## **STRIKES ON THE JUBILEE POSTCARD**

Paul Grimm and I have been exchanging emails regarding squared circle strikes on the Jubilee postcard. To our way of thinking, this is a specialization area that has not been talked about very much over the years but certainly provides opportunities to assemble a significant collection of strikes on this postcard.

The 5<sup>th</sup> Edition Handbook included a listing GPC which denotes "Government-issue postal card, comprising several issues", In several instances in the individual hammer listings, a designation "Jub pc" was used. However, it is likely that, in many cases, a report of a strike on a Jubilee post card was simply noted as a 1c GPC.

The list below reflects the hammers for which strikes on the Jubilee post card have been reported, as of February 1, 2022. When you have a chance, please review your collections and report any examples not included in the list below.

## NANAIMO, BC STATE 2 ON AIRMAIL ISSUES

The Handbook/recent reports indicate strikes of the State 2 hammer on the 5, 6 and 7 Cent Airmail issues. In regards to the 5 Cent issues, the listing does not indicate whether reported strikes are on the C1 or C2, or both issues.

Brian Copeland reports several strikes on the C1 issue. Additionally, recent eBay listing included strikes on a C1 block of four (right), dated AM/MY 13/32 and on a C1 single stamp, partially dated ?/SP 15/3?.

In an effort to clarify the current Handbook report relative to strikes on the 5 Cent Airmail issues, please review your collections and report if you have any strikes of the hammer on the C2 Airmail issue.

## ERRATA – ANNEX ISSUE Vol. 42 Number 5/148
