**NEWFOUNDLAND STUDY GROUP ANNUAL MEETING, BNAPEX 2001**

Group advised N.R. Dyer not available because of cruise trip. John Walsh, of St. John's, Newf'd. praised for his Gold award at the A.P.S. Show in Chicago, the previous week for *Newfoundland 1897-1918 Royal Family, Dead Letter Seal*. Welcomed group members – about a dozen. Election of officers – Norris (Bob) Dyer elected as Chairman and Martin Goebel as Treasurer for 2002 – vote by acclamation. Group was asked if they had any suggestions for improvement – none voiced. More articles sought for Newfie Newsletter. Colin Lewis, of Swansea, U.K. was presented to group as frequent contributor. Current membership is 74. Group advised that mailing addresses will be published in roster. Sammy Whaley, was introduced as featured speaker and he gave a wonderful talk on early Newfoundland stamps on cover. He is researching Cents covers to update/improve Robert Pratt's 1989 census. He would like to see copies of any covers members have. Send information to Sammy at P.O. Box 235, Opp, Alabama, U.S.A. 36467. At the end of the 1½ hour meeting all agreed the time had been well spent. – *Don Wilson*

**THE ONE-CENT RED VICTORIA, ROYAL FAMILY ISSUE**

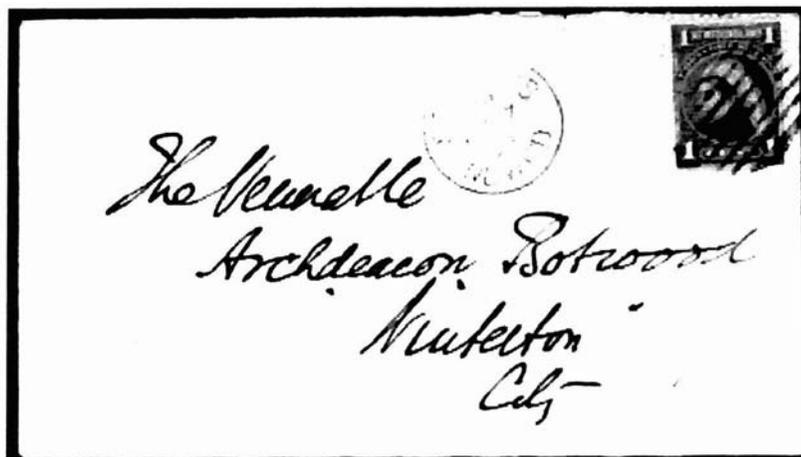

As a follow-on to my short article about the one cent green Cabot issue in Newsletter #90, I now offer comment on the short-lived one-cent red of the Royal Family regular definitive issue of December, 1897. There had long been a need for a new one-cent issue as borne out by the early exhaustion of the Cabot one-cent (late September, 1897) and the subsequent one-cent on three-cent surcharges, and the provisional "PAID ALL" handstamp usages. The Royal Family stamps were designated a definitive issue, unlike those of Cabot that were classed as commemoratives.

The Royal Family one-cent red is recorded as having been on sale on December 4, 1897. One of the key purposes of the stamp was to pay the one-cent drop letter usage at St. John's. Amazingly, it is quite a difficult stamp to find on cover, paying early usage of the drop letter rate.

In order for this stamp to be found paying the rate within the correct period, its usage must be between December 4, 1897 and June, 1898. It was in June that the colour of the stamp was changed to green to comply with the UPU conditions of membership.

The earliest use I have is the cover below that was mailed at St. John's on February 7, 1898, whilst your esteemed editor has one dated February 9, 1898. We would be interested to hear from any member who has a cover pre-dating these and would love to learn that someone owns an ultimate cover dated December 4, 1897.

This particular cover would make a nice addition to a Religious Topical, or as we say across this side of the "pond", Thematic collection. As well as its obvious addressee it has a nice motif of the "Diocesan Synod of Newfoundland 1871" on the reverse. – Colin D. Lewis, Swansea, U.K.

**TERRY HARRIS' EXHIBIT – NEWFOUNDLAND FISCAL STAMPS AND USAGES**

One of this year's top Newfoundland exhibits has been that of Terry Harris. It won a Gold and Reserve Grand at ORAPEX, in Ottawa last May, and a Gold at Stampshow2001, the APS show in Chicago in August. His exhibit contains traditional as well as non traditional elements – the regular 16 pages to a frame material and as well as a display of actual items on which Newfoundland fiscal stamps have been applied. Terry lives in Kilbride, Newfoundland. He is a BNAPS member and may be joining our study group as member, soon. The next four pages display a small part of his exhibit. His title page, below, has been condensed to fit into the space available.

**NEWFOUNDLAND  
FISCAL STAMPS AND USES**

In 1898, the Newfoundland Government decreed: *All Revenues collected for and on behalf of the government of Newfoundland shall be payable by stamps.* All business transactions such as registering of deeds, births, marriages, deaths, etc. were included as well as any bills paid by cash, cheque, promissory notes on bankers, bills of lading, transportation tickets, boiler inspections, tax on tobacco products, money orders, etc. Any and all monetary transactions were included with no exceptions.

This exhibit shows the various stamps issued by the Colony for the purpose of collecting fees and taxes on behalf of the Government. Also demonstrated is proper usage as intended by law. Regular postage stamps are shown because they were used for the same purpose of revenue collection. Other stamps used to indicate payment of the tax charged and collected included: Tobacco, War Savings (used for fund raising purposes), Custom Duties, Money Order, Transportation and Beer stamps.

To help explain this utilization for purposes of collecting taxes, usage on documents and explanation of the rates charged is presented. These rate studies are from original research at the Newfoundland Archives and other sources. Through this display are *discovery* items of limited availability.

These important items are tagged.

Some tobacco tax items are shown via their proper usage on product tins, bottles, packages and bags. The *new area of discovery*, Plug Tobacco wooden boxes, which were also found to be stamped for taxation, are presented.

Featured in the display is a brandy bottle from the Newfoundland Liquor Board. It shows the *original discovery* item of a pair of the ten cents relief tax stamps.

**1963 Provisional Issue**

For a short period of time in 1963, there was a shortage of five cent stamps. The Assistant Deputy Minister of Finance, C.W. Earle, was given permission to overprint the 25¢ green stamp from the issue for document usage until the new supply arrived. The stamps were overprinted using an orange wax pencil. Only 300 stamps were overprinted.

Capacity: 25 stamps

**NEWFOUNDLAND WAR SAVINGS STAMP CARD**

( 25 ten-cent War Savings Stamps to be affixed in the spaces shown )

**WAR SAVINGS & NATIONAL SAVINGS STAMPS**

The Newfoundland Government through the medium of the Newfoundland Savings Bank, in order to raise money for the war effort, organized a National War Savings effort mainly to encourage school children to save a portion of their money. The stamps were sold throughout schools and post offices and place on cards by the purchaser until the amount of \$2.50 was accumulated. The card was then forwarded to the Savings Bank to be redeemed for a War Savings Certificate, registered in the name of the owner, on which interest would accumulate. In 1947, with the end of hostilities, the wording on the stamp was changed from War Savings Stamp to National Savings Stamp. The color was also changed from blue to red. In lieu of cards with spaces for 25 stamps, booklets were issued which contained space for 150 stamps or \$15 on 6 pages. As each page was completed they could be redeemed for the amount plus 3% interest.
