

ILLUSTRATED PERMITS to SEPTEMBER 30, 2024 U TO Z

**Not the actual size nor to scale**

Mike Street suggested I put a note that an item has just appeared on the list. This will be “Aug or Sept 2024” in front of each new listing. In March 2021, he suggested that from then on we leave the dates of the first appearance on the list permanently.

**NOTE**

**There are NO unilingual English or French Permits.**

**If the corner card/advertising is in French or if the Permit has French 1<sup>st</sup> - MENTION IS MADE.**

When was the last time someone you didn't know stood by you? You received help "just because"? That generosity happens every single day for students at Western. And it happened when you were here too.

Nearly every part of your Western experience was touched by alumni giving – from library resources to athletic programs, study spaces to bursaries. Alumni

## Promote your organization with custom indicia

Canada Post has given marketers more real estate for promoting their organization. The upper-right corner of an envelope, self-mailer or postcard can now be used for marketing purposes. Indicia for lettermail and addressed admail can be customized to display an organization's logo, products or services, or marketing messages. The templates for custom indicia are available from Canada Post's website.

Each custom template is composed of reserved elements, the customer number, and the customer visual area. The reserved elements are:

- the perforated border
- Canada Post's logo
- the service name

The customer number is to be inserted in a sans serif font such as Arial or Myriad; the number should be between 2 and 5 mm tall. The visual area is set aside for various kinds of elements:

- customer logo
- text
- graphic or image

Customers need Canada Post's approval of their proposed artwork before applying it to any mailings. Once approval is obtained, the indicia may be used any number of times. Approval is obtained by emailing a copy of the completed artwork to the following address: [customizedindicia@canadapost.ca](mailto:customizedindicia@canadapost.ca). Most organizations will have little difficulty in arranging approval, since the general guideline is that images and text must be suitable for family audiences. Canada Post does, however, reserve the right to refuse any proposed artwork at its sole discretion. For assistance in creating the customized indicia, obtaining approval, or using the artwork in a mailing, contact your Lowe-Martin representative or email me at [joe.goski@LMGroup.com](mailto:joe.goski@LMGroup.com).
