Klaus Wehlt will present on "Newfoundland - UPU Specimens, an Update"

ORAPEX May 3-4 2025: We will again be attending the ORAPEX show in Ottawa (see flyers below) and will have a Study group session on Saturday May 3 at 11:00 am. Details will follow. If you would like to present at this meeting, please let me know ASAP with your topic. This is a great way to engage with the public and other collectors to promote the hobby and BNAPS and our Study Group.

From Jim André: I have begun an informal census of off-cover multiples (three or more) of the 3c Victoria from the Newfoundland 2nd Cents issue, Scott #33, 34, and 39. My sources of information have mostly been the auction catalogs I've found online, with the Eastern Auctions catalogs being the most useful so far. I know there are potential sources I have not had access to. I will mention this effort and request assistance from the attendees at the upcoming Newfoundland Study Group Zoom meeting on March 1st ?

Earl Noss sent this re-entry example on Sc30 position 18. It is listed on Trimble's re-entry site. Note the smudge in front of the bow of the ship. The lower image is a proof image provided to Trimble by R. Maresch & Sons. A stamp worth looking for.
