNAPS CONVENTION AUCTION AN OPPORTUNITY FOR BNAPS MEMBERS

Do you have stamps or covers which are no longer wanted? Have you ever wondered how to dispose of your 'specialized' material in which you have lost interest or which has become irrelevant in your current collection? What will happen to those stamps which really need someone quite knowledgeable to appreciate?

At the annual BNAPS Convention being held in Ottawa from Aug 31st to Sep 2nd, the Organizing Committee is holding a public auction which will feature *specialized BNA material*. It will be an opportunity to sell your unwanted or no longer needed specialty stamps and covers to one of the largest gatherings of BNA specialists to be assembled in a long time. If you have ever attended a BNAPS Convention, you know that this is the place to get the best prices possible. That's why so many dealers signed up a year in advance!!!!

This Convention is shaping up to be one of the best in many years. Over 200 members are expected to register along with a walk-in crowd of over 500 from Ottawa and surrounding areas. The Exhibit Chairman is planning for more than 200 frames. The Bourse Chairman has 27 dealers committed to attend, including the largest number of BNA postal history dealers ever. It will be quite an assembly of BNA specialists.

The auction is being professionally planned and operated with the donated support of Ian Kimmerly and his staff. A colour catalogue will be printed on the eve of the Convention and passed to all attendees as well as being posted to the BNAPS Web Site - it is expected that more than 1000 philatelists will see the catalogue. A maximum of 200 lots are being accepted. Net proceeds will be used to reduce Convention costs.

The auction will be called at 5PM on Sep 1st and will be open to bids from the Convention floor and by e-mail to those who view it on the Web. There will be no premium on the hammer, resulting in the entire bid going to the Consignor. Reserves may be placed on each lot. Consignor fees are being kept simple - \$100 per sold lot and \$50 per unsold lot - so the more valuable the lot, the greater the saving to the Consignor.

If you are interested in consigning one or more lots to this auction, they need to be received in Ottawa no later than Aug 30th, but the earlier, the better, as lot descriptions will be posted on the Web as soon as available, probably starting in July. A Consignment form is available on the BNAPS Web Site. Alternatively, it may be received from Andy Ellwood at Box 83004, Vista Centre, Ottawa, ON K1V 1A3. Any questions may be answered by calling him in the evenings at 613-737-2137. *We look forward to serving you.*

NATIONAL MUSEUM OF CANADA BIRD SERIES--BY W. GUTZMAN

I have a set of fifty cards signed by artist Allan Brooks. This is not, of course, the same chap who held travel talks about Labrador (Vol.2, No.2, p.64). This bird series is a really beautiful one. It also gives

the name of the bird in English, French, and Latin! Note that these cards are labelled "Series A".

Does anyone have information on what other series exist and what they consist of? [I agree that these cards, in colour, are quite attractive. I've only seen "Series A" too. Can members add to the above and answer Wally's questions? Ed.]

BLACK-CAPPED CHICKADEE
Parus atricapillus
Length, about 5.25 inches

MOUNTAIN CHICKADEE
Parus gambeli
Length, about 5.25 inches

These two chickadees are so nearly alike in form, colour, and habit as to bear treatment together. The Black-capped extends across the continent practically from coast to coast. The Mountain Chickadee is confined to the western mountains. They are both permanent residents wherever found and do not migrate in winter.

The chickadee is the merriest and happiest denizen of the woods. No matter what the weather may be, its soft "Chickadee-dee-dee" or its sweet, clear "Spring's here" is always cheery and bright. It hangs from the airiest branch-tips and swings right or wrong side up, with equal ease, while it investigates with microscopic eye for minute insect food that might grow large and great with damaging possibilities.

EMBOSSSED CARDS RE-VISITED--BY W.O. BUCHANAN

[Bill recently wrote in the following and added to Ken Ellison's previous article on embossed cards (Vol.2, No.2, pp. 62-63). Can members add to the following listing? Ed.] "The article on embossed cards was, of course, of interest on account of the large number of this type of card published by Warwick Brothers, MacFarlane, and Illustrated Post Card Co., New York. I just don't know how many are out there and I have noted other types in my own collection. This certainly looks as if it is a good subject for further study".

NEWSLETTERS RECENTLY RECEIVED

A few newsletters have arrived which members may be interested in. I appreciated receipt (from member D.S.--thanks Don!) of the Vancouver Postcard Club Newsletter which was very impressive. Under the guise of Editors Peggy Imredy and Margaret Waddington, the four-page publication contained articles on Vancouver Grocer Joseph McTaggart (along with a very nice--presumably real photo card--of his business delivery wagon); buying and selling on the Internet and giant eBay; show news and views by member John Cheramy; and a book review of Frank Staff's Picture Postcards and Travel. Published five times per year, anyone interested can contact Don Steele at the address listed on the nominal roll of members.

Another one which I subscribe to, which is equally impressive, is that of the Journal of the Post Card History Society. Jim Ward, 1795 Kleinfeltersville Rd., Stevens, PA USA 17578-9669, prints it quarterly and there is usually colour on the front page. Although much of the contents are focused on U.S. and international cards and topics, it's quite good. The present issue deals with serigraphs, steamships, "vinegar valentines", and early postcard clubs. A yearly subscription costs US\$6 postpaid and anyone interested can contact Jim at the above address or phone him at (717) 721-9273 or email: midcreek@ptd.net (.)

CAMP BORDEN, ONTARIO--BY J.C. CAMPBELL

These are Avro 504K's in a hangar which, I believe, was in Camp Borden, Ontario shortly after the First World War. The machine in the foreground has registration number G-CYAU. I bought this real photo card (unused) on September 22, 1968.

These machines were built in England as early as 1913. Many of Canada's early military pilots were trained on these airplanes in the 1920-1924 period. It is likely that these aircraft were given to the Canadian Air Board in 1919 by the British.
