

THE NEWFIE NEWSLETTER
of the Newfoundland Study Group of BNAPS

Number 3

January/February 1986

We continue with the list of Twentieth Century Post Offices of Newfoundland. This time we begin the second round. The dates of operation for Abrahams Cove through Chance Cove West are included in this issue of the Newsletter. Look over your collection and compare with this list. Please notify Palmer if you can confirm a year of operation not on the list. Send a photocopy if possible to Palmer Moffat, 4542 East Camino de Oro, Tucson, Arizona 85718 USA.

Most members of this group have paid their dues. If there is a red check at the bottom of this page, your dues are due. Dues are \$3.00 a year in U.S. funds or \$4.00 a year in Canadian funds. This will be the last "complimentary" newsletter.

A Correction

Bob Pratt is looking for a 1 cent provisional on a 3 cent Queen Victoria used earlier than 19 October 1897 not 16 October 1897 as previously reported. Send a photocopy of any strike earlier than this date to Robert Pratt, 7912 North Beach Drive, Milwaukee, Wisconsin 53217 USA.

Another Project

Richard J. Wendt of 215 West Elmwood, Clawson, Michigan 48017 USA is interested in exchanging information on the "235" cancel. He would appreciate receiving photocopies of any covers bearing this cancel including backstamps from any study group member.

BACKGROUND INFORMATION FOR REPORTING N'F'L'D DATE STAMPS by Palmer Moffat

The year dates shown for each post office indicate that the office has appeared on one or more source lists and/or that a date stamp has been seen on stamp, piece or cover for that year. It does not necessarily mean that the office was in operation.

The "districts" shown in most cases are the electoral districts into which Newfoundland was divided during the period 1900-1925. A general revision of these districts was made in 1925 and some additional districts were added in subsequent years. Please use the district abbreviations purely as a geographical aid to locating the town.

The following comments apply to the "outport" offices - those outside of St. John's.

OUTPORT DATE STAMPS: The most common date stamp type used in Newfoundland between 1900-1949 was the split ring, or broken circle type. Almost every town used this type at some time during the period. As of now, it appears that the split ring was the only device used in most towns. The double broken circle type was used in the early 1900's by a very few towns. Other types seem generally to have had limited usage except for the circular date stamp. This type was used almost exclusively in HARBOUR GRACE from about 1919 on, and to a lesser extent in GRAND FALLS. The duplex style used in the outports was current at the turn of the century. The only town I know of, at this time, which used the duplex type are: AVONDALE, CAMPBELLTON, CORNER BROOK, HODGES COVE, LANCE BROOK, NORRIS ARM, NORRIS POINT, TIZZARD'S HARBOUR, and TRAYTOWN.

The rectangular date stamp appears to have been in continuous use for limited periods in a relatively few offices. It was used mostly from 1918-1937 with some further use into the early 1940's.

The large oval also had continuous use in a relatively few offices from about 1926-1935+. Two notable exceptions are CARBONEAR in 1906 and ST. ANTHONY, R.N.M. in 1913.

The double outer circle came into use about 1930.

The single outer, single inner circle date stamp is solely (?) CORNER BROOK from about 1941 on.

Machine cancels do not appear to have been used outside of ST. JOHN'S and ST. JOHN'S EAST until the late 1940's.

Straight line markings come as one line, two lines, and three lines. Of those I have seen, only the three line style has a dater.

Roller cancels are not properly date stamps, as they have no dater. However, several towns used them with the town name shown, so they are included.

The following are typical examples of some outport date stamps with suggested reference numbers. There are many variations of size, composition and letters, etc.

Devices not included: Some areas have already been studied in depth, such as RPO's and TPO's - Lew Ludlow; special event cancels like Royal Landing - Graham Noble; and the North Sydney Sorting Office - Ron McGuire. In addition, military post offices, First Flights, First Day and similar markings are not included.

DATA REQUESTED: Please report date stamp uses for:

1. Any not shown on the date list.
2. Any date stamp types other than type 1, but do report type 1a.
3. Earliest date of Post Offices that opened after 1900.
4. Latest dates of Post Offices that closed before 1949.
5. Special devices, such as Money order division, Registration, etc.
6. Any town not on the list. It can happen! and has!

Please do not send any St. John's G.P.O., branches or sub offices at this time.

My thanks to the 3 reporters who have already sent in xerox copies of their holdings!
