Vol. 22
No. 4/97
October, 2000

I was hoping to get Issue 97 in the mail during September following BNAPEX, but it was on my diskette in August in draft form and then my venerable TI notebook decided to eat its hard drive which took down one of my diskettes, naturally the one with this issue on it. Recovery may be possible, but until that happens I'll try to reconstruct herewith. If I've overlooked something you contributed, please forgive. We all had a good time at Schaumburg and I got to meet some new faces. My only disappointment was there were not very many dealers present, the overvalued US currency (thank you Mr. Greenspan) probably contributing

We've been told by our Hon. Secretary that Gary Arnold has reapplied for membership in BNAPS. Gary has maintained his interest in Admiral Squared Circle strikes and covers. Glad to have you back, Gary

Jim Felton sent the very crisp looking 2c red with Kingston III, the tips of the ON just show on the perforations

Comments:

I have five examples: One is the ERD--the exact same date as proof strike--a nice strike on facing slip paper. Acetate overlay is exact for WINNIPEG/CANADA, but the date is slightly off. The 4 others are dispatching cancels on Reg'd. covers AU 1/28 to OC 13/28. In these 4 1928 covers, note 2 constant breaks in all 3 rings beside left side dot.
