Byron, California 94514  
(510) 516-1967

## Special 50<sup>th</sup> "Jubilee" Issue

Dear fellow slogan collectors:

While the summer is gone, it has been a beautiful Fall here in St. Albert Alberta. It's November 2<sup>nd</sup> as I am writing and today one can still walk outside with only a light jacket or sweater. If this lasts through January I'd say we have winter licked.

### Special 50<sup>th</sup> Issue

On a more serious note, This is the fiftieth issue of the Slogan Box. With this special issue there are over 1,500 pages of slogan postal marking information available through this continuing source. One of our recent members purchased a full run of back issues and was most impressed by all the work done by study group members, especially by our editor, Dan Rosenblat. Dan has done it again and the pages that follow are certainly a tribute to his efforts on behalf of slogan collecting. As well, the extraordinary costs of printing and distributing this special 50<sup>th</sup> issue of the Slogan Box are made possible through a special donation from Dan Rosenblat. On behalf of all of the study group members, thanks Dan.

Cecil Coutts reports some startling finds in an important article in this issue of the Slogan Box.

### Plans for 1998

1997 is almost over and this is the last issue of the Slogan Box for 1997. Next year promises to be an interesting year for slogan collecting. While research on machine slogans will be the central focus of the

Slogan Box, a supplement to the hand stamp book will be in an early issue of the Slogan Box. As well, to-date findings on meter slogans will also be published during the year.

### 1998 Dues

Thanks to a cash balance at the beginning of 1997, membership dues, BNAPS subsidy, book sales and donations have kept the study group solvent. For those who were members in the Slogan Study Group during 1997 I believe that we can lower the 1998 dues to \$10. I believe that we can request \$15 from new members. Members in 1997 have gotten a real bargain and I think that value for money will continue into 1998. (An accounting of our finances will be provided in the first issue for 1998).

### Volunteer Wanted

I have now served as chairman of the Slogan Cancel Study Group for two years and have fully enjoyed the heavy responsibility. I am willing to continue but if there is anyone willing to take on the chairmanship I would be willing to retire from the onerous duties. Please advise me as soon as possible of your interest.

1912-53 Proprietary Slogan Use by Offices (ILLUSTRATED)	4

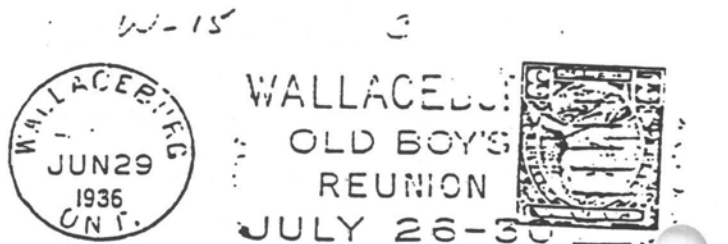

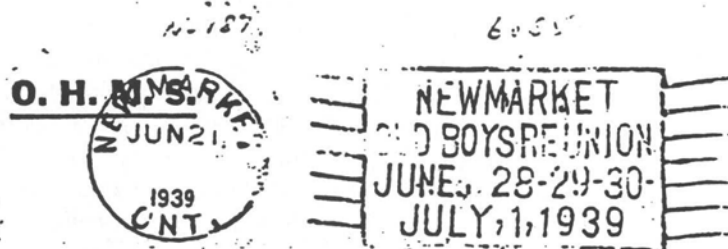

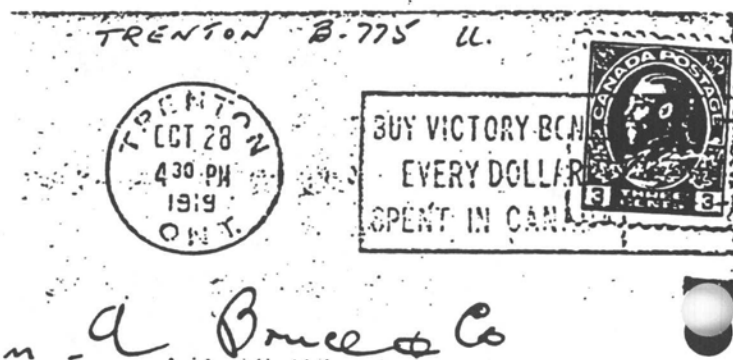

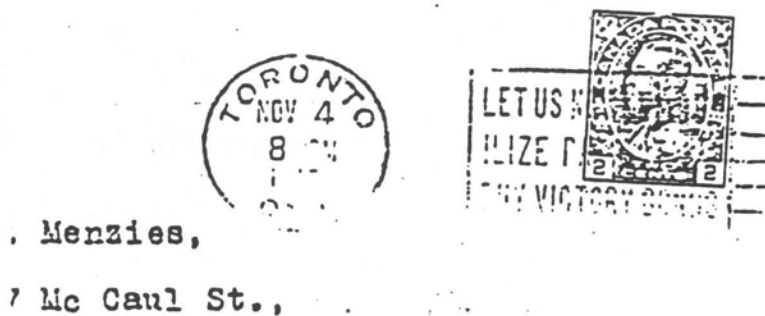

## More Updates From Cec Coutts

The author is in the process of examining a major slogan accumulation. In the process, new and exciting discoveries continue to present themselves. While more will be reported as the work continues, in the interim, readers might benefit from a few of the early findings:

The discovery of an unreported Toronto slogan is by far the most significant find. Slogan L-230 LET US NOT DEMOBILIZE PATRIOTISM BUY VICTORY BONDS has been a controversial one at best. Readers will recall that initially 17 offices were reported. This was reduced to 13 following extensive study by the Slogan Box editor, Dan Rosenblat. Now we have this Toronto find dated Nov.4, 1919. Toronto, which had five Universal machines at this time, was running other post-war-related slogans concurrently namely, B-770, B-775, B-790, K-25 and V-110. The scarcity of a Toronto slogan probably resulted in one of two occurrences. Either the die became unserviceable after a short period, or more likely, the other war slogans took precedence. In any case, collectors should check their Toronto holdings for another copy of this slogan which at this time certainly appears to be elusive.

Similar to the above, is the discovery of B-775 BUY VICTORY BONDS EVERY DOLLAR SPENT IN CANADA at Trenton, Ontario. The Universal die is dated Oct 28, 1919. Like L-230, doubts have arisen as to the number of offices issued this slogan. Trenton was not a prolific slogan user and certainly this 1919 example is the only one seen during the classic period 1912-1919.

N-187 NEWMARKET OLD BOYS REUNION JUNE, 28-29-30-JULY, 1, 1939 is a slogan (unlisted in Coutts) from Newmarket, Ont. Proulx did include this as 6085 but it was thought by some members of the Slogan Study Group that the same was a rubber stamp. It seems clear now that this item was machine made. The Columbia die is unusual in that killer bars or skid marks are seen on both sides of the text. The visual appeal of this large four line slogan is similar to another Columbia die - W-15 WALLACEBURG OLD BOY'S REUNION JULY 26-30.

## EDITOR'S MESSAGE

Welcome to Issue 50 of the Slogan Box. This Golden Jubilee issue appears to deserve some special status, so it will be of a much greater volume than any prior issue, but members need not fear that the Group's treasury will be devastated by the unusual reproduction and postage charges. The Editor has undertaken to personally underwrite all the costs of this issue over and above the cost of a more normal one, in the belief that it is a small price to pay for the privilege of presenting what he believes can become a valuable addition to the philatelic library of any collector of the slogan postal markings of Canada.

This issue contains a listing of the proprietary slogans issued in Canada during the period 1912 to 1953 by office in alphabetic order. A similar listing was contained in the Group's handbook of all slogans of this period, published by B.N.A.P.S. some years ago, but this has been added to, updated and most importantly, is fully illustrated. The illustrations are, wherever possible, clear impressions from the Archive Proof Books, although there are some items missing from the proofs, and these have had to be illustrated with photocopies of actually used impressions. Fortunately, the Editor had, either in his own collection or as photocopies of rare items from other collections, an example of every slogan die required to illustrate this work, with the exception of one very rare Columbia die used at Nelson, B.C. in 1925.

It would of course have been interesting and valuable to extend this compilation beyond 1953, but since the Proof Books ceased to be retained after that year, there would be no source of illustrations or usage data beyond the Editor's own collection, which although adequate, is not definitive.

It would also have been interesting to have included the multi-office usage of the 1912-53 period, where much data and illustrations are available, but since so much of this material has been presented in the prior 49 issues, it would be redundant to substantially increase the size and costs of this issue by including them.

It can be noted that there was proprietary slogan use at 131 offices during this period, with the larger offices dominating the number of slogans, but many quite small offices are also represented, although many of them with only a single slogan, very often advertising an "Old Boys" or "Old Home" reunion, as being the only local events worthy of advertisement.

It has taken the Editor a good deal of time and tedious effort to compile this work, but fortunately he has very little else demanding his attention, and it has been well worth the effort to make available to the membership a body of information that probably does not exist elsewhere, and is hopefully of real interest and value to the few, but elite, members of our Group.

CHEST X-RAY FINDS EARLY T.B. FREE CHEST X-RAY - unusual CALGARY PB use, as CALGARY had a PB machine from 1945, reserved for special purpose, but used it for this die, which was then sent to EDMONTON for 1947-48 use, probably because the PB machine had other priorities.

SEPTEMBER-SEVENTH TRANS-CANADA HIGHWAY  
CELEBRATION MANITOBA-ONTARIO BORDER  
requested for Winnipeg use with KENORA - LAKE OF  
THE WOODS added. The P.O. would not accept it  
unless usage was at KENORA, but KENORA had a  
Columbia machine and a die for it was much more  
expensive than a U die, so WINNIPEG use was  
adopted with the KENORA reference omitted
