WHERE ARE THE 'AMERICA' STAMPS

Revenue Group Member Adolph Koepfel has completed the first definitive survey of the whereabouts of the 1765 British Tax Stamps for America. The listing is contained in his new book, to be published in March 1976 by the Town of North Hempstead American Bicentennial Commission. The book consists of over 200 pages and includes more than 50 illustrations of the stamps and stamped documents, both in private hands and in the archives. Documents are described and illustrated in chapters on the administration of Justice in Quebec during the Stamp Act Period, the Archives at Jamaica, Barbados and Nova Scotia. The author has uncovered and illustrates the only known surviving copy of the three shilling West India Stamp. The Halifax Gazette and the American Stamp Act, is richly laden with illustrations of the surviving newspaper stamps and choice Stamp Act coverage from the pages of the newspaper. Finally, Counselor Koepfel, in his chapter on the Stamp Act has presented a penetrating insight into the men who drafted the Act and has redrawn the Act itself into clear modern-day form. The book contains many other interesting and heretofore unpublished material on these rare stamps.

The book is in hard cover and the edition is limited. Orders at \$15.00 postpaid are being taken now. c/o Town of North Hempstead American Bicentennial Commission, Town Hall 220 Plandome Road, Manhasset, New York 11030
