**Chairman's Message:**

Dear Fellow Member,

Once again we have some very interesting articles. I wish to thank Cecil Coutts for doing such a fine job pointing out the downfalls of the Proulx Catalogue. Keep up the good work Cecil.

As evidenced in the heading, Dan Rosenblat has moved to Florida. This long term correspondence will not slow down the publication of our Newsletter. Dan continues to amaze me with his vigor and dedication to Canadian philately.

It's hard to imagine that it is already the first part of May. The "ROYAL" show in Edmonton is just weeks away. I hope that some of you will be able to attend. If there are enough Slogan Group members present, we should have a casual get together.

Until the next issue, I hope all is well.

Your Chairman,

Dan Huffman

## FORT WILLIAM -- PORT ARTHUR THUNDER BAY

While the subject of this article may be familiar to Canadian members, that is unlikely to be the case for those in the United States or United Kingdom. It concerns a somewhat unusual merger of two Ontario cities into a single entity with an entirely new name.

Fort William and Port Arthur had always been referred to as "twin cities", as they were practically adjoining. In terms of slogan usage, from the beginning they had frequently used two similar dies of the same slogan to advertise joint events. These originated with slogan 10410 in 1914, advertising the WEST ALGOMA AGRICULTURAL ASSOCIATION, followed in 1919 by slogan 3588, FORT WILLIAM-PORT ARTHUR FALL FAIR, and in 1926 by slogan 2580, DOMINION TRACK AND FIELD MEET.

In 1940 they did not have similar dies of slogan 10140, VISIT THE CANADIAN LAKEHEAD EXHIBITION, but a single die was used first at Fort William, then sent to Port Arthur. In addition to these shared proprietary slogans, each office had considerable individual use of postal directive slogans over the years, so they are familiar names to slogan collectors.

However, after 1969, both of these familiar names disappear entirely as is explained in a letter from the Postal Archives, dated November 20, 1969, sent by the Director of Postal Service to all Headquarters Officials. This is reproduced in part below, indicating just what happened and when.

---

### POSTAL SERVICE - THUNDER BAY, ONTARIO

The twin Cities of Fort William and Port Arthur, Ontario will be amalgamated to form the new City of Thunder Bay, Ontario effective the 1st January 1970.

For the time being this will not entail any organizational changes. The two major installations providing service to our customers will continue to operate as independent Staff Post Offices until the construction of a central mail processing plant. At that time the status of the existing facilities will be changed from Staff Post Offices to Postal Stations.

Until the establishment of the proposed mail plant and in co-operation with the City Council of Thunder Bay in a plan to promote the use of the name "Thunder Bay" as the primary address, the postal designation of the existing facilities is being changed as follows:

#### FORT WILLIAM

New Name - Thunder Bay Postal Station "F"

#### PORT ARTHUR

New Name - Thunder Bay Postal Station "P"

## 1948-50, THE YEARS OF THE GREAT REVIVAL

During a three year period, from January of 1948 until October of 1950, the Canadian Post Office appears to have adopted a very deliberate policy of reviving in a major manner the use of earlier slogans, many of which had not been previously used since 1934-35. These revived usages were largely of the numerous postal directives that had been issued in 1922-26 to advertise various postal services.

There was also concurrent revival of important sponsored non-postal directive slogans, such as HELP THE RED CROSS, HELP PREVENT FOREST FIRES, REMEMBRANCE DAY and OBSERVE SUNDAY, but this article deals only with the revival of the postal directives, indicating the reasons for it, the slogans involved and using offices.

The almost total change-over from Universal machines to Perfects, which began in 1930 and was completed in 1935, effectively obsoleted the Universal slogan dies that had been issued in great numbers prior to it. This presented the P.O. with the alternatives of either spending considerable sums for replacement Perfect dies or severely curtailing the much favored advertising of its own services. The economics prevailed and the Universal dies were largely retired, rather than replaced.

When Pitney-Bowes machines began to replace Perfects in 1937, it was realized that they could use the older Universal dies, but very little advantage was taken of it for some time. This was probably because it was not until the mid-1940's that major offices, other than TORONTO, OTTAWA and HAMILTON, were issued the larger Pitney-Bowes machines. Most of the new machines issued were the smaller type, suitable only to minor offices not normally considered as warranting slogan use.

However, by 1947 it was recognized that valuable postal advertising was wasted by this attitude. Many of the old Universal postal directive slogan dies had been carefully retained for over ten years, and were still serviceable. Accordingly, in early 1948 a program was initiated to extensively re-issue and rotate these dies, especially to small offices, most of which had no previous slogan use of any kind.

The revival was not entirely restricted to the 1948-50 period, there having been some slightly earlier experimental use. Also, in a few instances the last office issued a revived die in 1950 retained it for some years later, but the major revival began in 1948 and ended in 1950.

Nor was the revival entirely restricted to small offices, though it was obviously intended to include many of them. It also included limited use by BELLEVILLE, EDMONTON, KINGSTON, LONDON, NEW WESTMINSTER, NIAGARA, OSHAWA and ST. CATHARINES, but notably not TORONTO or other major Pitney-Bowes equipped offices. Of 89 offices involved in it, 81 were minor to medium sized. The total of 275 usages ranged from offices using only one slogan to a maximum of 10 for KAMLOOPS, with the average per office just over three.

A listing of the 89 offices follows, and it should be noted that it includes CHATHAM N.B. as well as CHATHAM Ont., WOODSTOCK N.B. as well as WOODSTOCK Ont. and WINDSOR N.S., though not WINDSOR Ont.

Not all earlier postal directives were included in the revival, probably more because they had no surviving dies than that they were not considered worthy. However, a total of 27 were revived, 26 being English and only one bilingual, since the great majority of Quebec offices still retained Perfect machines at the time.

The usages of the 27 slogans between 89 offices rotated frequently, the most often, probably because they had the greatest number of surviving dies, were the combined slogans 6860 6861 and 280, three formats of PARCEL POST REACHES EVERYWHERE, with 59 issues, slogan 7525, REGISTER ALL LETTERS OF VALUE with 45 and slogan 4815, INSURE YOUR PARCELS AT THE POST OFFICE with 31. A listing of the 27 slogans follows.

## TORONTO MULTI-YEAR PROPRIETARY SLOGANS

) From the inception of slogans in 1912, sponsors had pioneered TORONTO use of multi-year proprietary slogans, including such classic examples as CANADIAN NATIONAL EXHIBITION, HELP THE MUSKOKA and ROYAL WINTER FAIR. These all used multiple dies, as did several later slogans, but there were also a number of multi-year slogans using only a single die, generally re-issued each year with dates altered. Several of them are worthy of review and illustration of the die usage as replacement was needed by reason of wear, machine type changes or difficulty in altering event dates.

### Slogans 7753 and 7748, SAFETY CONVENTION

These slogans were sponsored from 1930 by the Industrial Accident Prevention Association, organizers of an annual Safety Convention that was advertised in at least twenty-one years, nineteen times at Toronto and once each at Hamilton and Windsor. The Convention was normally held in late April, with slogans put into use approximately two weeks earlier.

It is notable that the event was continuous through the 1939-45 war years, being considered sufficiently important to avoid the interruptions experienced by so many other events in this period.

While TORONTO began to switch from Universal to Perfect machines as early as 1930, first usage of slogan 7753 was still of a Universal die reading SAFETY TORONTO APRIL 24TH AND 25TH-1930 CONVENTION. The die format was that introduced in 1926, with a grid omitted and wording extending over the entire width of the die. The die was re-issued in 1931 with only the dates altered.

1930 Universal die,  
used first in 1930-31.

1932 Perfect die,  
used in 1932-34 & 1936-37.

By 1932 TORONTO had ceased all Universal die use and the issue of a new Perfect die became necessary. The dates, wording order and format were somewhat changed, being now in five lines rather than four and with a short grid at the right. This die, with the dates altered each year, was re-issued in 1933-34.

The Perfect die was not re-issued in 1935 because the site of the Convention was changed to HAMILTON in that year only, and advertised there with a Perfect die of slogan 7750, very similar in format and wording to the TORONTO version. It was re-issued in 1936-37, but was again omitted in 1938 when the Convention was held at WINDSOR, advertised there with a Perfect die of slogan 7755.

By 1939 TORONTO had switched from Perfect machines to Pitney-Bowes, so the Perfect die used in 1937 die was obsoleted and could not be re-issued. However, it was then realized that any retained old Universal dies could be used again in the new Pitney-Bowes machines, so the 1930-31 Universal die was revived and re-issued with dates altered. This was one of the earliest Universal revivals, a practice that did not become general until the major revivals of 1948-50.

The revived Universal die was re-issued in 1940-41, but must have been unserviceable by 1942, since it was then replaced by a new Pitney-Bowes die with a four line format and a normal sized grid at the right. This served through 1946 before requiring 1947 replacement by a very similar die, separable from the previous one only by minor differences in letter placement.

# TORONTO MULTI-YEAR PROPRIETARY SLOGANS

Slogans 7753 and 7748, SAFETY CONVENTION continued

1930 Universal die,  
re-issued in 1939-41.

1942 Pitney-Bowes die,  
used in 1942-46.

The 1947 die was re-issued in 1948-49, but a new third die replaced it in 1950. This was slogan 7748, separately numbered because the wording was altered to eliminate TORONTO and the lesser wording was accommodated on three lines, rather than four. It was never re-issued, since advertising of the Convention ceased after 1950.

1947 Pitney-Bowes die,  
used in 1947-49.

1950 Pitney-Bowes die,  
used in 1950 only.

Slogan 5830, BUY AN APPLE (date) HELP THE BOYS

This slogan was first issued in 1937, with use only until 1939, probably terminated by the outbreak of the war. However, the use spanned the Toronto change-over from Perfect to Pitney-Bowes machines, so the final 1939 use had to be from a new die of the different type. The slogan was sponsored by the Boy Scout Association of Toronto to advertise its annual apple sale fund-raising program, and the two very similar dies were both illustrated with an apple above the wording.

1937 Perfect die,  
used in 1937-38.

1939 Pitney-Bowes die,  
used in 1939 only.

Slogan 1640, CHILDREN'S MILK FUND TAG DAY (date)

This was first issued in 1938, so the original usage was from an early Pitney-Bowes die and did not require replacement because of machine type changes, but rather for other reasons over its rather extensive use to 1951. It was sponsored by the Canadian Progress Clubs' Milk Fund to advertise its annual Tag Day fund appeal, with the event date in June.

The die was re-issued in 1939-41, all with June event dates, but it is probable that the date was changed to late May in 1942 and that this change could not be effected by altering the die, but rather required a new die that the sponsors were not then prepared to purchase. 1942 usage was therefore omitted.

In 1943 a new Pitney-Bowes die was used, with the same wording in a thinner type face and a May date. However, in 1944 only, the event date reverted to June, which change could not be handled in the new die. It could, however, be used in the original die, which was therefore re-issued for 1944 only. All 1945-51 use shows a May event date, so the replacement die was re-issued in each of these years.

See illustrations on the following page.

## Slogan 1640, CHILDREN'S MILK FUND TAG DAY (date) continued

1938 Pitney-Bowes die,  
used in 1938-41 & 1944.

1943 Pitney-Bowes die,  
used in 1943 & 1945-51.

## Slogan 3905, GIVE TO THE BLIND (dates)

This slogan was initiated in 1940, sponsored by the Canadian National Institute for the Blind to advertise its annual fund appeal. Although the appeal was nation-wide, it was held at different dates in different cities, so the slogan was used only at TORONTO with dates of that city's local campaign. The three line Pitney-Bowes die was rather attractive, with minor ornamentation. It was re-issued in 1941, but must have quickly become unserviceable, since it was replaced in 1942.

The 1942 replacement die had the same wording as before, but in smaller lettering without ornamentation. The slogan was not re-issued in 1943-45, probably a war-related omission, but use resumed in 1946, though oddly from another replacement, since the first die had been used in only one year.

1940 Pitney-Bowes die,  
used in 1940-41.

1942 Pitney-Bowes die,  
used in 1942 only.

The 1946 die was very similar to that of 1942, with only minor differences in letter placement. It was re-issued in 1947-51, then replaced by a final new two line die in 1952-53. The catalogue lists an undocumented and unrecorded TORONTO 1953 use of slogan 7552, REMEMBER THE BLIND, but it appears very unlikely that this would have been used concurrently with the last use of slogan 3905.

1946 Pitney-Bowes die,  
used in 1946-51.

1952 Pitney-Bowes die,  
used in 1952-53.

## Slogan 9830, USE OF POSTAL DISTRICT NO. SPEEDS TORONTO MAIL

In 1944 TORONTO began use of a different type of proprietary slogan, not sponsored to advertise an event or cause, but rather issued by the post office itself to advertise an aspect of Toronto service. The original Pitney-Bowes die of 1944 had continuous use from April of 1944 to late February of 1945. At that time it must have suffered damage, since a very similar die replaced it, retained until late 1947.

1944 Pitney-Bowes die,  
used in 1944-46.

1946 Pitney-Bowes die  
used in 1946-47.

# TORONTO MULTI-YEAR PROPRIETARY SLOGANS

## Slogan 9275, SYMPHONY WEEK IN TORONTO (dates)

This slogan was initiated with a Pitney-Bowes die in 1945, showing event dates in October only. When it was desired to re-issue it in 1946, the event dates had changed to late September-early October. This made altering the dates too complicated, so a replacement die was required in 1946. The replacement was then re-issued in 1947-48, during which years the event dates remained late September-early October.

1945 Pitney-Bowes die,  
used in 1945 only.

1946 Pitney-Bowes die,  
used in 1946-48.

## Slogan 555, BEAUTIFY YOUR COMMUNITY IN MAY

This slogan was initiated with a Pitney-Bowes die in 1953, re-issued in 1954-57 before requiring replacement. A new die, with the same wording in small letters, was issued in 1958 and re-issued in 1959 only. The small lettering appears to have suffered damage, requiring 1960 replacement with a new die, still with the same wording, but with slightly larger lettering. This third die was re-issued in 1961, after which usage ceased.

1953 Pitney-Bowes die,  
used in 1953-57.

1958 Pitney-Bowes die,  
used in 1958-59.

1960 Pitney-Bowes die,  
used in 1960-61.

Use of the BUY VICTORY BONDS slogan during World War II has been well documented by Bob Thorne and Dan Rosenblat in previous issues of the Slogan Box. An interesting collateral item has recently come in my possession which gives an insight to the bonds themselves.

The envelope is printed all in black ink...the decorative borders at both ends, the OHMS inscription, the simulated handwritten address and endorsement, and even the simulated OTTAWA postmark "dated" April 22, 1943. The envelope flap has no gum and was distributed unsealed. The envelope dimensions are 4" by 9" and has been reduced in size for reproduction.

This date coincides with the fourth use of the BUY VICTORY BONDS slogan in April of that year as noted in the die distribution data that Dan provided in Issue 23.

The "letter" is also a total print job. The letter itself requires little explanation as it is a straightforward sales pitch for buying bonds under the Fourth Victory Loan in an attempt to raise one billion, one hundred million dollars. It is curious that the letter is dated April 26 while the envelope is dated April 22, four days earlier. Now that's postal efficiency!

The really striking aspect of this promotion is that the Ministry of Finance did not see fit to use an impression of the BUY VICTORY BONDS slogan but opted instead for a standard wavy line simulation. Considering that the slogan had been in recurring use since 1941 this oversight is viewed by this writer as a major oversight.

Unlike many other official forms this pair bears no printing code to give us a further date or quantity. Do other promotional letters exist for the other Victory Loan campaigns?

Ottawa, 26th April 1943.

Dear Fellow Canadian:

I should like to present to you seriously some of the ways in which you and I can help to win this War. Much of the news we receive from Overseas is encouraging but we know that there is yet a long way to go before the conflict ends. The news concerns itself largely with the actions of convoys, divisions, tank brigades and bombing squadrons, yet the successes of these great instruments of war are decided by the individuals who operate them and whose heroic devotion to duty makes the mass success possible.

Exactly the same rule applies to the enormous sums needed to win the War. The billion one hundred million dollars that I have announced as the objective of the Fourth Victory Loan is a case in point. That billion one hundred million dollars is a sum arrived at by a simple calculation - money we need for Victory loaned by individual Canadians who are willing to reduce their scale of living to a minimum to make that Victory possible. We ask much of our men in uniform - can we ask less of ourselves? In this Victory Loan it is not what others may or may not do, it is what you and I as individuals can and will do.

Victory Bonds of the new issue will be in denominations to fit each individual's needs. They bear interest at 3% per annum and will fall due in 1957. They can be bought for cash or on instalments. I earnestly recommend that we buy for cash from our savings and then purchase still more on the instalment plan. A Victory Loan salesman will call on each of us. Let us welcome him, ask him all we wish to know about Victory Bonds and then purchase to the fullest possible extent of wartime self-denial. Then, let us make sure he has a chance to meet and talk Victory Bonds with each member of the household, not only to save gasoline and time, but also to give everyone an opportunity to invest in Victory.

Yours sincerely,

  
Minister of Finance.

# PROULX CATALOGUE ERRORS AND ADDITIONS

## EDITORS NOTE -

Some months ago member Cecil Coutts informed me that he was working on a major listing of corrections and additions to the Proulx 1990 catalogue, and asked if the Group would be interested in publishing it. I replied that I thought it would be the most important thing that we had ever published and proposed that, when ready, it be presented separately from the Newsletter, as a special bonus, somewhat on the lines of the Air Mail slogan listing of a few years ago.

The work is now as complete as reasonably possible, and rather shocking in its extent. Nevertheless, it is certainly not complete and members with anything to add should send their data to Cecil Coutts, 34820 McLeod Ave., R.R. 9, Abbotsford, B.C. V2S 6B7, so that hopefully he will be able to publish supplements from time to time.

Because the Editor will be moving to Florida in the later part of April (See new address in the masthead) he was going to have some problems in putting together this issue of the Newsletter, so to solve these it was decided to make Cecil's work the lead article of this issue, rather than as a separate publication.

## I N T R O D U C T I O N

by Cecil Coutts

This revision was undertaken out of sheer frustration. Successive Proulx Catalogues have carried the same errors from one to the other. In addition, so many slogans were missing that I felt a complete overhaul would be of some benefit to collectors. This revision is not the final word. Other corrections/additions await discovery.

Slogan Study Group member John Robertson and our Editor, Dan Rosenblat, were the major contributors to this revision. I understand Bob Thorne worked in concert with John. To a lesser degree, but of great value, were submissions from Jeff Switt. The author included a few of his own.

I am indebted to those mentioned as well as to members of the Study Group who have reported corrections/additions through the Newsletters.

This revision includes 127 new entries, and 219 corrections to existing text where spelling was corrected or missing text completed. The largest group were the updates. Approximately 474 new dates and/or new towns are reported. So, total entries appear to be about 840.

A few additional entries have been found since the whole document was printed, so to avoid a complete reprinting they are listed as follows:

(1797) - COLCHESTER CENTENNIAL 1879-1979 (Flag) TORONTO JULY 4-6  
(Bilingual) Truro use 1979.

6883 - Spelling is PARTICIPATION

(8632) - STAMPEX 80 TORONTO JULY 4-6 (Flag) (Bilingual) Toronto 1980

9797 - Add Surrey use 1987. (This is post-Proulx catalogue.)
