

REGULAR ISSUE SPECIAL LETTER ENVELOPES

These envelopes prepaid the postage plus the additional Special Letter Mail (previously the Special Delivery) fee. The red envelopes were used for delivery within the originator's Postal Code area. With the exception of Ontario, which has two postal zones, this covers the entire province. The blue envelopes were for use anywhere in Canada outside the originator's postal code zone. The Special Occasion envelope could be used anywhere in Canada. These were replaced in 1993 by XPRESSPOST.

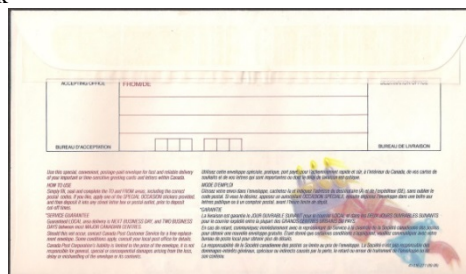

ENVELOPE SIZES AND FLAP
 The large size envelope is 305 x 229 mm. The flap is on the side.
 The small size & Special Occasion envelopes are 244 x 140. The flap is at the top.

PRIVATE ORDER SPECIAL LETTER ENVELOPES

These SPECIAL LETTER envelopes were produced by the Post Office for the use of provincial governments or their agencies, and for large private users such as Edmonton Telephone and Air Canada. They were generally not available to the public in an unused form although some have appeared on the philatelic market. **GO LETTER** is the designation for Government of **Ontario LETTER**.

See page 52 for OFFICIAL SPECIAL LETTER ENVELOPES used by the Federal Government and its Agencies.

WORKERS' COMPENSATION BOARD GO LETTER

SL501 Front and back

1990 Overall pattern of white and black W.C.B. Logo. Form number 4054C (10/90) on the front reading upwards at the right. Only known with brown WCB Logo and return address.

SL500 Red, 306 x 230.....	50.00	25.00
SL501 Red, 306 x 230 (W)	50.00	25.00

TRILLIUM LOGO GO LETTER

There were a number of these envelopes. Overall pattern on the envelope of white and green trilliums. No form number on the outside. Later envelopes have hidden printers' or docket numbers. These numbers are NOT noted but we mention that they occur. These envelopes are known with a return address added, with a handstamp or without any return address. The addresses appear to have been applied after the post office supplied them to the Government of Ontario (GO).

There are at least 300 different envelopes including all the various "SL" numbers. A listing of these is outside the scope of WEBB but can be obtained from Earle Covert. Thanks to Chris Ryan for many of the listings.

GUARANTEED ON SL520 to SL528 IS 44mm.

Some illustrations are shown in black and white as there is not enough contrast to read them in colour.

LETTERMAIL SELFMAILERS

These items were originally private order items, each done for sale by a specific company. Eventually they were sold through certain Canada Post outlets across the country. The first three items did not carry any identifying corporate text.

LM1

1997 CD MAILER

Advertised and sold through HMV (a chain music store) in Ontario and Quebec as a test market in December 1997 and early 1998. By May of 1998 they were in HMV stores elsewhere in Canada. By 1999 they were available at certain Canada Post outlets.

LM1 Multicoloured, 189 x 172 mm..... 4.00 3.00

LM2

LM3

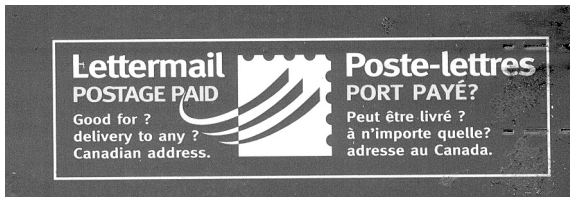

1998 PHOTO MAILER

Sold through Japan Camera outlets in Ontario and Quebec in December 1998. In 1999 LM2 and LM3 were sold in Canada Post outlets throughout Canada.

LM2 Multicoloured, 219 x 164 mm..... 3.00 2.50
 LM3 Multicoloured, 206 x 149 mm..... 3.00 2.50

LM4

Error showing four “?” as printed on LM4 (shown in black and white)

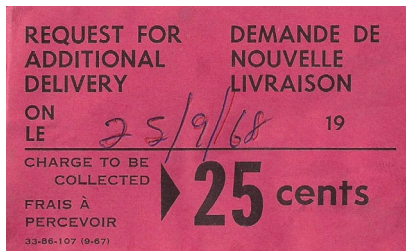

Correct self-adhesive label as applied to all the LM4 mailers on the flap

BLACKS PHOTO MAILER

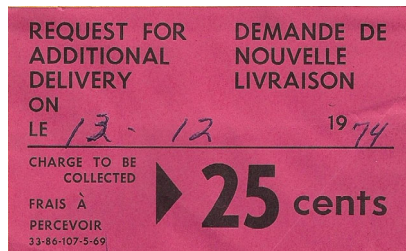

Sold in Blacks throughout Canada for \$1.99 The self-adhesive label with “Lettermail Poste-lettres Canadian address. adresse au Canada.” All had a label to cover the four “?” in error (see illustration.) These labels can be carefully removed to show the error without traces of the label, thus error self-mailers are **not** worth a premium.

How to use the flat rate box

- 1) Fold and seal box flaps on one side of the box using the pre-applied self-adhesive strip.
- 2) Pack contents securely without changing the box shape. Ensure contents are properly cushioned to prevent movement. Do not include non-mailable items. This box has a maximum weight of 5 kg (11 lb), including packaging materials.
- 3) Seal remaining box opening as in step 1.
- 4) Complete the address label where specified and retain the customer receipt portion.
- 5) Deposit in a street letter box (where size permits) or at a post office.

Comment utiliser la boîte à tarif fixe

- 1) Plier et sceller les rabats d'un côté de la boîte à l'aide de la bande autocollante déjà apposée.
- 2) Emballer le contenu de façon sécuritaire sans avoir à changer la forme de la boîte. S'assurer que le contenu est bien matelassé pour qu'il soit immobile dans la boîte. Ne pas inclure d'objets inadmissibles. Cette boîte a un poids maximal de 5 kg (11 lb), en incluant le poids du matériel d'emballage.
- 3) Sceller l'ouverture restante de la boîte comme à l'étape 1.
- 4) Inscrire les renseignements requis sur l'étiquette d'adresse et conserver la portion du reçu du client.
- 5) Déposer l'envoi dans une boîte aux lettres publique (si les dimensions le permettent) ou à un bureau de poste.
