| Xpresspost For Commercial Use  | <b>XP-CU</b> |
| US XPRESSPOST  | <b>XP-US</b> |
| International – Europe Zone then International XPRESSPOST                    | <b>XP-IN</b> |
| Private Order XPRESSPOST   | <b>XP-PO</b> |

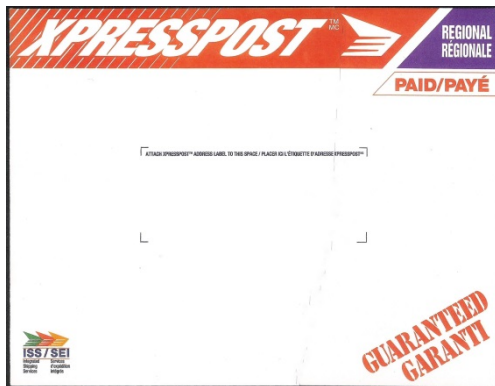

**In the few cases where the categories overlap – as US and VentureOne to the US – we list them in both of the separate categories.**

### REGULAR XPRESSPOST ENVELOPES

Initially in 3 sizes which are: - Standard size 245 x 150mm Letter size 330 x 255mm Pack size 397 x 305mm

Roulettes on the flaps of most of the Standard and Letter size envelopes are in 2 patterns. When viewed from the back: -  
**Flap/Roulette A** / \ / \      **Flap/Roulette B** \ / \ /      **SEE PAGE 147**

All product numbers and dates are on the back of the envelope. **ALL 3 SIZES XP1 TO XP10 ARE MADE OF HEAVY PAPER.** With the initial 3 sizes of envelopes the hidden printer's or docket numbers may be seen by using a bright light to look through the envelope. They are printed at each end of the envelope or along the centre back seam. These docket numbers and the inside and hidden numbers are **NOT** listed as they are beyond the scope of this catalogue. We merely note they exist.

**1995 REVISED DESIGN & SIZES** “XPRESSPOST” moved to bottom.

<b>The new sizes are: - Standard size</b>	<b>260 x 153mm</b>	<b>Letter size</b>	<b>317 x 242mm</b>
---	--------------------	--------------------	--------------------

The LETTER size is now made of card stock and has no roulette on the flap. The STANDARD & PACK are still on heavy paper.

The new roulette on the STANDARD size when viewed from back is: -	<b>Flap/Roulette C</b>	Λ / \ Λ
<b>FLAP/ROULETTES ARE ILLUSTRATED Page 147</b>		

On the Standard and Pack size the hidden printer’s or docket numbers may be seen by using a bright light to look through the envelope. They are printed at each end of the envelope or along the centre back seam. However, the cardboard on the Letter size is too thick to allow this see-through viewing. On the Letter the side flaps must be **CAREFULLY** peeled back in the correct places to allow the numbers printed on the back of the envelope to be seen. **WE DO NOT LIST THESE NUMBERS. IN SOME CASES IT IS VIRTUALLY IMPOSSIBLE TO OPEN THE ENVELOPE WITHOUT DAMAGING THE NUMBERS.**

The "hidden numbers" on the Letter size are now located inside the back of the envelope in a large dot matrix black type in the following format: DD/MM/YY HH:HrMi J#XXXXX where HH = Hour, MM = Month (01 to 12), YY = last two digits of the year, and X = a number. Whereas the DD/MM/YY appear to be the same, there are a number of hours spread in the Hour and Minutes. In some cases the DD may spread over 2 consecutive days.  
**No attempt is made to list the different DD/MM/YY HH:HrMi J#XXXXX which have been found.**

The XPRESSPOST items were introduced with the new logo and “ GUARANTEED / DELIVERY” (in semicircle at top), “Prepaid/Prépayé” (across the centre) and “LIVRAISON / GARANTIE” (in semicircle at bottom) on the front. THE SPACE DESIGNATED FOR THE NEW STYLE LABEL IS ON THE BACK. The numbers are the same as the previous issue with the addition of **PSP** after all the numbers. The numbers and bar codes are all in blue.

The packs have pointed corners and the self-adhesive is on the flap. The interior of the LETTER size is white or brown.

XP80a Front and back with open flap

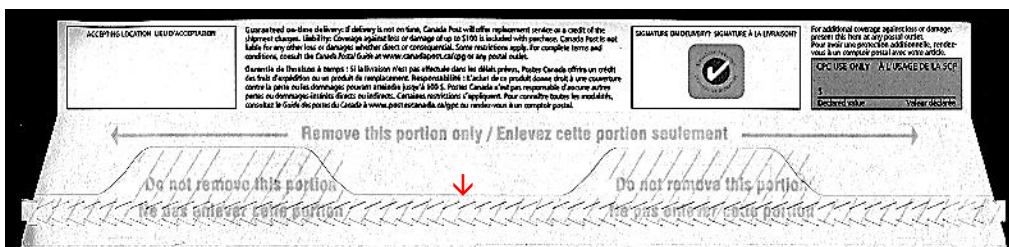

There are three types of peel off patterns on the top sealing strip. Standard sizes are shown but Pack sizes are similar.

TYPE X Square end of die cut on flap - see red arrow

TYPE Y Sloping end of die cut on flap - see red arrow

**TYPE Z On Pack size Sloping end and multiple parallel sloping lines - see red arrow**  
**SEPTEMBER 2004 BLUE AND RED LOGO AT LOWER RIGHT, INDICIA WITH "XPRESSPOST"**  
**ADDRESS PRINTED ON ENVELOPE, RECEIPT TEAR-OFF ON EDGE OF FLAP**

"PULL HERE TIREZ ICI" on flap with barcode of the product on the flap and the receipt to be torn off the flap. Tracking barcode and address printed directly on the envelope. A number of these have transparent Mylar strips covering the "PULL HERE TIREZ ICI" strips on the flap as these were apparently falling apart. These strips were also used on the sides of the Packs in many of the PRIORITY COURIER and XPRESSPOST.

**DATES / FORM NUMBERS AND HIDDEN MARKS**

If a number can be seen from the outside of an unused item it is given a WEBB number.  
 If you have to pry it apart, or look inside, or look through it with a bright light it is **NOT** given a WEBB number.  
 If you have ever taken apart a cereal box you will find all sorts of markings hidden under the edges.  
 These are examples of hidden markings under the edge of a Priority Courier envelope (top) and an Xpresspost envelope (bottom).  
 The colours depend on what is printed on the envelope. The pressman uses this to assess if all the colours are printing properly.

USPM2 Front and back

For use only to the United States as a test from October 14, 1997 and originally scheduled to the end of December 1997. It was extended through the end of January 1998. They were sold only in Vancouver, Calgary, Toronto and Montreal. In some RPOs they were very hard to find, and in others they were vigorously promoted.

Almost completely bilingual. The box on the sealing side states “**Product Prepaid by Canada Post Corporation**” in English and French. Blue, red and white in 2 sizes. A self-sealing pull-off strip is on the flap.

## XPRESSPOST BOXES

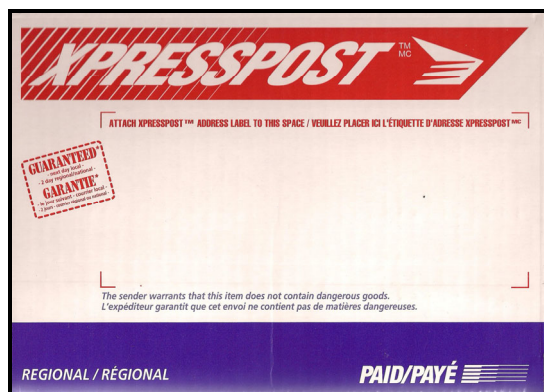

These Prepaid boxes were used to send literally whatever could be stuffed in them.

The sizes of these new BOX XPRESSPOST are: -

DOCUBOX	458 x 318 x 76 mm
LARGE BOX	310 x 286 x 152 mm

### 1997 XPRESSPOST BOXES.

The boxes were displayed and sold in a knocked down state. The peel-off sealing strips (with English printing only) were inadequate to keep the boxes closed with much in the box. Therefore most used boxes will have tape on them. **The barcode is in red.** No hidden numbers have been found on the boxes. The boxes are dated, with "97" in the centre of 11 numbers on a "clock face." All the boxes with the red bar codes have "4" missing. This indicated manufacture in April 1997. The boxes appear to have been made by "Bell Paper Box, Inc., Sioux Falls, South Dakota."

**NOVEMBER 2000 FESTIVE XPRESSPOST**

(Reissued Nov 2001 with the 2001 Festive XPRESSPOST but there were no 2001 boxes issued.)

Seven items (including boxes) were released in selected ROSS (the main corporate offices computer system) offices. The Boxes had the same front, back and sides with a dark blue background with a snowman in white with a gray tuque with red trim and tassel and a red scarf. There were multiple sized snowflakes composed of three white lines. The ends had the snowflake pattern continued. The boxes had a small clock face with 00 in the center and 9 missing. All the numbers were in blue.

The boxes all had a bar code label with the item number minus the "IF/" and a corrected bar code. These labels can easily be removed and show the bar code of the regular (non-Festive item).

**NOVEMBER 2001 FESTIVE XPRESSPOST**

In 2001 the new items were released in all corporate offices and some RPO offices. The boxes have multiple small coloured pictures, stars, and “Season’s Greetings!” plus “Meilleurs voeux!” on a cream coloured background with a clock face with the “10” missing and “01” in the center in blue on a flap and the same coloured picture and wording design continued on the sides and ends. The peel off strips have multiple lines alternating English and French.

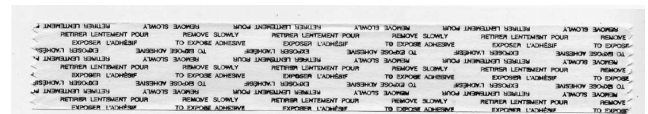

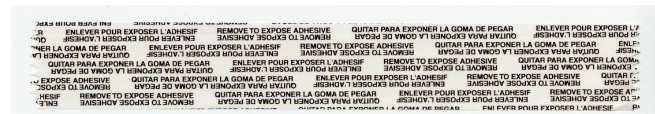

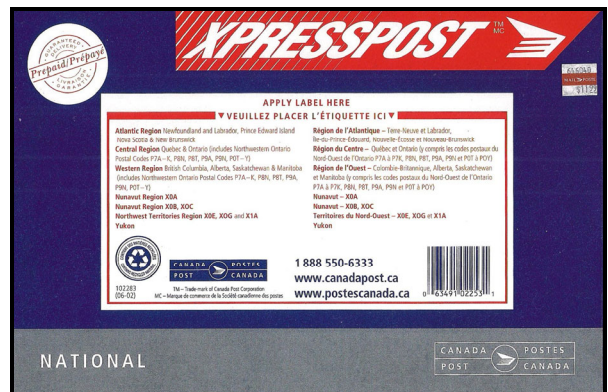

For the first time, bubble envelopes and boxes were released for use to the USA as United States Postal Service PRIORITY MAIL. The address sides of these items have “CANADA / POST” winged logo “POSTES / CANADA” with Postage Port / Prepaid Prépayé” in a rectangle. There is also space designated for Canada to USA Customs Declaration LABEL (CN23). The previous year’s design Festive items reappeared in many Post Offices.

**NOVEMBER 2001 FESTIVE XPRESSPOST**

In 2001 these items were released in all corporate offices and some RPO offices. The bubble envelopes have multiple small coloured pictures, stars, and “Season’s Greetings!” once plus “Meilleurs voeux!” twice on a cream coloured background. The bubble envelopes have a clock face with the “01” in the centre and “10” missing (01/10) in blue on the back under the sealing flap. The peel off labels on the bubble envelopes are blank white. For the first time, bubble envelopes (and boxes) were released for use to the USA as United States Postal Service PRIORITY MAIL (with this on a barcode label.) The address side of these items have “CANADA / POST” winged logo “POSTES / CANADA” with Postage Port / Prepaid Prépayé” in a rectangle. There is also space designated for Canada to USA Customs Declaration LABEL (CN23).

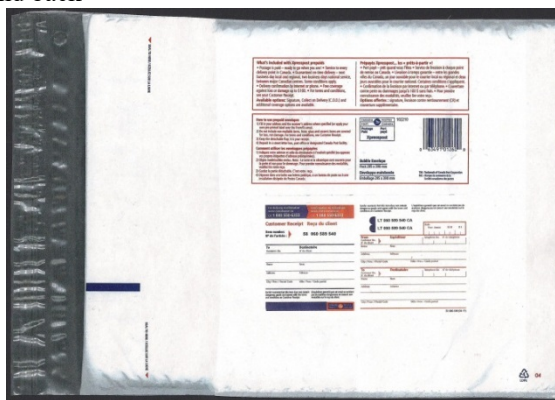

The previous year’s design Festive items reappeared in many Post Offices.
