St. Charles was another successful Convention. I met many friends. We had a Revenue Meeting with 12 Members. Fritz Angst made us all very envious with his wonderful showing of his proofs of TAX PAIDS. There were 2 Revenue exhibits in the Exhibition. John showed his Saskatchewan Revenues getting a silver award - I showed Colonial Revenues, Supreme Courts and En Prize getting a Vermil.

Over the past few months I have been working on the cigarette/cigar cancellation collection and am finally beginning to put some fairly good dates on the numeral cancellations. The enclosed is just a list of cigarette manufacturers with their various brands (a sort of a side-light from the dating efforts). Perhaps it might be of interest for the newsletter. I would really like some feedback from the tax-paid people.

I have been trying to reconstruct the various companies, their corporate acquisitions, and the brands produced, as formed from my cancellation collection. As a non-smoker this is not first hand information, and I would appreciate any help, additions or corrections. e.g. Where were Port 17 and Port 80 in Ontario?

The small 5 cigar stamps from Benson & Hedges (34-10D) used a numeral month/year combination i.e. 5-0 or 5-1 for May 1960 and 1961 but then switched to an alphabetic coding PY-C; PP-C; PA-C. If they kept to their numerical system this should be month/year with P for 1, A for 2, and Y for 0, to give 10, 11 and 12 (Oct/Nov/Dec). My most complete year is C-K, D-K, E-K, G-K, I-K, K-K, L-K, P-K, PA-K, PP-K. From other years I can add A-K and PY-K (which I haven't yet located). In 1965 or 66 they went to the small black 5 cigar stamp at E-G, F-G, and PP-G so G should be 5 or 6. For Year Codes, I have A, I, K, N, C, and O (2,3,4,5,6?). It's like the New York times Sunday Crossword dragged out over many years. I feel it is a ten letter code word (0 to 9) but I just haven't been able to figure it out - something like PAGICKENDY - which makes no sense. L, E, and N have not turned up as year codes so I feel they are 7, 8, 9. As I say it is a lot of fun and somewhat of a puzzle. What I require is to fill in the years. There are now 54 different in the 6 years. Then to complicate everything I have come up with A-B in both the imperf and perf varieties. B just doesn't fit anything. Mayhaps I am on the wrong track, or is B a printer's error?

An interesting item submitted by Earl Jovant, a series of four of the British Columbia Motor Vehicle Search Fee.
